A STATEMENT OF BAPTIST HIGHER EDUCATION VALUES

Since 1906, Campbellsville University has existed to provide higher education opportunities to men and women in an academically challenging Christian environment within the Baptist tradition. Under the lordship of Christ, the institution affirms historic Baptist and educational principles including: the priesthood of the believer, the authority of Scripture, freedom of conscience, integration of faith and learning, and the pursuit of truth.

The University continues to maintain very close ties to Baptist churches and other like-faith entities as it provides Christ-centered higher educational opportunities to a diverse student population.

Campbellsville University recognizes the diversity of God's creation and His infinite grace toward all people. God extends His love for all human beings through his Son, Jesus Christ. Affirming the good news of John 3:16 and Romans 10:13, the institution extends love for all humankind through a commitment to the Great Commission (Matt. 28:19-20; Acts 1:8) and the Great Commandment (Matt. 22:36-40).

Adopted: 2001; Revised: 2022

UNIVERSITY HISTORY AND PURPOSE

In 1900, the members of the Russell Creek Baptist Association, realizing the need for Christian education, appointed a committee to raise funds for the building of such a school. It was not to be “just another school” but one with a specific program and definite ideas with Christian ethics as its theme. Work by the committee continued and Russell Creek Academy was founded in 1906. The Academy grew and, as a result, became a junior college in 1949 named for the lovely community in which it is located.

In October 1957, the Board of Trustees at Campbellsville was authorized to execute its proposal of expanding the College to a four-year institution. In 1959, the Kentucky Board of Education approved the College for a four-year teacher education program. Campbellsville University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates, associate, baccalaureate, and masters. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the status of Campbellsville University.

On April 11, 1996, the Board of Trustees at Campbellsville approved an institutional name change from Campbellsville College to Campbellsville University. This change has and will continue to allow opportunities for the development of additional academic programs at both the undergraduate and graduate levels. It also enhances the institution’s ability to attract and retain high quality faculty, students and external support.

Campbellsville University is “not just another school.” It is distinctive because it specializes in character building. Campbellsville University strives for excellence in faith, in learning, in living, and in developing Christian leadership. Whatever you want to be, this is the place to “find your calling.”

MISSION STATEMENT

LETTER FROM THE PRESIDENT

Dear Campbellsville University Student,

Welcome to Campbellsville University! We are proud you have decided to invest your college years at CU!

I hope you are preparing to take advantage of the many opportunities that lie ahead during your college experience. Explore the variety of options and programs that are made available to you, and make these years “the best of your life,” as you “find your calling” at CU.

The *Student Handbook* is designed to inform you of university policies and provide answers to questions about student life. You should also review the [UNIVERSITY BULLETIN-CATALOGUE](#) as an additional source of information on policies and procedures that impact you as a CU student.

We are actively expanding and adapting our curriculum to prepare you for a dynamic future. New programs and facilities are being implemented to further the learning experience. Even more important, you are surrounded by staff and support systems to deepen and broaden your readiness for the next step. It is the people of this University that define who we are and provide the greatest opportunity and resource for you. They will be reaching out to you with encouragement and meaningful help; be sure you are connecting and taking full advantage of these relationships and strengths.

A good example of this support is our Badgett Academic Support Center (BASC). This is an incredible place of support, coaching, and resource that is here to help you succeed in your chosen field of study. So, remember to “Ask at the BASC.”

As it is stated in our Mission Statement and Core Values, we are committed to providing you with a quality education in an atmosphere that is academically challenging and focused on enabling you to become a servant leader. We encourage you to take advantage of Campus Ministry activities and grow in your faith, as you journey through your academic studies. I believe you will find this to be an inspiring place of joy and encouragement.

As our university community supports you, allow me to ask an important question. Are you willing to give of yourself in service? Christ teaches us to give of ourselves in service to others. This is the legacy of so many CU alumni who have passed through this great institution, and it is the beginning of a lifestyle that will shape you and those around you.

Thank you for choosing Campbellsville University as your place to study, learn, and live. May God bless you as you grow in scholarship and faith.

Sincerely,

Joseph Hopkins

Joseph Hopkins
President

A DECISIVE ADVENTURE

This handbook, in conjunction with the Campbellsville University Bulletin/Catalog, sets before you the University's plans and expectations for the year. This handbook is, in part, a tool for you in setting a conscious and deliberate path through this year. Our effort together here has much to do with those promises we make and keep with each other...a focused responsible action that increases life-long interest in learning and that increases confidence in approaching unfamiliar experiences.

Your success this year will depend not just on those things that you choose to do, but also will depend on those things you choose not to approach and include in your growth.

Learning takes place through many opportunities and in many settings at Campbellsville University. Students who are active both in their academic work and in a balance of extracurricular activities tend to be more satisfied with college life, tend to enjoy higher achievement and personal development, and are more likely to complete a degree. You will find a variety of activities to choose from in the following pages.

The Office of Student Services provides many recreational, learning, and service opportunities and is easily accessible to discuss choices, problems, and interests you may have.

Your college years should be remembered as exceptional, not just ordinary. Join in partnership with faculty, staff, students, and coaches in making a difference in our world.

CHRISTIAN ACTIVITIES

Church Life

The Campbellsville community has many active churches readily available to students, faculty, staff, and coaches. The friendly and energetic atmosphere in the churches provides a rich opportunity for growth and ministry. The Office of Campus Ministries works closely with local churches and bodies of faith to offer the most effective and holistic faith experience possible. The University encourages students to make involvement in the larger community of faith a priority in the college experience. Students are also encouraged to prepare for future leadership in church life. Churches in the area enthusiastically welcome student participation in their congregations, and Campbellsville University encourages all students to regularly attend the church of their choice. More information regarding local churches can be obtained via the Office of Campus Ministries.

Campus Ministries

The Office of Campus Ministry exists to create, provide and cultivate opportunities alongside local bodies of faith for the campus community to discover, maximize and express their faith life in a meaningful tangible way. In this effort the Office of Campus Ministries seeks to develop a broad range of opportunities for students to worship, grow as disciples, evangelize, be involved in ministry and fellowship. It is the hope of Campus Ministries to provide the needed assistance and resources to students that will lead to meaningful growth and the development of a missional mindset. Campus Ministries also provides support, training and resources to student-led Christian organizations, see page 39-41 for more information. Campus Ministries serves as the primary hub and coordinator for ministry activities on campus. STUDENT SERVICES

Student Services Philosophy

The Office of Student Services staff attempts to facilitate the student's adjustment to the University environment. The responsibilities of developing the student begin once a student is admitted to Campbellsville University. The registration/orientation sessions held in spring and summer, as well as at the beginning of the semester, serve to acquaint new students with the campus and university life.

The Office of Student Services staff works together with the academic personnel to provide not only a strong knowledge base but opportunities for personal growth and development of our students. A major part of the educational process is learning about self and how to relate to others. With this philosophy, the Office of Student Services provides services to students to enhance the uniqueness of each individual in his/her developmental process.

Activities

The mission of the Office of Student Activities is to provide Christ-centered avenues for all students to connect, engage and grow in a manner that holistically develops students to participate in meaningful community, leadership growth, and opportunities to exercise gifts and talents beyond the classroom.

Housing

Residence halls for our single students are managed by the Director of Residence Life located in the Heilman Welcome Center. Please refer to the "Residence Hall Guidelines" section beginning on page 16.

Campus Calendar

The Master Calendar of campus activities/events is kept by the Event Manager. All activities and meetings sponsored by administration, faculty, staff, coaches and University clubs/organizations, or off campus groups or individuals must be placed on the calendar. An Event Registration Form must be completed with the Event Manager before activities are placed on the Master Calendar.

Identification Card

All students **must** have an ID (identification card) to attend campus activities, to use the swimming pool and Tigers Den, to eat in the Winters Dining Hall and to attend open dorms in the residence halls. ID cards are made by the Office of Student Services. If a student loses his/her ID, another one can be purchased for \$25. ID cards are not transferable and will be confiscated if presented by anyone other than the person to whom the card was issued. Students are admitted to most campus activities and events with a valid CU student ID. Resident student must always present their ID before eating in University dining facilities. The Student Government Association and other campus clubs may make nominal charges for events they sponsor.

Enforcement of University Policies and Regulations

The Office of Student Services is responsible for enforcing the policies and regulations for students on campus. When these policies and regulations are broken, disciplinary action is taken. Details of this process can be found under Judicial Council Procedures.

RESIDENCE HALL GUIDELINES

All full-time Campbellsville University students **must** live in one of the University residence halls unless they are classified as a commuter (definition below). If the student is not classified as a commuter, they can request permission to live off campus and must meet the following criteria:

1. Be in good social standing with the University, having no current or prior semester judicial offenses, having a 2.5 GPA, as well as meeting **ONE** of the following conditions:
 - Be 22 years old or older.
 - Have completed 80 semester hours **prior** to the semester he/she is requesting to move off campus.
 - Or be a veteran of the U.S. military service.

A **resident** student is defined as a full-time student between the ages 17 to 26 who lives in University campus housing. A **commuter** student is defined as a student who is a dependent of a parent or legal guardian with whom he/she has physical residence, living within 40 miles of Campbellsville University's main campus.

English as a Second Language (ESL) students are not eligible to live off campus unless they are age 24 or older.

***Off Campus Requests for fall should be submitted no later than July 1 and for spring, no later than November 15.**

NOTE: Changing status from resident to commuter and moving off campus may affect and reduce financial aid. Students are encouraged to check with the Office of Financial Aid before making plans to change status and move off campus. Any student approved to change status and live off campus is automatically removed from the reservation list for a residence hall room and meal plan. Application forms to change status and live off campus may be obtained on the Campbellsville University Student Hub.

If a resident student discovers that she is pregnant, the University wants to provide her with support and resources to ensure the health of both the mother-to-be and the baby. Therefore, it is imperative that the mother-to-be inform the residence life staff as soon as the pregnancy is determined. The mother-to-be will be provided with the full support of the University's resources to find suitable off-campus housing that both protects her and the baby and enables her to continue her education as long as possible. It is best that the transition to off-campus living is accomplished by the end of the second trimester of the pregnancy.

Room Assignments

Room assignments are finalized by the residence hall staff with some priority given to previous occupants and in order of receipt of room requests. The contractual statement of the application must be signed and constitutes a binding agreement between the student and the University. Written request for specific room and roommates are honored whenever possible. **THE UNIVERSITY RESERVES THE RIGHT TO ASSIGN ROOMS ACCORDING TO THE BEST INTEREST OF THE STUDENT AND THE UNIVERSITY. Requests for private rooms are honored only if space is available.** In most cases, the student who has lived in the room for the longest period will have priority in assignment of that room. **The cost for a private room is an additional \$500 per semester.**

Room and Board Charges Per Semester For 2025 – 2026 School Year

Tier 1 = \$4,696 per semester	Tier 2 = \$5,281 per semester	Tier 3 = \$5,693 per semester

Residence Hall Check-In Procedure

See website for check-in instructions.

*Returning students will be expected to have classes scheduled before checking into residence halls.

Residence Hall Check-Out Procedure

Students **must** get approval from the Graduate Residence Manager before moving out of their room. Graduate Residence Manager will inform students of check-out process.

Student Requesting to Change Rooms

No room changes will be made without approval from the Graduate Residence Manager and Director of Residence Life. Students will have one week at the beginning of the semester to request roommate or room changes. After the first week, unless there are extenuating circumstances, students will be expected to remain in the room assigned until the end of the semester. To move after this date may result in a \$250 charge. To make a room change, a Room Change Request Form must be obtained from the Graduate Residence Manager, completed and returned. The Graduate Residence Manager will bring the form to the Director of Residence Life. Upon approval, the Graduate Residence Manager will be notified and, in turn, will inform the residents of the decision.

Care of Rooms

Each student is responsible for the care and cleanliness of his/her room/bathroom. He/she is responsible for keeping wastebaskets emptied, beds made and floors clean. In South Hall East Complex, Broadway Hall and Residence Villages, occupants are responsible for keeping their bathrooms clean and providing their own cleaning supplies. Weekly room checks will be conducted. **Fines will be assessed if room/bathroom is not**

satisfactorily clean. At the end of the semester, students will be charged **a minimum fine of \$50** for cleaning if rooms are not left reasonably clean.

The large trash cans located in the community bathrooms in Stapp Hall, North Hall, and South Hall West are **for bathroom trash only**. Each student is responsible for taking their own trash from their residence hall room to the closest dumpster.

The following electrical appliances are not allowed in residence hall rooms because of fire and safety hazards as determined by the Fire Marshal: electric skillets, air fryers, grills (electric or non-electric), hot plates, toasters or broilers, space heaters and live or artificial Christmas trees with strands of electrical lights (only battery-operated Christmas lights are allowed). **Anything with an open heat surface is prohibited. Hoverboards and chargers are strictly prohibited in the dorms. Neither candles nor incense are allowed in residence hall rooms.**

Small refrigerators (approximately 1-3 cubic feet), microwaves, TVs, stereos, computers, etc. are permitted in individual rooms. Power strips and surge protectors for these additional appliances are recommended.

It is prohibited to use nails, colored plastic, screws, Magic Mounts®, poster putty, tape or glue on walls, doors or furniture. Only Command™ Products or comparable designs are approved for use on walls. They should not be used on doors and furniture. All products must be removed upon checking-out and you may be charged for any damages caused by the products.

Keeping in mind CU is a Christian university, sexually provocative pictures (including calendars) are not to hang in the rooms or on the doors of the rooms. Decorative alcoholic beverage containers or posters/advertisements are not allowed. The appropriateness of these items will be determined by the Graduate Residence Manager or Residence Life Staff. Violation of this guideline will result in having items described above confiscated.

The blinds or drapes in individual rooms are to be closed at dark. Only fireproof curtains/drapes are to be used on the room windows according to fire marshal standards.

Policy on Unwanted Filming and Recording in Residence Halls

The unauthorized or non-consensual recording (including video, audio, or photography) of any person in residence halls is strictly prohibited. This includes, but is not limited to, common areas, hallways, lounges, and individual rooms. Engaging in such behavior may violate student privacy, constitute harassment, and in some cases rise to the level of a Title IX violation or other breach of the Student Code of Conduct.

Additional Guidelines for Students Living in the Residential Village Apartments:

1. Residents are responsible for their own cleaning of their unit. Housekeeping duties will be assigned by the Graduate Residence Manager and Resident Assistant.
2. Activities outside the house, in the yard or on porches, are limited in respect to neighbors and within University policies.

Premium Residence Halls: Village Apartments, South Hall East, Broadway Hall

It is a privilege to live in one of our premium residence halls. If a student is required to be seen by the Dean of Students for disciplinary reasons, the privilege to live in a premium residence hall may be jeopardized.

Furniture

All furniture must remain in your room/apartment. You are responsible for any damage done to the furniture in your room/apartment. During room inspections, the Resident Assistants will be checking to determine if all furniture is in your room. If any item is missing, you will be subject to disciplinary action and will be required to return the furniture to the room immediately. An inventory of the furnishings and the state of repair is taken at the beginning and end of each year and maintained by the Graduate Residence Manager. During the first week, residents are required to complete and sign the inventory and conditions of the room and furnishings form. No furniture may be removed from the room unless permission is granted by the Graduate Residence Manager. **NO FURNITURE CAN BE BROUGHT INTO THE RESIDENCE HALL WITHOUT BEING INSPECTED AND APPROVED BY THE RESIDENCE LIFE STAFF.** For the safety of the residents, beds are not permitted to be placed in front of windows. Residence Life Staff will monitor the placement of beds.

Lofting

No cinder blocks are permitted in the residence halls. Raising beds must be approved by the Residence Life Staff. Resident Assistants will check for compliance to this policy at each room inspection.

Keys

A residence hall room key is given to each resident student. That key is not to be duplicated and is to be turned in to the Graduate Residence Manager whenever the student moves out or leaves at the end of the semester. A lost key or failure to turn in key at the end of the semester will result in a \$100 charge.

Security for Residence Halls

Back doors of all residence halls are locked for security reasons. Front doors of all residence halls are locked for security purposes from midnight until 7 a.m. daily. Residence hall personnel will be on duty in the main lobby of all residence halls from 1 p.m. until midnight. The safety officer must open the door for late returnees after midnight. Residence halls are locked from midnight until 7 a.m. in an effort to protect students and to keep unauthorized persons out of the residence halls.

DOORS ARE NOT TO BE PROPPED OPEN FOR REENTRY. A resident who wishes to enter the building during safety hours may do so by presenting his/her ID to the Campus Security/Safety Officer at the front door or by using his/her key. **Students caught propping any door will be issued a citation and a fine of \$50.**

Safety Tips

1. Report immediately all suspicious activity or materials to the Office of Campus Safety and Security.
2. Always lock your residence hall room door (including deadbolt) when you leave, no matter how long you will be gone.
3. Always keep your vehicle doors locked and do not leave valuables visible.
4. Never walk alone at night; always have a partner; call the Office of Campus Safety and Security for an escort.
5. Never leave valuables (wallets, purses, phones, books, computers, iPods, etc.) unattended.
6. Record serial numbers and model numbers of all your personal items, such as TVs, stereos, computers, etc.
7. Remember, most crimes committed on most campuses are crimes of opportunity. So do not give crime the opportunity.

Security of Personal Property

To assure the safekeeping of personal property, student rooms must be locked always. The University cannot be responsible for loss of money or personal belongings within residence hall rooms or for automobile or personal property on parking lots. Efforts will be made to find items and/or investigate possible break-ins and thefts. Any missing personal items should be reported immediately to the Graduate Residence Manager, the Office of Safety/Security, or the Office of Student Services. A report will be made for Student Services' file and a police report will be taken if necessary. It is suggested that students bring a locked security box to store small valuables and write initials on labels of clothing. Students are encouraged to purchase their own personal insurance coverage.

Search and Seizure

The University recognizes that a search is an intrusive action. However, the University reserves the right to conduct a search on campus at any time. This search includes the right to search vehicles on campus. The Office of Safety/Security or Residence Life Staff seeks not to be arbitrary in performing a search; it is typically triggered out of concern about the behavioral choices of an individual or group. The University recognizes that a search risks creating a sense of disruption and distrust. A search may be conducted to dispel suspicion.

University staff members, particularly Residence Life Staff, in due course of carrying out their duties, are authorized to respond to any illicit item which may be in plain view anywhere on campus including student rooms and vehicles.

EXAMPLES INCLUDE: WEAPONS, EXPLOSIVES, AMMUNITION, FIREWORKS, ALCOHOLIC BEVERAGES, STOLEN PROPERTY AND CONTROLLED SUBSTANCES. PRESENCE OF ILLICIT ITEMS/CONTRABAND IN PLAIN VIEW MAY BE USED AS PROBABLE CAUSE AND IS A GOOD AND SUFFICIENT REASON TO PERFORM A THOROUGH AND IMMEDIATE SEARCH TO SEIZE

CONTRABAND. For example, the presence of alcoholic beverage containers, empty or full, in an open wastebasket may lead to a full room and/or vehicle search. Under stated guidelines for such search regular guidelines for search and seizure apply; the principles of courtesy and privacy are to be observed in managing a search and removal of evidence in so far as this is possible.

A search typically is performed by two staff members. Although it is not a requirement for conducting a search, it is generally preferred that the resident(s) of a room be present during the search. All others will be excused. The room door is to remain closed during the search. Any search must be reported by the Residence Life Staff to the Office of Student Services. If residents are not present at the time of the search, they are to receive written notice within 24 hours after the search is completed, listing item or items seized or removed from the room, and that a search was conducted. Residents are responsible for items found in their room.

At random times throughout the semester, the University reserves the right to have search dogs walk through the residence halls.

A search and seizure is to be conducted with strong regard for the privacy of the student(s) involved. Alcoholic beverages/controlled substances are to be placed in unmarked, closed containers before removal from the room. Any controlled substance may be turned over to local authorities.

Firearms, weapons, bows/arrows, hunting knives, or other deadly weapons are not allowed ANYWHERE on campus as described within the University's weapons policy. The University hereby reaffirms its ban on the possession of all such weapons and devices on University property subject only to the narrow exceptions under Kentucky law relating to concealed firearms.

Lost and Found

Any article found in the residence hall should be turned in to the Graduate Residence Manager. Found articles may be claimed upon presentation of proper identification of the article and evidence of ownership. Lost articles found on campus should be turned in to the Office of Student Services.

Personal Appearance/Dress on Campus

As a private Christ-centered university, the students at Campbellsville University are expected to display maturity in selecting a style of dress consistent with the purpose and mission of the institution. Appropriateness of attire is determined by time, place, and occasion.

While engaging in athletic and wellness activities athletic wear should be modest and shirts must be worn at all times. Staff may address issues as needed.

Laundry Facilities

Washers and dryers are located in each residence hall for residents' use. Coin operated machines are supplied and serviced by Jetz, a national laundry service to colleges and universities. **THE FACILITIES ARE TO BE USED BY THE RESPECTIVE RESIDENCE HALL STUDENTS ONLY! Washing clothes for people other than persons who live in the residence hall is not allowed.** Students using the laundry machines should be considerate of others and clean off the washer when finished and remove lint from lint filter of dryer. Abuse and/or breakdowns should be reported immediately to the Graduate Residence Manager. Do not leave wash unattended. **Clothes found in or on top of washer/dryers over a 24-hour period will be discarded.**

Pets

Pets are not allowed in the residence halls. Aquariums, with fish only, are allowed with the permission of the Graduate Residence Manager. Aquariums must contain fresh water and be kept clean. Violators will have 24 hours to remove an animal from the premises.

Bicycles

Students can have bicycles on campus. Students are responsible for locking/securing their bikes on campus bike racks **ONLY**. Bicycles parked in unauthorized areas will be removed by the Office of Campus Safety/Security. Bicycles **NOT** claimed by the end of the spring semester will be considered abandoned property.

Skateboards, Scooters, Hoverboards and Rollerblades

For the safety of all students, the use of skateboards, scooters, hoverboards and rollerblades is strictly prohibited on any surfaces other than public streets and sidewalks. Any surfaces owned by Campbellsville University are restricted from use of these modes of transportation. This includes all sidewalks and paved areas within the Campbellsville University campus.

Room Damages

Each room is inspected before, during and after occupancy and charges for damage (other than normal wear) are assigned to the student. Failure to pay will result in a student's being UNABLE TO MAKE A ROOM RESERVATION FOR THE NEXT SEMESTER OR TO SECURE A TRANSCRIPT. Damage caused by accidents should be reported immediately to the Graduate Residence Manager.

Damages in the residence halls will be charged to the person or persons responsible. A floor will be charged for damages resulting from group action or unidentified source. Each resident will be responsible for damages in his/her room unless another responsible party is identified. A cost sheet will be provided to each student upon checking into his/her room.

Residents with Hearing Problems

Students who have a hearing problem are required by state law to have a notice on the outside of their room stating "Hearing Impaired Student."

Guests

Overnight guests must be pre-approved and registered with the Graduate Residence Manager at least 24 hours before they arrive.

Failure to register visitors with the Graduate Residence Manager or having a visitor more than three consecutive nights will result in a \$50 fine plus the \$25 overnight charge. Guests are expected to observe residence hall regulations. The CU student guests will be responsible for their own behavior and any infractions of University regulations. The CU student is responsible for the behavior of the non-student guest, including the serving of penalties for any infractions committed by the non-student guest. **Children under 16 years of age are not allowed to stay overnight.** Parents must give written consent to assume all responsibility when children are visiting on campus. Residents' parents and family members may visit in restricted areas of housing, after checking in with the Graduate Residence Manager first. **No guest may stay more than three nights consecutively in the residence halls.**

Use of guest privileges must always consider the rights of your roommate and careful consideration must be shown for their property, privacy and convenience. **A host is always responsible for the behavior of a guest at all times and must inform guests of University policies. Should a problem occur, the visitation privilege of a guest may be terminated immediately.**

Babysitting

Babysitting is **not** allowed in residence hall rooms or apartments due to liability of the University.

Residence Hall Lounges or Common Areas

Residence hall lounges or common areas are community areas. They are places for people to always feel comfortable. Public lounges are not intended for public display of affection. Couples are to use the lounges in upright seating positions; behavior should not be embarrassing to others in the lounge. Everyone must be fully dressed. Opposite gender visitors may share residence hall lounges from **10 a.m. to midnight every day of the week.** Please keep the volume of the TV and conversation at reasonable levels. The last person to leave the lounge while the TV is in use is to turn off the set. Food may be eaten in restricted areas of the lounges. Residence hall staff reserves the right to modify lobby hours during special occasions such as mid-term and final exams week, spring formal, etc.

Co-ed Visitation

In North, Stapp, South East, South West and Broadway Halls, students may visit in the main lobbies of opposite-gender residence halls from 8 a.m. to midnight every day; Special co-ed visitation periods provide opportunities for students to visit in opposite-gender residence hall rooms as follows: In the traditional dorms, students may visit every day, from 1 p.m. until 11 p.m. In the Residence Village Apartments, every day, from 1 p.m. until 11 p.m. Students must be met in the lobby area and be escorted through the halls by the resident they are visiting in an opposite-gender residence hall.

A schedule for co-ed visitation for each residence hall will be posted at the beginning of each semester. These co-ed visitation privileges are for specific and limited hours; they do not apply during opening weeks of the semesters, during final exam weeks, holiday periods, or during January and May interim periods and summer sessions.

A Resident Assistant will be on duty in the residence hall office from 1 p.m. to midnight and on the floor, as well as periodically checking rooms, during all co-ed visitations. This special privilege may be suspended on nights of major all-college special events, such as athletic events, dances, residence hall meetings, concerts, dramas, etc. Notice of cancellation of co-ed visitation will be posted throughout the residence hall 24 hours in advance of date canceled.

Co-ed Visitation Guidelines

1. A guest must be a minimum of 18 years of age unless he/she is a current full-time Campbellsville University student.
2. Guests enter the residence halls by main entrances.
3. Guests must be met in the lobby area and be escorted through the halls by the resident they are visiting. A resident may not check a guest for another resident.
4. Guests must conduct themselves according to the rules of the University and of the residence hall. This specifically includes quiet hour regulations.
5. Rooms must be well lit and doors must remain **unlocked and open** throughout the period of the visit.
6. At the conclusion of the visit, guests are to be escorted by their host back to the MAIN residence hall lobby to reclaim their ID and to check out.
7. Guests are required to leave the residence hall through the MAIN entrance by 11:00 p.m.
8. A roommate's privacy, plans, needs for rest and quiet must be considered anytime a resident makes plans to bring a guest to his/her room.
9. Guests must use designated opposite-gender bathrooms only.

The co-ed visitation concept requires mature decision making on the part of all involved; it is a set of privileges supervised by Residence Life Staff. Violation of co-ed visitation regulations will at a minimum result in loss of privilege for all persons involved. A first-time visitation violation will result in a \$50 citation, a second visitation violation will result in a \$100 citation and additional sanctions may apply.

Quiet Hours

In order for residence hall space to best meet the needs of all students, all residents must show strong consideration for their neighbors' personal needs for quiet in order to study and rest.

During Quiet Hours, the following Behavior is Prohibited:

- Loud stereos and televisions in your room or lounge area.
- Speakers placed against walls that separate you from your neighbor's room.
- Loud conversation or laughter in your room, lounge or hallways.
- Running in residence halls creating a safety hazard, disruption and a problem for others.
- Slamming doors in any area of the residence hall.
- Yelling down the hall or any noise/behavior that infringes on the rights of others.

Quiet hours are from **11 p.m. until 10 a.m. every day of the week**. **A 24-hour per day quiet period will be enforced during mid-term and final exam weeks.** A quiet hour policy is set by the Residence Life Staff with advice and consent from the Dean of Students. It is a vital courtesy to respect other students' rights to peace and quiet at all hours of the day.

Music/Instruments in Rooms

Consideration of roommate and neighbors regarding your music must prevail. A student may not play a musical instrument in the residence hall without permission from the Graduate Residence Manager and/or neighbors.

Amplifiers are strictly prohibited. Practicing of band instruments must be done in the Gosser Fine Arts Center. Students with stereos must play them in a way so as not to invade other students' privacy.

Use of headphones is suggested to listen to music. Students who continuously infringe on other students' rights with music may be required to place their musical equipment in temporary custody with the Office of Student Services Staff.

Alcohol/Drug Free Campus

At Campbellsville University, our mission is to establish a nurturing educational environment centered on Christian values, academic excellence, and individual responsibility. In pursuit of this mission, we are dedicated to maintaining a campus that is free from the presence of illicit drugs and alcohol. Our commitment extends beyond the health and welfare of our students to include our faculty and staff. We actively provide drug and

alcohol education, information, and support to help members of our community make informed decisions. Campbellsville University is unwavering in its dedication to fostering a drug and alcohol-free environment, ensuring a vibrant, safe, and enriching experience for all.

The university's policy is that the use of illicit drugs or alcohol on university-owned property or in connection with any university-related activity is strictly prohibited. Students found in violation of this policy will be subject to university sanctions.

As representatives of the university community, Campbellsville University expects students to adhere to city, state, and federal government laws. Violations of these laws, including but not limited to underage drinking, public intoxication, DUI, and illegal drug use or possession, will be dealt with by the university following any civil proceedings.

Tobacco-Free/Smoke-Free Campus

Campbellsville University realizes the health risks involved in smoking and use of tobacco products. **Therefore, in compliance with federal guidelines for a smoke-free environment, smoking and use of tobacco products are strictly prohibited in all residence halls and campus buildings and grounds. Violators will be subject to residence hall/judicial sanctions.**

Tobacco use includes the possession of any lighted tobacco products, or the use of any type of smokeless tobacco, including but not limited to chew, snuff, dip, electronic cigarettes, vapes and all other nicotine or substance delivery devices that are non-FDA approved as cessation products.

Fire Protection Equipment

Planned fire drills will be conducted periodically for the safety of the residents. Fire equipment is located in the residence halls or emergency use only. **Any person who tampers with or handles any part of the fire alarm or firefighting equipment other than for legitimate fire protection will be fined \$500.** All members of a group will be charged for damages resulting from group action. Charges will be made to the occupants of that area if the responsible party is not identified.

When a fire alarm sounds in the residence halls, it automatically alerts the local fire department. Fire officials will come on campus, evacuate the building and search for a possible fire. **Houses and other campus buildings must be called in by dialing 911 immediately at the sound of the fire alarm.**

In addition to the University's policy regarding false fire alarms, a full investigation may be performed by the Fire Department Officials as they deem necessary. This act (false fire alarm) is covered by the Kentucky Revised Statutes 508.080, which is a Class D misdemeanor.

Residence Hall Citations

Citations are given for minor offenses that occur in the residence halls to discourage inappropriate behavior. The citations may be given by Resident Assistants and/or the Graduate Residence Manager. With the first offense, a verbal warning will be given; a second offense will result in a fine of \$25 and the same for subsequent offenses; excessive ongoing offenses may result in a charge of insubordination, requiring a preliminary conduct hearing.

Offenses for which citations may be given include:

- Failure to pass weekly room check by Resident Assistant.
- Missed floor or residence hall meeting.

Major offenses are subject to immediate action by the Office of Student Services as outlined in the Philosophy of Behavior.

Windows

Talking to individuals outside through residence hall windows can be disturbing to other residents. Students are not permitted to sit on ledges or windowsills; students may not throw objects out of windows or at a building; and students may not use windows as a means of entry or as a place to gain someone's attention. Talking to anyone from your window is not permitted from dark until noon each day. For cosmetic purposes, nothing is permitted to be hung in the windows.

Residence Halls Closed Between Semesters

Critical Incident Protocol

Campbellsville University is committed to the health and safety of the students. Therefore, the university abides by a critical incident protocol to ensure the safety of the campus community. If a student becomes a threat to self or others, the following procedures will be followed:

- Campus Safety and/or Graduate Residence Manager will be notified.
 - In the event a student presents an imminent threat to self or other people, emergency personnel may be notified and the student may be removed from campus.
- A university mental health professional will be contacted by Campus Security to assess the individual.
 - Given the severity of the threat, an assessment by a mental health facility may be warranted which could result in the student being removed from campus.
 - If student is assessed by counseling center clinicians and if they deem student needs hospitalization, then staff of CU will transport to local emergency room.
 - If student is assessed by counseling center clinician and it is deemed that student needs hospitalization and student refuses to go, then authorities will be contacted to begin process to have student hospitalized.
 - Prior to the student’s return to campus, the student must provide evidence of a mental health evaluation that states they are cleared to return to campus. The student must comply with agreed upon discharge recommendations.
- The university reserves the right to notify the parents or emergency contact person of the student.
- **If a student returns to campus without medical authorization stating they are cleared to return then they could face insubordination charges.**

HEALTH SERVICES

If a student feels that medical attention is needed, the Tiger Health Clinic is available or local physicians may be contacted in their offices. In case of an emergency, call 911 immediately, then notify appropriate Student Services staff. The Dean of Students must be notified immediately.

Special Condition Requirements

Any student with a special health problem requiring special care and/or that may in any way be a risk to others must provide information about his/her medical circumstances to the Office of Student Services. Physical handicaps, HIV and special psychiatric history are examples of medical conditions that may involve special management considerations. Confidentiality will be strictly observed. This requirement is made in the interest of the assurance of clear access, safety and enjoyment of the campus for all students.

Student Health Insurance Coverage

All student-athletes must provide proof of health insurance coverage by September 1 to the athletic trainer each fall semester they are enrolled in classes. Those students enrolling for the first time in the spring semester must show this proof by February 1. If a **student-athlete** is covered by parents’/spouse’s insurance, a copy of the insurance card, giving company name, address and policy number is required in the Athletic Trainer’s office. Student-athletes must provide proof of health insurance coverage before they are allowed to participate in any intercollegiate athletic activity. This may be necessary prior to the dates listed above. If there is no proof of health insurance coverage, the student-athlete may agree to a fee of \$500 in order to participate under the athletic accident insurance provided by Campbellsville University, which is otherwise provided without fees. This fee will only provide accident insurance for athletic related accidents. If the student-athlete does not agree to this they will be deemed medically ineligible for participation until proof of insurance coverage is provided OR they agree to the fee. Further information

on this can be found in the Athletic Training Room. Health insurance is also mandatory for all students enrolled in the Nursing Program as this is a requirement for the University's clinical sites. **International students** (residents of other countries whose primary reason for being in the USA is to enroll at Campbellsville University as a student – F-1 visa holder) are required to purchase the health insurance policy arranged through the University.

EMERGENCY PROCEDURES

To help ensure the safety of everyone, it is imperative that students follow instructions from University personnel (faculty, staff and administration) regarding emergency instructions.

"CU ALERTS" Emergency Mass Notification System

CU Alerts is the campus emergency alert system that sends out important information that could be vital in keeping you safe. Messages include severe weather information such as a tornado warning, campus lock-down procedures, and snow schedules.

The University offers this FREE service to all faculty, staff, coaches, and students. Please understand that the cell phone number you provide the University through the Registrar's Office (students) or the Personnel Office (faculty, staff, and coaches) will be the cell phone number the alert system will call. At the beginning of each semester, the University uploads, or "opts-in", all current faculty, staff, coaches, and students into the system to maintain an accurate and updated list of users and numbers. You do not have to sign up for this free service because we automatically provide it for you! If you decide to "opt-out" of this service or if your cell phone number changes within the semester, you can call the Office of Campus Safety and Security at (270) 789-5556 or come by the office located on the corner North Columbia Avenue and University Drive.

The locations listed for these facilities are considered to be the safest location for that building. CAMPUS EMERGENCY SITUATIONS

Active Shooter on Campus

If you find yourself in the middle of an active shooter event, your survival may depend on whether you have a plan. The plan doesn't have to be complicated and there are three things you could do that make a difference: **Run. Hide. Fight.**

- First and foremost, if you can get out, do.
- Always try and escape or evacuate, even when others insist on staying.
- Encourage others to leave with you, but don't let them slow you down with indecision.
- Remember what's important: you, not your stuff. Leave your belongings behind, and try to find a way to get out safely.
- Trying to get yourself out of harm's way needs to be your number one priority.
- Once you are out of the line of fire, try to prevent others from walking into the danger zone and call 911.

RUN when an active shooter is in your vicinity:

- If there is an escape path, attempt to evacuate.
- Evacuate whether others agree to or not.
- Leave your belongings behind.
- Help others escape if possible.
- Prevent others from entering the area.
- Call 9-1-1 when you are safe.
- If you can't get out safely, you need to find a place to hide.
- Act quickly and quietly. Try to secure your hiding place the best you can.
- Turn out lights, and if possible, remember to lock doors. Silence your ringer and vibration mode on your cell phone.
- And if you can't find a safe room or closet, try to conceal yourself behind large objects that may protect you.

HIDE if an evacuation is not possible, find a place to hide:

- Lock and/or blockade the door.
- Silence your cell phone.
- Hide behind large objects.
- Remain very quiet.
- Your hiding place should:
- Be out of the shooter's view.
- Provide protection if shots are fired in your direction.
- Not trap or restrict your options for movement.
- As a last resort, if your life is at risk, whether you're alone or working together as a group, fight! Act with aggression. Improvise weapons. Disarm the shooter ... and commit to taking the shooter down, no matter what.

FIGHT as a last resort, and only if your life is in danger:

- Attempt to incapacitate the shooter.
- Act with physical aggression.
- Improvise weapons.
- Commit to your actions.
- Try to be aware of your environment. Always have an exit plan.
- Know that in an incident like this, victims are generally chosen randomly. The event is unpredictable and may evolve quickly.
- The first responders on the scene are not there to evacuate or tend to the injured. They are well-trained, and are there to stop the shooter.
- When law enforcement arrives:
- Remain calm and follow instructions.
- Keep your hands visible always.
- Avoid pointing or yelling.
- Know that help for the injured is on its way.
- Your actions can make a difference for your safety and survival. Be aware and be prepared.

Hostage situation

- Immediately evacuate the building, and always stay out of sight of the perpetrator.

- Take no action to intervene with the hostage taker(s).
- Dial 911 and, if able, campus security (270) 403-3611

Explosion/Bomb

- Immediately evacuate the building, using the evacuation guidelines
- Dial 911 and inform them of the situation. If it is safe, stay on the phone with the proper authorities.

Bomb Threats

Bomb threats by telephone:

- Keep person on the phone as long as you can.
- If you have caller ID, make note of the number shown.
- Get as much information as possible and write down important information ex. Tone of voice, background noises, etc.
- **Notify the Department Head and Campus Security at (270) 403-3611.**

Suspicious letter, package, abandoned backpack, briefcase etc.:

- Do NOT touch the item. If you have already handled the item do not handle further.
- Isolate the item. Leave the immediate area and alert others to do the same.
- Make a note of any identifiers on the item in question (name, return address, postmark etc.)
- Call Campus Security at (270) 403-3611.

UNIVERSITY FOOD SERVICE

Food Service Policies

The University contracts food service through Pioneer College Caterers Inc. Employees prepare three meals each weekday, and two on Saturday and Sunday in the Winters Dining Hall during regular semesters. The Director of Food Services for Pioneer College Caterers works in cooperation with the Office of Student Services in providing food service requests to the campus.

1. All students living in University housing are required to be on one of the University's meal plans. In rare exceptions, cases of medically documented physical problems requiring a restricted diet that the dining services cannot provide, or employment that prohibits participation in meals, exemptions may be given for the semester requested. Students must contact the Office of Student Services to request meal plan exemption. The request will go before a committee for final approval.

The student chooses his or her meal plan option each semester when registering for classes. There are two plan options: the 19-meal plan which includes every meal served throughout the semester, that only the student can use; and the 220-meal plan which offers a total of 220 meals to be used by the student and/or guest/s the student brings with up to 5 scans per meal. There is no difference in the cost of these plans.

It is the responsibility of the student to schedule classes and work around dining hall hours.

If a student is granted permission to live off campus and moves out of the residence hall before the semester ends, please note there is no refund on meal plan charges after the last day to register for classes.

2. Each resident student must present his/her ID card for every meal and will not be permitted to eat without a card.
3. Students not on a meal plan will pay the regular meal price for individual meals.
4. Sick Tray Procedure: A person receiving a sick tray will need authorization from the Health Clinic or medical doctor. The person receiving the tray is responsible for returning the tray and dishes to the Winters Dining Hall. In case of illness where a student is unable to leave the residence hall, another student or GRM may be designated to pick up a tray for that individual. The student's ID number will need to be provided prior to receiving the tray.
5. **GLASSWARE, TABLEWARE, FOOD, CONDIMENTS, ETC., ARE NOT TO BE REMOVED FROM THE WINTERS DINING HALL.**
6. Proper clothing and footwear should always be worn in the Dining Hall and other campus restaurants.

PHILOSOPHY OF BEHAVIOR

Campbellsville University was founded with the goal of providing a quality education along with Christian values. Learning, we believe, best takes place where student, faculty and staff are guided by Christ-like concern and behavior. Moral and ethical integrity are essential to the environment the University seeks to uphold. All who work, study and learn at Campbellsville University have the responsibility to affirm the value of and work toward the maintenance of a peaceful and purposeful community.

The University is committed to remaining Christ centered, church connected, Baptist related and committed to changing lives, yet it is a non-sectarian institution that is committed to integrating Christian faith and learning. Many religious denominations and faiths are represented on campus. However, it is the responsibility of the entire community to be sympathetic to the stated mission, goals and behavior expectations of the University.

Student Behavioral Expectations

A student attends Campbellsville University voluntarily and is expected for the sake of the community to conduct himself or herself with a high standard of personal behavior on and off campus. A student whose conduct violates stated behavior expectations faces specific disciplinary sanctions.

Behavior expectations are clustered around the following individual and community values: worth of the individual, self-discipline, academic integrity and respect for property, the environment and community authority.

Worth of the Individual

Each person in our community intrinsically is a person of worth. The University values behavior that appreciates the cultural backgrounds of fellow students and respects the right of persons to hold differing attitudes and opinions. The value of the worth of individuals can be violated by behaviors such as harassment and indecent and lewd conduct.

Self-Discipline

Each person has the God-given capacity for developing one's self fully as an individual. The University values behavior that leads to the physical, intellectual, spiritual, social and emotional well-being of the individual. Indecent and lewd conduct, gambling, disorderly conduct, manufacturing, possessing, consuming or distributing alcohol or other controlled substance, and intoxication are examples of behaviors which violate the value of self-discipline.

Academic Integrity

Each person has the privilege and responsibility to develop one's learning abilities, knowledge base and practical skills. The University values behavior that leads a student to take credit for one's own academic accomplishments and to give credit to other's contributions to one's course work. These values can be violated by academic dishonesty and fraud.

Respect for University Property and the Environment

Each person has the duty to treat with care and respect one's own property, the property of others and University property. The University values behavior that recognizes the rights and privileges of owning and using personal and institutional property. Stealing and being in possession of stolen or lost property, vandalism, setting a fire and arson, tampering with fire and safety equipment, possessing firearms or weapons on campus, possessing and using fireworks on campus and unauthorized entry are examples of behaviors which violate the value of property and the environment.

Respect for Campus Community Authority

Each person recognizes that codes of conduct are necessary for prosperous and peaceful community life. The University values behavior that abides by and shows respect for the authorities that administer the rules, regulations and laws of the campus, city, state and community and as citizens of the community beyond our campus. The value of respect for community authority is violated by possessing, consuming, and/or distributing alcoholic beverages; intoxication; possessing, using and/or distributing illegal drugs; sexual misconduct; aiding, abetting or conspiring to engage in value violations; violating residence hall visitation guidelines; reckless behavior; fighting; lewd and indecent conduct; insubordination; unauthorized and/or unruly demonstrations; driving while impaired; habitually offending motor vehicle rules and regulations; creating a nuisance by talking, yelling, singing, playing a musical instrument, electronic device, etc. loudly enough to disturb members of the University community and committing a city, state or federal offense.

STATEMENT OF STUDENT RIGHTS

THE JUDICIAL PROCESS

The sole purpose of the judicial process is to continue to ensure that each student is guaranteed the fundamental fairness he or she deserves. All phases of the judicial process must be conducted in a timely manner. The rights of the individual are paramount to the judicial system. At no time, therefore, shall the judicial policies and procedures of Campbellsville University violate the rights of the student guaranteed by the Student Rights Statement of the Judicial Policies and Procedures.

Steps in the Judicial Process

1. The judicial process begins with any member of the administration, faculty, staff or student body of Campbellsville University filing a complaint with the Office of Student Services.

2. The complaint is then investigated fully by the Office of Student Services. The investigation process must be conducted in a discreet and professional manner, guided always by the principle that the student is innocent until proven guilty.
3. If the investigating party believes that there is substantial evidence to support the accusation, the student accused will be sent notice via a Maxient letter, notifying them of their scheduled meeting time. It is the responsibility of the accused student to request a reschedule within 24 hours if the set time is not feasible. The student will be given the opportunity to meet with a conduct officer, a status granted by the Dean of Students. The student will be given a chance to defend his/her actions in the preliminary conduct hearing.
4. It is, therefore, the student's responsibility to prepare his/her defense. The student can/should exercise those rights guaranteed by the Judicial Policies and Procedures concerning the judicial process.
5. Based upon the adjudication of the evidence presented in the preliminary conduct hearing, a decision regarding guilt or innocence will be made. Sanctions will be imposed according to the student handbook.
6. Based upon the seriousness of the violation, major offenses that would call for an appearance before the Judicial Council, the accused student may waive this appearance by signing a waiver and admission of guilt before the Dean of Students or designated Student Services staff, thereby agreeing to accept the sanctions for the violation as issued by the Office of Student Services. This waiver is subject to the approval of the Dean of Students.
7. Once the case is heard, the appeal will be determined to be either substantiated or unsubstantiated (see *The Appeals Process*).
8. The ruling of the Judicial Council will be made in private with council members only. The accused student will be notified of the final decision.

THE JUDICIAL BODIES

The Judicial Council

Campbellsville University's Judicial Council will conduct a thorough review and make all determinations regarding the admission status of students who have been suspended and reapply for admission. The Judicial Council shall be a nine-member impartial body consisting of one Chief Justice and eight Associate Justices. The nine-member committee shall be comprised of faculty and staff of Campbellsville University. The Judicial Council committee will be appointed by the Vice President for Student Services.

The ruling of the Judicial Council will be determined by a simple majority of the nine justices. The Council may meet and hear a case with only a quorum (five members) present. A judgment requires a majority vote. If a clear majority is unreachable, then the case must be dismissed and all charges against the student must be dropped.

Immediate Suspension Protocol

The Vice President for Student Services, or in the absence of the Vice President for Student Services, the Dean of Students, has the power to impose an immediate suspension when evidence exists that the student's behavior, on or off campus, may be a threat to the health, safety and/or welfare of the students, faculty, staff or guests of the university. Immediate suspension will include restriction from campus, denial to attend classes, and participation in other academic or extracurricular activities. An immediate suspension by the Vice President for Student Services, or in the absence of the Vice President for Student Services, the Dean of Students, is non-appealable until such time that the Vice President for Student Services deems that the threat imposed by the student is eliminated and the student's immediate suspension is adjudicated.

The Appeals Process

The student may appeal the decision of the Preliminary Conduct Hearing for any of the following reasons: (1) determination of guilt or innocence for offenses carrying a sanction of possible suspension; (2) judicial process was not followed; (3) the student's rights were violated.

CAMPBELLSVILLE UNIVERSITY BEHAVIORAL ASSESSMENT TEAM (BAT)

Mission

The Behavioral Assessment Team assists in managing situations that pose, or may reasonably pose, a threat to the health, safety, and well-being of the campus community.

Purpose

The purpose of the Behavioral Assessment Team is to recommend early intervention so that individuals receive the assistance they need without disruption to the campus community. The team may be called upon to evaluate behavior or the mental well-being and safety of a student. There are many behaviors and circumstances that may indicate an increasing risk for violence, criminal behavior, significant harm or disruption to others or themselves, or that a person needs assistance. The significance of any one behavior or circumstance is often difficult to determine. Therefore, the threat assessment process is designed to review the situation in the context of all of the facts that can be known.

The team will consist of representatives from the Office of Student Services, Academic Support, Athletics, Community and Access, and Regional Centers. In addition, representatives from other departments and organizations may be called in to assist the team due to extenuating circumstances.

For the safety of the campus community, any threat, explicit or implied, will be considered a statement of intent. The Behavioral Assessment Team will recommend actions to the appropriate vice president(s) or senior administrators to protect the students, employees, and the community.

This team has been established to:

- Coordinate and assess information from faculty, administrators, students, local authorities, and others.
- Identify resources for troubled students and personnel and make referrals to appropriate campus and off-campus agencies; help secure therapeutic actions that are appropriate, such as treatment or counseling, and that may include internal or external psychological evaluations.
- Investigate the incident(s) and recommend appropriate actions, which may include suspension, expulsion, involuntary leave of absence, filing of criminal charges, or ongoing monitoring for follow-up and observation of behavior patterns; recommendations are made to the appropriate senior administrator who shall sign off on action to be taken.
- Respond to incidents of violence, threatening behavior, gross insubordination, intimidation, unwanted pursuit, harassment, and behavior indicating a student poses a risk to self or others; when necessary, initiate contacts with appropriate authorities to place a student in the custody of the appropriate law enforcement agency or a mental health facility capable of supporting specific behaviors.
- Organize a collaborated response to individual(s) that pose a threat to the campus community whose actions of criminal behavior on and off campus result in an immediate disciplinary review to protect the campus community for which an immediate removal from campus may be warranted.
- Authorize notification, within FERPA guidelines, of parents, guardians and/or next-of-kin.
- Assess outcomes of actions taken periodically.

Information Maintenance and Confidentiality

All information received by, or related to the activities of this group, will be maintained in the Office of Student Services under the supervision of the Dean of Students. This information will be treated as confidential among the members of the Behavioral Assessment Team in accordance with FERPA and other

applicable laws and administrative policies. Confidential information will be released only as required by law, or permitted by law under exigent circumstances.

VIOLATIONS / SANCTIONS

Listed below is a guideline of the violations that will bring a student before the appropriate Student Services personnel. Included is a brief definition of the violations and minimum sanctions for the offense.

Though many violations have disciplinary consequences, some sanctions will be determined at the discretion of the Dean of Students. When decisions such as that are rendered, the following criteria will be taken into consideration: attitude of student involved, previous discipline history, and specific circumstances which may apply to the situation. It is the Office of Student Services' desire that a student will benefit from the disciplinary sanctions in a positive manner and it is not seen as strictly punishment.

SANCTION DEFINITIONS

Appropriate councils have the authority to impose any one or a combination of more than one of the following sanctions on a student who engages in inappropriate behavior:

- A. **Reprimand:** An informal verbal warning that continuation or repetition of inappropriate behavior may result in a more severe sanction.
- B. **Disciplinary Warning:** An official written statement of the regulation violated with a warning that continuation or repetition of inappropriate behavior may result in a more severe sanction.
- C. **Referral for Counseling:** Students may be referred for counseling, either on campus or to an appropriate professional agency. Compliance and recommendation reports are to be provided by the counselor to the Office of Student Services.
- D. **Curfew:** Students may be placed on a curfew for a specific time. The curfew hour is usually 10 p.m. depending on the infraction and the time of the year.
- E. **Fines:** The student will be required to pay a reasonable sum of money as a sanction. The fine must be paid in the Office of Business Services by the date specified by the Dean of Students or Director of Residence Life in the letter sent to the student. Mentoring or work options may be considered.
- F. **Loss of Privilege:** This sanction prohibits the student from participation in extracurricular activities for a specified time, which includes campus social events such as athletic events, co-ed visitation in residence halls, dances, etc.
- G. **Restitution:** Reimbursement or compensation for damage or abuse of property resulting from a student's misconduct.
- H. **Probation:** Formal written warning that the student's behavior has placed his/her status as a student in jeopardy. This condition does not encumber the student's good standing with the University. Any incident during the probation period will automatically move the student to a higher level of applicable sanctions.
- I. **Expanded Probation:** Formal written warning that the student's behavior has placed his or her status as a student in jeopardy. This condition encumbers the student's good standing in the University for a stated time. Penalties include, but are not limited to: the loss of University-funded financial aid (i.e., scholarships, performance grants, etc.); restriction from participation in University sponsored performing groups (i.e., fine arts organizations and athletics); and restrictions from holding an office in a University sponsored club/organization. Another incident during the probation period will be considered as a second offense and will be dealt with more severely.
- J. **Residence Hall Suspension:** Prohibition from living in residence halls for a given time. Students remain liable for the cost of housing, of the semester for which they were suspended, in accordance to the Institutional refund policy.
- K. **Disciplinary Suspension:** Termination of student status at the University for either an indefinite or specified time. International Students (F-1 visa holders) who are suspended will also have their SEVIS Record/I-20 terminated and will need to plan to regain/maintain their status with the United States Customs and Immigration Services.
- L. **Immediate Suspension:** Immediate termination of student status by the Vice President for Student Services. The decision of the Vice President for Student Services to impose an immediate suspension supersedes judicial due process and is considered final and non-appealable. Immediate suspension will include restriction from campus, denial to attend and/or complete classes, and participation in other academic or extracurricular activities.

M. Privilege of Withdrawal: The student is permitted to withdraw, with permission from the Office of Academic Affairs, from the University without evidence of judicial action. A student who has been suspended for disciplinary reasons may not remain on nor visit the campus to participate in any academic or other activity.

N. Selective Readmission: Campbellsville University reserves the right to operate under a policy of selective readmission. A student who fails to meet acceptable social standards can complete the current semester under social restrictions, but he or she will not be allowed to return the following semester without review and admission by the Admissions Committee.

O. Expulsion: Permanent termination of student status at the University.

Creative Sanctions

By the discretion of the Judicial Council, Dean of Students and/or Vice President for Student Services students may be given creative sanctions in addition to/or instead of required sanctions, to meet educational needs of the individual students. The sanctions include: reports by research of viewing TV/movies on related subject; interview professionals in the community: police officers, ER workers, judges; make posters; volunteer time to community needs, write respective papers; write letter to family, etc.

Notification of Parents

Due to recent changes in the “Family Education Rights and Privacy Act (FERPA),” whenever a student under the age of 21 is guilty of a violation of alcohol and drugs, the parents may be notified. Parents may also be notified when students’ violations may result in suspension or dismissal.

Disciplinary Records

To minimize the risk of improper disclosure, disciplinary records are kept in the Office of Student Services separate from the student academic records in the Registrar’s Office. Transcripts of academic records contain only information about a student’s academic performance and status. Personal advising files are also kept in a discreet and separate location.

Information from disciplinary or personal advising files is highly restricted and is not available to unauthorized persons on campus, or to any person off campus without the express written consent of the student involved except under legal compulsion or in cases where the safety of persons or property is involved. Disciplinary files resulting from academic cases are kept in confidential files by the vice president for academic affairs. It is a professional expectation of all administrative staff and faculty members that they respect confidential information about students that they acquire during their work. Any concern about confidentiality should be brought to the attention of the Vice President for Student Services at the earliest possible moment.

Students who have been suspended or expelled will have a written statement from the Office of Student Services to the Registrar’s Office of this disciplinary sanction. This will remain with the Student Records file to prevent the student from enrolling at Campbellsville University without proper appeals process.

Interim Suspension

A student may be placed on interim suspension until a campus hearing can be arranged when evidence exists that the student’s behavior on or off campus may be a threat to the health, safety and/or welfare of the faculty, staff, students or guests of the University. Interim suspension will involve loss of privilege, probation and/or restriction from the campus and denied right to attend classes or participate in academic activities.

LEAVE OF ABSENCE POLICY

After careful evaluation a student may be placed on Leave of Absence by Campbellsville University based on circumstantial needs or concerns. A Leave of Absence is immediate and indefinite. To review this policy in its entirety you may access it in the Dean of Students office located within the Office of Student Services.

ACADEMIC POLICIES

Class Attendance Policy

Students are required to attend all class meetings of courses for which they are registered. Students are responsible for meeting all the course requirements and properly addressing the content of courses for which they are registered.

If a student finds it necessary to miss a class, it is the student's responsibility to:

1. Contact the course instructor before the absence, if possible.
2. Make arrangements with the course instructor for missed work.
3. Provide the course instructor with appropriate documentation and verification of the need or reason(s) for the absence.

The needs or reasons for absences may include ONLY the following:

1. Illness – a specific debilitating ailment that significantly impairs the student's ability to carry on any activities other than those of recuperation.
2. Unavoidable Personal Emergency – a situation that presents an unresolvable conflict with class attendance due to severe and unusual demands placed upon the student by circumstances beyond his or her control.
3. Participation in a University-Sponsored Event – a situation that presents an unresolvable conflict with class attendance due to the student's required participation in a University-sponsored event as approved by the Vice President for Academic Affairs (VPA). Arrangements for missed work due to absences of this type must be made prior to the absence.

Should the student miss class FOR THE ABOVE STATED REASONS ONLY, and proper prior arrangements have been made, instructors will follow their policy for missed work, as stated in the course syllabus. HOWEVER, course instructors are not required to repeat lectures, lab experiments, music rehearsals or other class or components of classes for which making up missed work may be impractical or infeasible.

When a student is absent for any other reason, the student must refer to the course syllabus, where specific policies and grade penalties will be recorded.

If, for any reason, a student is absent from class the number of times that the class meets in two weeks during a semester, or an equivalent amount of time during term courses and other academic sessions, **the course instructor must notify the Director of Academic Support. The Director of Academic Support will send a written warning of attendance deficiency to the student**, the student's advisor, coach, director or other person(s) responsible for any school organization providing the student with a performance grant, or for which the student must maintain intercollegiate competitive eligibility.

Faculty Tardiness

Students are to remain in the classroom for fifteen minutes if the faculty member is late. After this time, and after signing an attendance sheet, students may leave. A representative of the class is to take the attendance sheet to the Dean.

Absence Warnings

If the class meets one time per week, a warning will be given after two absences per semester.

If the class meets two times per week, a warning will be given after four absences per semester.

If the class meets three times per week, a warning will be given after six absences per semester.

The above applies to 16-week terms.

For all other classes, a warning will be given after 12.5% of the total number of scheduled class meetings per semester (or equivalent) have been missed, during term courses or academic sessions.

If, for any reason, a student is absent from class the number of times that the class meets in four weeks during a semester, or an equivalent amount of time during term courses and other academic sessions, the course instructor must notify the Director of Academic Support who will initiate the withdrawal of the student from the class with a grade of WA (Withdrawn-Absenteeism). A grade of WA will earn zero quality points, as calculated for GPA purposes. Students for whom withdrawal from a course is initiated by the Director of Academic Support will be allowed to withdraw from said course with a grade of W if the action is taken by both parties within the normal withdrawal time period.

Withdrawal from Class Due to Excessive Absence

If the class meets one time per week, a student will be administratively withdrawn after four absences per semester.

If the class meets two times per week, a student will be administratively withdrawn after eight absences per semester.

If the class meets three times per week, a student will be administratively withdrawn after twelve absences per semester.

The above applies to 16-week terms.

For all other classes, a warning will be given after students miss 12.5% of the total number of scheduled class meetings per semester (or equivalent) during term courses and other academic sessions and will be withdrawn after 25%.

The attendance policy for ENG 090, ENG 110, GS 101, GS 110, MTH 099 and MTH 100 is more rigorous than for other courses. See your course syllabus for details of the attendance policy. The Grade Appeal Process in the University Bulletin/Catalog addresses students' rights relative to this policy.

Request for Remote Learning

Requests for remote learning (joining a class session by Zoom) are based on the same reasons students are allowed to make up missed work as described in the University's Class Attendance Policy. Faculty should be judicious in considering requests for remote learning.

Illness: A specific debilitating ailment that significantly impairs the student's ability to attend class but would allow them to participate by Zoom.

Unavoidable Personal Emergency: A situation that presents an unresolvable conflict with class attendance due to severe and unusual demands placed upon the student by circumstances beyond his/her control.

Participation in a University-Sponsored Event: A situation that presents an unresolvable conflict with class attendance due to the student's required participation in a University-sponsored event as approved by the Vice President for Academic Affairs (VPA).

A student who receives permission from the instructor and participates in class virtually for one of the above reasons, should not be counted absent. Students may be required to keep their webcam on and their face on the screen throughout the class. Students may be expected to unmute and respond to questions during the class session. In cases where laboratory or other class activities are not appropriate or comparable for Zoom, the student may be counted absent but should be allowed to make up work if there is a reasonable way to do so.

It is the student's responsibility to contact the instructor prior to class in a timely manner to allow for arrangement of the virtual option. It is the student's responsibility to have access to a webcam and microphone for remote learning.

In some cases when a student request for remote learning does not satisfy one of the conditions listed in the absence policy, instructors may allow the student to join class remotely. It is the instructor's discretion to count the student as present or absent.

Academic schools and departments may have additional and more detailed policies regarding remote learning. Individual instructors may address specific details regarding remote learning in their syllabi.

Withdrawal Procedure

In order for a student to withdraw from a term, her or she must initiate the process by submitting a withdrawal form via Workday. A "W" will be placed on the student's permanent record up until 75% of the semester or class(es) has been completed. If the withdrawal is submitted after 75% of the class is complete, the student must receive a grade in each course for the term. The balance of assignments and test grades will be calculated into the final grade as zeros (0).

A student who leaves unofficially without the completion of the official withdrawal form, forfeits all rights to any reduction of his account, and may receive either F or WA grades.

Any claims for refunds and honorable dismissal will be based on the date the withdrawal form is submitted.

Campbellsville University's Online Course Attendance Policy; Bi-term; and 8-week terms:

Online students must participate weekly as defined by the professor in the syllabus. After 1 week (12.5%, 1/8 of the scheduled classes) without contact, the student will be issued an official warning. After the

second week (25%, 1/4 of the scheduled class) without contact, the student will fail the course and a WA will be recorded.

For full semester (16 weeks):

Online students must participate weekly as defined by the professor in the syllabus. After the 2nd week (12.5%, 1/8 of the scheduled classes) without contact, the student will be issued an official warning. After the 4th week (25%, 1/4 of the scheduled class) without contact, the student will fail the course and a WA will be recorded.

For summer and other terms

If a student fails to participate for 1/8 of the assigned meeting times, they will be issued an official warning. After missing 1/4 of the class sessions, the student will fail the course and a WA will be recorded.

Campbellsville University's English as a Second Language Institute (ESL) Attendance Policy

The ESL Institute attendance policy is more rigorous than for undergraduate courses. The ESL Attendance Policies are documented in the ESL course syllabus for each course.

Weather Statement

When conditions are or have the potential to be unsafe, the University may elect to move its instruction and operations to a remote status. Classes will be held remotely. Students and faculty will need access to technology for remote learning including Internet access and videoconferencing (Smart Phone, tablet, laptop or PC). Students may be required to videoconference during scheduled class times.

Extracurricular Activities When On Academic Probation

No student on academic probation may participate in any on-campus activity or any off-campus trip involving a club or organization, whether with or without academic credit, nor represent the University in any activity that requires him/her to miss a meeting of/or interferes in any way with a class for a course in which he/she is enrolled. The sponsor of any activity shall have the responsibility of enforcing the rule.

Chapel/Convocation Series

The Chapel/Convocation Series is designed to provide opportunities for corporate worship and/or exposure to a variety of informative speakers and presentations. Chapel meets weekly on Wednesdays at 10 a.m. in the Ransdell Chapel. Chapel speakers will typically be guests of the university but sometimes will come from within the university family itself. Emergencies or special circumstances might necessitate changes in the schedule, at the discretion of the chapel/convocation committee.

The convocation portion of this series is comprised of several events submitted by various academic and administrative areas, all of which are approved by the chapel/convocation committee. These events may occur at various days, times, and places on campus. At all Chapel/Convocation Series events it is expected that students will display courteous and respectful behavior. Any who show disrespectful behavior during a program will not receive credit for that event.

A published chapel/convocation program brochure is available, and a complete listing of Wednesday chapel programs and semester chapel/convocation programs will be distributed to every student at the beginning of each semester. The full listing of Chapel/Convocation Series is also available on the university's website. Students may access the CU App and scan the QR code that is presented at the end of each service to earn chapel credit. For those events utilizing tickets, they must be turned in to designated collectors immediately following the respective event. Only one chapel/convocation credit will be granted for those events with multiple presentations (i.e., campus revival or CU theater productions).

Attendance requirements for students are governed by the following:

One full-time semester	8 convocations
Two full-time semesters	8 convocations
Three full-time semesters	16 convocations
Four full-time semesters	24 convocations
Five full-time semesters	32 convocations
Six full-time semesters	40 convocations
Seven or more full-time semesters	48 convocations

The number of full-time semesters refers to the full-time semesters remaining in the student's degree program at the time of first enrollment at Campbellsville University (that is, the minimum full-time semesters needed to complete degree requirements).

Chapel/convocation attendance is cumulative. The student receives credit for every program attended. While there is no minimum number required any given semester, it is suggested that students make chapel/convocation attendance a regular part of a week's schedule.

The total number of chapel/convocations for which the student has received credit to date is updated on Workday on a regular basis. In addition, the student's current total can be checked at any time in the Office of Academic Affairs, AD 11.

Chapel/convocation from past semesters can be made up by attending extra convocations in the current semester. Access to archived chapel services can be found in Moodle. Students must complete a quiz at the end of each service watched to earn credit. Students may also contact the Office of Academic Affairs regarding options for the makeup of chapel/convocation credit.

Final Exam Policy

The University requires that:

- A. A final examination be administered in every course although the structure of the final examinations is determined by the faculty member; and
- B. That every class meet at the official examination time established by the Office of the Vice President for Academic Affairs. Examinations are scheduled at the end of the term during the regular session. All faculty members are expected to adhere to the regular final examination schedule. Any diversion from the schedule or waiver of the final examination requires the approval of the Vice President for Academic Affairs.

STUDENT RESCHEDULING OF FINAL EXAMINATION

Students with three or more final examinations scheduled on the same day may request that one of the examinations be rescheduled. The student should first check with instructors to determine which examination can most easily be rescheduled. If a reasonable adjustment cannot be made, the student should then petition to the Vice President for Academic Affairs for permission to reschedule the examination.

LATE EXAMINATIONS

Examinations, both final examinations and those which are given during the semester must be taken by students at the times they are scheduled. A student who misses a course examination, however, may be allowed to take a make-up examination with the permission of the instructor. No student will be excused from final examinations. Should a student be prevented from taking a final examination at the regularly scheduled time due to circumstances, which are beyond his/her control, he/she may take the examination either before or after the scheduled date with the permission of the instructor.

The final exam schedule is published in the Student Handbook and in all syllabi.

STUDENT ACCOUNTS OFFICE

The Student Accounts Office is located on the main floor of the Administration Building in Room 15. The goal of the Student Accounts Office is to assist, serve and support the students at Campbellsville University by offering a number of functions that will help aid students and their families in managing their student accounts.

PAYMENT POLICY

Obligation

Registration constitutes a financial contract between students and the university. Students' right to university services and benefits is contingent upon their making all payments as agreed upon. If students do not make payments of amounts owed to the University when they become due, the University has the right to cancel students' registration; to withhold their grades, transcripts, diplomas, scholastic certificates, and degrees; to prohibit registration in future semesters or terms.

Time of Payment

In order for a student's registration to be complete, students must either pay all tuition and fees in full or enroll in a monthly payment plan with Campbellsville University by the following dates:

Fall Semester	August 1
Spring Semester	December 15
Summer Semester	May 1

Students whose financial aid is insufficient to pay all registration charges, or who applied too late to be approved prior to registration, must pay their balances in full or be enrolled in a monthly payment plan. All student account balances not paid or enrolled in a payment plan by the due date will be automatically enrolled in a four-month payment plan and a \$50 enrollment fee will be charged to the student account.

Form of Payment

The university accepts payments in cash, personal check, money order, e-checks, credit cards (MasterCard, Visa, American Express, and Discover) and wire transfers.

A 2.95% convenience fee will be assessed on each student account transaction made with a debit or credit card. The convenience fee for international credit cards is 4.25%. All debit or credit card payments must be made through Workday and will not be accepted by phone or in person at any Campbellsville University location.

Cash payments must be made in person at the Cashier Office located on the main floor of the Administration Building Room 15. Checks may be mailed to: Campbellsville University, 1 University Drive, UPO 783, Campbellsville, KY 42718. University ID must be included on all checks and money orders to ensure they are credited to the appropriate account.

CASHIER'S OFFICE HOURS: Monday through Friday, 8 a.m. to 3 p.m.

Returned Checks

If checks are returned by students' banks for any reason, the payments are considered not made and a \$30 fee will be charged to their student accounts.

Prior Balances

Students are required to pay any outstanding balance due from the previous term. Students must have a "zero balance" before they will be permitted to register for a new term, view current semester grades, or receive an official or unofficial transcript.

WITHDRAWAL AND REFUND POLICY

The completion of registration contractually obligates the student and his/her benefactor(s) to pay all his/her tuition and fees for the entire semester. However, the University has established a withdrawal and refund policy to accommodate the need for a student to withdraw.

When a student completely withdraws from the university, he/she must complete an Official Withdrawal Form obtained from the Office of Academic Affairs. The withdrawal form should be completed and signed

by each office indicated on the form, then signed by the student and returned to the Office of Academic Affairs. Students who fail to officially withdraw, forfeit all rights to a tuition refund.

INSTITUTIONAL REFUND POLICY

Tuition and room/board refunds are calculated on the basis of the student's official withdrawal date. The official withdrawal date is the last day of class attendance. **Fees are not refundable.** Room & Board is refunded 100% the first week only. Thereafter, refunds are prorated based on the number of days/weeks the dorm is occupied by the student through week five. Once the withdrawal period is over, any student who withdraws from the University will be held responsible for tuition, fees and room/board charges in full. Please investigate the financial effects of withdrawal before you make a decision.

Tuition charges are refundable according to the following schedule:

Withdrawing during this day/week of the term:	Tuition Refund Table				
	Number of Weeks in Term				
	16	8	4	3	2
Percentage of Tuition Refund					
3rd Day of Class			100%	100%	100%
1st Week	100%	100%	60%	40%	20%
2nd Week	80%	60%	40%	20%	0%
3rd Week	60%	40%	0%	0%	0%
4th Week	40%	20%	0%	0%	0%
5 th Week	20%	0%	0%	0%	0%
Thereafter	0%	0%	0%	0%	0%

A student's withdrawal may require that part or all of his/her financial aid be repaid. All financial aid that is **not** federally funded Title IV aid will be refunded at the same percentage as tuition and room/board charges.

All federally funded Title IV financial aid programs are administered according to specific program guidelines and regulations. A student's eligibility for future federal financial aid can be adversely affected by dropping classes and withdrawing from the University **after** financial aid funds have been disbursed based upon a particular enrollment status. This is particularly true for the grant programs which have limitations placed upon the number of semesters a student can receive aid. The federal refund policy guidelines can be found in the Federal Student Financial Aid Handbook located in the Office of Financial Aid.

Students should also be aware of the effect that altering their enrollment status may have on their measurable "satisfactory academic progress" status. *All students receiving financial aid are advised to seek academic counseling and financial aid advisement before deciding to change their enrollment status.* The satisfactory academic progress policy can be found on the Campbellsville University website under Financial Aid.

Dropped Class Policy

There will be *no partial refunds* for dropped classes. Students who drop individual classes before the published last day to register, "census date," will receive no grade and a full refund. Classes dropped after this date will receive a grade and no refund. Adding a second eight-week course even after dropping a class may result in additional tuition charges. When a student drops all his/her classes, he/she is considered withdrawn and must submit a withdrawal form in order for the withdrawal and refund policy to be applied.

Add Class Policy

Courses added after the census date of each term will increase the current credit hour load and may result in additional charges. Students must have approval from their academic advisor to add a class, and a

Student Schedule Change Form must be filed in the Registrar's Office for any class added after the census date.

TUITION AND FEE RATES

Tuition and fee rates can vary based on student program, instructional method or campus location. Tuition and fees are subject to change. Changes become effective on the date of enactment. Information about costs associated with Campbellsville University can be found on the university website under *Financial Aid: Tuition & Fees*.

REGISTRAR'S OFFICE

Transcript Request

Federal law requires a written release for your transcript. The Family Education Rights and Privacy Act, 1974 (FERPA) is a federal law that requires written permission from the student to release a transcript. Transcript requests can be made through the National Student Clearinghouse (NSC). To access the NSC, visit the Registrar's Office page of the Campbellsville University website.

Visiting Student Forms

A Visiting Student Authorization Form must be submitted for each course you plan to take at another university and have transferred to Campbellsville University. The form is available in the office or with your advisor. The visiting student form must be approved by the student's advisor before submitting to the Registrar's Office. Once it has been approved, a letter of good standing will be mailed to the visiting university for you.

FINANCIAL AID INFORMATION

The Office of Financial Aid handles the awarding of all scholarships, grants, loans, and student employment. Office hours are Monday through Friday, 8 a.m. to 5 p.m., except for University approved holidays. The office is located in the Administration Building Room 17. You may contact the office by calling (270) 789-5013 or email finaid@campbellsville.edu.

Questions regarding Federal Work-Study and University Work-Ship should be directed to the Office of Financial Aid. Questions regarding student accounts and billing should be directed to the Office of Student Accounts.

At Campbellsville University, the actual amount of the financial aid award is determined by the student's financial need. "Need" is defined as the "cost of attendance" minus the "student aid index."

Students are required to maintain satisfactory academic progress to maintain financial aid eligibility.

Applying for Financial Aid

1. Submit an Application for Admission (new students) and the Free Application for Federal Student Aid (FAFSA). The FAFSA must be completed and processed before eligibility for financial aid can be determined. The priority date for filing FAFSA is as soon after October 1 as possible. Accepted applicants will be awarded financial aid based on financial need and the availability of funds.
2. Returning students are required to complete the FAFSA each year to receive federal and state financial aid. The Office of Financial Aid can assist in completing the FAFSA
3. If selected for verification, students must complete the process before financial aid can be disbursed.

Student Employment

The employment opportunities at Campbellsville includes Federal Work-Study and University Work-Ship.

Federal work-study is a federally subsidized program in which wage costs are shared by the federal government and the University. Students may be employed by the University, government agencies or private, non-profit organizations working in community service jobs. Because it is federally funded, Federal Work-Study must adhere to strict regulations enacted by Congress and enforced by the U.S. Department of Education.

University Work-Ship is funded entirely by the University. Work-ship is awarded to students who are not eligible for federal work-study. Students should check with the Office of Financial Aid to determine eligibility for work-ship. The Office of Financial Aid will provide a list of jobs available each year. Work-ship students must adhere to institutional policies and procedures.

For questions regarding your eligibility for work-study/work-ship or your current position, call (270) 789-5013.

Satisfactory Academic Progress to Maintain Financial Aid Eligibility

Satisfactory Academic Progress Policy (Undergraduate)

Federal regulations require that all students who receive any federal or state financial assistance make measurable academic progress toward a degree at Campbellsville University. Progress is determined quantitatively (hours attempted versus hours earned and time frame) and qualitatively (GPA). Progress is monitored after each term.

Most post-baccalaureate students and those seeking a second undergraduate degree or certificate should be aware that assessment of their satisfactory academic progress status will be based on criteria established for undergraduate students. Those students readmitted to Campbellsville will be evaluated for SAP upon registering for classes. Please refer to the information below for the correct calculation for your program.

Enrollment

A minimum standard for full-time enrollment at the undergraduate level is 12 credit hours per semester. A minimum standard for part-time enrollment (at least half time) at the undergraduate level is six credit hours per semester.

Quantitative

The maximum time frame in which a student must complete his or her degree cannot exceed more than 150% of the published length of the student's major. All undergraduate majors at Campbellsville require a minimum of 120 hours to complete the degree. Campbellsville undergraduate students can therefore attempt up to 180 hours and still be eligible for aid. Once 180 hours are exceeded, eligibility for aid would be suspended. All semesters and credit hours attempted are used toward the maximum time frame allowance regardless of whether the student received financial aid. All repeated courses, failed courses, withdrawals, courses taken from a change of major and transferred hours will count as credit hours attempted toward the maximum time frame.

To complete the necessary number of credit hours to complete a degree at Campbellsville at an acceptable rate, students must complete two thirds (2/3) of all hours attempted. All earned hours will be divided by the attempted hours for previous coursework at other institutions and at Campbellsville University. If the percentage rate is not above 67% the student will receive a warning for the first term. A denial notice will be given and aid eligibility will be suspended if the student does not meet the requirements following the completion of the next term. The percentage passing rate will not be rounded. Grades of W, I, and F and transfer hours are counted as attempted hours; however, grades of W, I, and F will NOT be counted as earned hours. Retaking courses will add to the attempted total but will count only once as an earned credit.

Example:

Fall Hours Attempted	Spring Hours Attempted	Total Hours Attempted	Hours Student Must Earn
12	12	24 x .67 (2/3)	16
9	9	18 x .67 (2/3)	12
6	6	12 x .67 (2/3)	8

Qualitative

The minimum acceptable grade point average for undergraduate students is 2.00 after two years (four semesters).

Notification of Results

Students who do not meet the Satisfactory Academic Progress requirements will be notified via email at the completion of the semester.

HOW TO REGAIN ELIGIBILITY

Quantitative-Maximum Time Frame

To regain eligibility, you must graduate and advance to a new career level (UG to GR)

Quantitative-Hours Attempted vs. Hours Earned

To regain eligibility, take courses at your own expense in a subsequent term or terms and meet the standards according to the cumulative credit hours' completion ratio outlined above under the heading **Quantitative**. Once you have taken the courses and earned passing grades, you will need to notify the Office of Financial Aid to complete a clearance form.

GPA

To regain eligibility, complete courses at your own expenses at Campbellsville and raise your cumulative GPA to the acceptable standard. Once you have completed the courses and raised your GPA, you will need to notify the Office of Financial Aid to complete clearance.

Right to Appeal

If there were extenuating circumstances (injury, illness, death of a relative) that prevented you from meeting the standards of our Satisfactory Academic Progress Policy, then you have a right to file an appeal with the Committee for Financial Aid Appeals. In this appeal you must explain the following items: 1.) The reason why you did not meet Satisfactory Academic Progress and 2.) What has changed now that will allow you to make satisfactory academic progress at the next evaluation.

If your appeal is approved, you will be placed on probation for one term, and after the probationary period, you must be making satisfactory academic progress or successfully following the Academic Success Plan that was submitted. You will be notified via email with the results of your appeal.

Packages placed in the Smart Lockers have 5 days to be picked up before they expire and are moved to the TigerShop for storage. All students must present a picture ID to pick up packages and mail at the counter. Your student ID is preferred, but you can use a driver's license or passport as well. Any further adjustments to the pickup process will be communicated through email announcements.

Mail Delivery

Mail is received on campus Monday through Friday. Mail and packages are not delivered to the university on Saturdays and Sundays. Any First-Class mail not picked up within 30 days will be forwarded to the billing address on file (within the US). Unclaimed packages will be forwarded to the billing address on file, returned to the sender, or disposed of unless prior arrangements are made. All incoming mail and packages should have your name (first and last) and mailbox number, or the last four digits of your student ID as shown in the example. Mail and packages that are not addressed properly require additional steps that slow down the mailroom process.

Outgoing mail and packages

Outgoing mail and parcels are taken to the local United States Post Office each morning at approximately 9:30 a.m. Outgoing mail, that must be weighed or have special services, needs to be at the University Mailroom no later than 5 p.m. the day before, so it can go out the next morning. UPS and FedEx pickup times vary; students may call for additional information. Outgoing mail that is placed in mail drop-off slots must have proper postage affixed and should have a return address. Mail without postage or insufficient postage will be returned by USPS. Note: Postage is not required for on-campus mail.

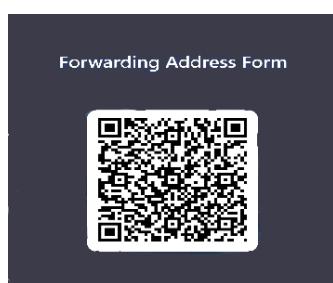

Mail Forwarding

At the end of each semester, leftover packages will be examined and evaluated. Any packages sitting longer than a year, or packages of students no longer at CU will receive a final notice email. Afterwards packages unclaimed will be sent back to the sender if possible, or they are discarded. Mail forwarding service is available for students during Summer and Christmas break by request. The University will also forward mail after graduation. If you do not provide a forward address, we will use your billing address. During this time, change your address with your bank, credit cards, etc. Please stop by to fill out a forward form in the TigerShop or by scanning the QR code located at the bottom of the page. Mail forwarding is only available for U.S.P.S. First-Class mail or higher to a domestic address. Campbellsville University is not responsible for mail that is given to the United States Post Office to be forwarded. Forwarding is not available for FedEx and UPS packages, or to an international address. You can opt to pay for shipping on FedEx and UPS packages if you need these items.

Misconduct

Tampering with mail other than one's own is a criminal offense. Offenders will be subject to disciplinary action by the Judicial Council and/or local authorities and face possible fines and restitution costs.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The following policy is in accord with Kentucky Revised Statute 164.283, the Family Education Rights and Privacy Act of 1974, also known as the Buckley Amendment, and the regulations formulated by the U.S. Department of Education.

Campbellsville University provides eligible students or their parents, when applicable, with the opportunity to review the student's education records, to seek correction of information contained in these records and to limit disclosure from the records.

The University will release directory information to the public in response to a legitimate request unless the student files a written request with the Registrar's Office each year. This request must be on file within two weeks of the first day of classes and is valid for one year. Directory information is defined as student name, address, telephone number, date and place of birth, major fields of study, participation in officially recognized activities and sports, weight and height of athletic team members, dates of attendance, degrees and awards received and most recent educational institution attended.

The Privacy Act also prohibits the distribution of grades to parents or guardians without a student's prior written consent, or a statement of dependency from parent or guardian when the student is a dependent as defined under the Internal Revenue Code.

Student consent is **NOT** required to release records to the following:

1. School officials who have legitimate education interest.
2. Transfer of materials under court order or lawful subpoena.
3. Parents of dependent students as defined by IRS.
4. Directory information.

Campbellsville University does not discriminate on the basis of gender, race, or nationality or ethnic origin in admission, financial aid, student activities, employment or other policies.

Model Notifications of Rights under FERPA for Postsecondary Institutions

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

(1) The right to inspect and review the student's education records within 45 days after the day the [Name of postsecondary institution (“School”)] receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the [School] in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the [School] who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the [School].

[Optional] Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE TO POSTSECONDARY INSTITUTION: FERPA requires a school to make a reasonable attempt to notify each student of these disclosures unless the school states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

NOTE: In addition, a school may want to include its directory information public notice, as required by §99.37 of the regulations, with its annual notification of rights under FERPA.

Optional: See the list below of the disclosures that postsecondary institutions may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student –

- To other school officials, including teachers, within the [School] whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. ((§99.31(a)(7)))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. CAMPUS SAFETY REPORT

Introduction

Campbellsville University is concerned with the safety and well-being of its students, faculty, staff, coaches, and visitors who are on the University's campus. The University maintains a staff of public safety officers who monitor the campus and respond to calls for assistance. These officers are trained in various areas of safety to provide the safest possible living and learning environment for Campbellsville University's students.

The safety officers' authority is established and defined by the administration of Campbellsville University. The policies established by the administration provide for crime prevention and victim assistance. Campus safety officers provide basic security and monitor the campus for safety deficiencies. The officers also perform an academic service and support role at Campbellsville University because observance of policies, rules and regulations is part of the overall educational experience. In addition, it is their responsibility to provide reasonable assistance in the enforcement of state and local laws.

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 and the Kentucky Postsecondary Education Campus Security Act of 2000, crime statistics are made available on the University's website. The numbers are subject to change due to on-going investigation results. The Daily Crime Log can be viewed in the Office of Campus Safety and Security located on the corner North Columbia Avenue and 1 University Drive.

Campus Safety and Security Cell Phone: (270) 403-3611
Campus Safety and Security Office Number: (270) 789-5555
Campus Safety and Security Records Number: (270) 789-5513

Reporting Crimes

Any member of the administration, faculty, staff, coaches, or student body of Campbellsville University may report a criminal action. The enforcement authority for violations of local and state laws is the primary responsibility of governmental agencies having power of arrest. They can be reached by dialing 911.

Violations of campus policies and/or criminal acts should be directed to the Office of Campus Safety and Security. After officials have been contacted, the Office of Student Services or other appropriate college official should be notified. Campbellsville University safety officers work closely with the local police and in most cases, resolve conflicts or problems quickly. All pertinent emergency numbers are published in the Student Handbook and are prominently displayed in faculty/staff publications.

In case of a medical or weather emergency, call 911 for local rescue and emergency services. Accidents or incidents that require immediate attention by a physician should be reported within 24 hours to either the Office of Student Services or the Office of the Vice President for Finance and Administration.

Building Security

Safety and security officers on campus attempt to provide a safe/secure environment for CU students. Whether it be locking/unlocking campus buildings, patrolling the campus during evening hours, investigating suspicious acts, or monitoring parking lots/issuing parking tickets, etc., the emphasis is to keep students and campus community more safe and secure.

All campus buildings are secured and patrolled by CU safety officers. Unauthorized entering ("entering a campus building or facility without proper authorization") is considered a violation of campus values, which will result in disciplinary action with minimum sanction of loss of privilege or may be turned over to local police for investigation.

Access to residence halls is limited to residents, authorized personnel and invited guests of residents. Back doors of all residence halls are locked for security reasons.

Residence hall personnel are on duty at the front door of the residence hall to admit late returnees upon presentation of a student ID or guest pass. Doors are not to be propped open for re-entry after hours. Persons caught propping doors will be disciplined.

Student Responsibility

Student cooperation and involvement are vital to a campus safety program. Students should assume responsibility for their safety and personal belongings by taking simple, common-sense precautions.

Students should lock their rooms when their rooms are unoccupied, if only for a few minutes. Valuables such as stereos, cameras, televisions and computers should be marked with an engraving tool and serial numbers should be recorded and kept in a secure location. Cars should be parked in well-lit areas and always locked, with valuables in the trunk.

Students who see suspicious looking individuals or unusual incidents in or around the residence halls are encouraged to contact the Office of Safety and Security or the Graduate Residence Manager.

Current Policies Concerning Campus Law Enforcement

All students are required to abide by the laws of the local, state, national and international governments and are subject to judicial action by the University for violation of any of the laws thereof. Sanctions correspond to the degree of seriousness of the law violated.

In reporting a fire or personal injury, call 911 and give exact directions to the site of the fire or injury. Have someone stand nearby the incident to give emergency officials a complete description of the emergency.

The fire department requires that all fire alarms be turned into the local fire station. When an alarm is called in, fire officials will come on campus, evacuate the building and search for possible fire.

Crime Prevention Programs and Security Procedures

Crime prevention programs are held each semester at orientation and residence hall meetings to instruct students on how to avoid situations that would place them in danger. RAs receive special training to educate and deal with campus security procedures. Personal security issues are brought to the students in a variety of ways during these sessions. Detailed safety/security information is published in the Student Handbook, which is distributed at the beginning of the fall semester to faculty, staff, coaches, and students.

Specific notices are distributed and posted when events and circumstances need to be explained to the campus community.

Education programs to promote the awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses are presented each semester. Self-defense seminars are also offered.

Booklets, brochures, and other handouts regarding safety procedures to protect from sexual crimes are made available through residence halls.

Should a sex offense occur on campus, residence hall staff or campus security should be notified immediately! They will in turn notify the appropriate authorities. The importance of preserving evidence for proof of a criminal offense is stressed to the students.

Information regarding on/off campus counseling, mental health, and other student services for victims of sex offenses is posted and made available through the Office of Student Services.

Substance Abuse: Prevention and Intervention

Campbellsville University complies with the federal regulations regarding the Drug-Free Workplace Requirements and, therefore, prohibits the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance on its campus and with University-sponsored classes, events and activities. Because the use of alcohol, narcotic drugs, and other mind-altering drugs can be detrimental to the health of the individual members of the campus community, such use is in direct violation of the standards of the University. This policy applies to students, faculty, staff, coaches, and administration.

Education and prevention programs on alcohol/drugs are presented each semester to students at residence hall meetings, orientations, and chapel/convocations.

ANTI-HAZING POLICY

Campbellsville University strictly prohibits all forms of hazing. Hazing is defined as any act—whether physical, mental, emotional, or psychological—that subjects another person to harassment, intimidation, or abuse as a condition of membership, affiliation, or continued association with a group, regardless of the person’s willingness to participate.

This includes any conduct that may cause embarrassment, discomfort, endangerment, or harm and applies to all students, student organizations, teams, and other affiliated groups. Voluntary participation is **not** a defense.

Legal Compliance

- **Faculty or Staff Advisors**

Retaliation against any person who reports hazing in good faith is strictly prohibited.

Investigation Process

Upon receiving a report:

1. **Preliminary Review:** The Office of Student Services will review the report to assess immediate risk and determine if an investigation is warranted.
2. **Formal Investigation:** If warranted, a thorough, impartial investigation will be conducted. This may involve interviews, evidence review, and collaboration with law enforcement if applicable.
3. **Outcome & Sanctions:** Findings are evaluated according to the Student Code of Conduct, and appropriate sanctions are imposed. Appeals may be submitted in accordance with university procedures.

**for a complete review of the judicial process, please review the Campbellsville University Student Handbook.*

Sanctions for Hazing

Disciplinary action for individuals or groups found responsible for hazing may include one or more of the following, even on a first offense:

- Disciplinary Probation
- Loss of University Privileges or Recognition
- Fine of \$350
- Restitution for Victim Counseling Costs
- Suspension
- Expulsion

Sanctions apply regardless of whether the act occurred on or off campus.

Prevention & Awareness Initiatives

Campbellsville University promotes a culture of safety, respect, and accountability through research-informed prevention strategies, including:

- **Annual Hazing Prevention Training** for all student organizations, athletic teams, and campus leaders
- **Educational Campaigns** during National Hazing Prevention Week and throughout the academic year
- **Orientation Information** for new students highlighting hazing policies and resources

Conclusion

All members of the Campbellsville University community share responsibility for upholding this policy. Hazing has no place in our campus culture. Through proactive education, firm accountability, and compassionate support, we strive to create a safe and inclusive environment for all.
