Alabama

For RN and PN licensure:

- Must graduate from a board-approved program
 - Alabama law requires graduation from a program accredited by an accrediting body recognized by the U.S. Department of Education.
- [Requirements for RN and LPN programs](#)

All applicants for LPN or RN licensure in Alabama must have completed an approved nursing education program which is approved by the ABN, or substantially meets the same educational criteria as Alabama nursing education programs in order to be eligible to sit for the national licensure examination required by ABN to enter practice as an LPN or RN upon successful passage of the NCLEX®.

<https://www.abn.alabama.gov/nursing-programs/#tab-lpn>

You must request your nursing program to submit an official transcript to the ABN in a sealed envelope. Faxed transcripts are not accepted.

Alaska

For RN licensure:

- Must graduate from a board-approved program
- All RN applicants are required to have graduated from a program that is nationally nursing accredited

<https://www.commerce.alaska.gov/web/cbpl/ProfessionalLicensing/BoardofNursing/NursingStatutesandRegulations.aspx>

Arizona

For RN and LPN licensure:

- Must graduate from a board-approved program;

An applicant for a license to practice as a registered nurse shall file with the board a verified written application accompanied by the prescribed fee and shall submit satisfactory proof that:

1. The applicant has completed satisfactorily the basic curriculum in an approved registered nursing program and holds a diploma or degree from that program.
2. The applicant, if convicted of one or more felonies, has received an absolute discharge from the sentences for all felony convictions three or more years before the date of filing an application pursuant to this chapter.
3. If the applicant has been convicted of a felony pursuant to section 13-604, the court has entered judgment of conviction for a class 1 misdemeanor.

New graduates must be licensed within 2 years of graduation, or they will be required to complete a refresher course upon passing NCLEX.

Arkansas

PN and RN Licensure Requirements:

- Must graduate from a board-approved program;
- Eligibility for licensure as a practical or registered nurse is considered after successful completion of a Board approved nursing education program; however, completion of a nursing program does not guarantee the Arkansas State Board of Nursing's approval to take the licensure examination. All applicants for licensure shall complete a criminal background check per ACA §17-87-312 . No person shall be eligible to receive or hold a license issued by the Board if that person has pleaded guilty or nolo contendere to, or been found guilty by any court in the State of Arkansas, or of any similar offense by a court in another state, or of any similar offense by a federal court of any offense listed in ACA §17-3-102.
- If you graduated from a nursing program outside of Arkansas, your nursing education program director must complete a paper Affidavit of Graduation form and mail it directly to the Arkansas Board of Nursing.
 - An official transcript must be submitted to the ASBN office prior to release of your examination results and issuance of a license. This must come directly from your nursing program. In accordance with the Arkansas State Board of Nursing Rules, a transcript shall reflect:

Courses taken, dates of admission, state of separation or graduation from the program, hours/credits, units earned, degree, diploma, or certificate awarded, signature of the program

director, registrar or official electronic signature and seal of the school or be printed on security paper or an official electronic document.

If you graduated from a nursing program outside of Arkansas, your nursing education program director must complete a paper Affidavit of Graduation form and mail it directly to the Arkansas Board of Nursing.

[Click here for a copy of the paper Affidavit of Graduation form.](#)

California

For RN licensure:

- [Licensure by Examination](#)
- All applicants must have completed an educational program meeting all California requirements. If you are lacking any educational requirements, you must successfully complete an approved course prior to taking the examination.

Out of State Nursing Programs: If you attended a nursing program in another State, you may have your transcripts sent to our Board electronically from a certified third-party electronic transcripts vendor such as Parchment, National Student Clearinghouse, or directly from your school. Electronic transcripts must be sent to brn.etranscripts@dca.ca.gov.

Colorado

For PN and RN licensure:

- Must graduate from a board-approved program;
- [Licensure Requirements \(Page 2\)](#)

3.3 A Graduate of a nursing education program approved by a board of nursing of another state or territory of the United States is eligible to take the NCLEX examination for professional or practical nursing, provided that:

- A. The applicant graduated from a traditional nursing education program that was accredited by an agency recognized by the United States Department of Education and/or Council for Higher Education Accreditation and approved by a board of nursing of a state or territory of the United States; B. An official school transcript reflecting completion of institutional requirements for the degree/diploma/certificate and the date of completion is provided in a manner approved by the Board; and
- C. All other requirements of state law and these Chapter 1 Rules and Regulations are met.

Connecticut

For RN licensure:

RN Licensure by Examination

Before applying for licensure, please familiarize yourself with the general licensing [policies](#).

In order to be eligible for registered nurse licensure by examination, an applicant shall:

Successfully complete a nursing program that meets the requirements outlined in the Regulations of Connecticut State Agencies ([RSA](#)):

External degree programs are reviewed and approved on an individual basis. To date, Excelsior College's External Degree program has been approved at both the Associate and Baccalaureate levels.

Successfully complete the National Council of State Boards of Nursing Licensing Examination-RN ([NCLEX-RN](#));

Foreign trained applicants must successfully complete the CGFNS International Certification Program prior to being eligible for examination.

Required Documentation

The following documentation must be submitted directly to this office from the source:

A completed application and fee. Applications are only being accepted online. Paper applications are not accepted. Please select this link to [apply online](#);

An official transcript of nursing education, verifying the award of a degree, diploma or certificate in nursing;

Foreign-trained applicants need only arrange for verification of completion of the International Certification Program to be submitted by [CGFNS](#) (a transcript from your nursing school is not required).

Examination Registration/Administration

Applicants need to register for the examination with Pearson Vue. Select this link to register [online](#).

Please do not submit your Connecticut license application until such time as you are registered for the examination with the testing service. If you are not registered for examination at the time of submission of your application and transcript, it may delay this office's approval for you to sit for the examination.

Upon receipt in this office of the Connecticut registered nurse licensing application, a transcript verifying completion of nursing school (or verification of CGFNS for foreign trained nurses) this office will deem the applicant eligible for examination electronically.

Applicants who are deemed eligible for examination will receive an Authorization To Test (ATT) letter in the mail or through e-mail that will include information regarding scheduling an examination. The ATT will be sent directly from the testing service. Applicants should complete an NCLEX registration form with requisite examination registration fee each examination administration.

Please note examination results are not released by the Department via the telephone. Results are not official until received in this office. The Department will mail official results to candidates following routine processing.

Delaware

For LPN and RN licensure:

Delaware has not made a determination of whether an out of state school meets curriculum requirements. Instead, for RN licensure, Delaware requires that an RN applicant must:

- Graduate from a board approved nursing program in the state where the program is located.
- Have completed at least 200 clinical hours for an LPN program and 400 clinical hours for a RN program.
- An official transcript **showing the degree you received and the date** if you received your Nursing education in the U.S. or a U.S. territory other than Puerto Rico. The school must send the transcript **directly** to the Board office. The Board office cannot approve you to sit for the examination until it receives this final transcript.
 - o The nursing program must be acceptable to the Board. Section 2.4.1 of the Board's [Rules and Regulations](#) explains the criteria for an acceptable Nursing program, such as 200 hours of clinical experience required for LPN students and at least 400 hours of clinical experience required for RN students. If your program is in Delaware, see [Approved Delaware Nursing Education & Refresher Programs](#) .
 - o If 12 months or more have elapsed since your graduation, you must submit a Service Request to re-take the exam (after one year after graduation) in [DELPROS](#).
 - o If two years (24 months) or more have elapsed since your graduation, you are required to submit evidence of completing an NCLEX review course within the previous six months. To be acceptable, the course must include a test(s) and provide either a certificate or letter from the provider as proof of completion. (An email or payment receipt from the course provider is not sufficient.) Before enrolling, make sure that the course meets these requirements. To find a course, we suggest you check with your school of nursing, visit NCSBN Learning Extension at learningext.com or search on the internet.
 - o If five years (60 months) or more have elapsed since your graduation, you are no longer eligible for licensure by examination.
- A [Nursing School Reference Form](#)  sent directly from your school.

Florida

For RN licensure:

- Graduation from a Florida approved or accredited nursing education program as defined in Section 464.003, F.S.
- Graduation from an Accreditation Commission for Education in Nursing (ACEN) or Commission on Collegiate Nursing Education (CCNE) accredited nursing program that has been issued an NCLEX code by NCSBN.

- Graduation from a nursing education program that is approved or recognized by the jurisdiction in which it is based and that has been issued an NCLEX code by the National Council of State Boards of Nursing (NCSBN).

464.008 Licensure by examination.—

(1) Any person desiring to be licensed as a registered nurse or licensed practical nurse shall apply to the department to take the licensure examination. The department shall examine each applicant who:

(a) Has completed the application form and remitted a fee set by the board and has remitted an examination fee set by the board plus the actual per applicant cost to the department for purchase of the examination from the National Council of State Boards of Nursing or a similar national organization.

(b) Has provided sufficient information on or after October 1, 1989, which must be submitted by the department for a statewide criminal records correspondence check through the Department of Law Enforcement.

(c) Is in good mental and physical health, is a recipient of a high school diploma or the equivalent, and has completed the requirements for:

1. Graduation from an approved program;
2. Graduation from a prelicensure nursing education program that the board determines is equivalent to an approved program;
3. Graduation on or after July 1, 2009, from an accredited program; or
4. Graduation before July 1, 2009, from a prelicensure nursing education program whose graduates at that time were eligible for examination.

Courses successfully completed in a professional nursing education program that are at least equivalent to a practical nursing education program may be used to satisfy the education requirements for licensure as a licensed practical nurse.

(d) Has the ability to communicate in the English language, which may be determined by an examination given by the department.

(2)(a) Each applicant who passes the examination and provides proof of meeting the educational requirements specified in subsection (1) shall, unless denied pursuant to s. 464.018, be entitled to licensure as a registered professional nurse or a licensed practical nurse, whichever is applicable.

(b) An applicant who resides in this state, meets the licensure requirements of this section, and meets the criteria for multistate licensure under s. 464.0095 may request the issuance of a multistate license from the department.

(c) A nurse who holds a single-state license in this state and applies to the department for a multistate license must meet the eligibility criteria for a multistate license under s. 464.0095 and must pay an application and licensure fee to change the licensure status.

(d) The department shall conspicuously distinguish a multistate license from a single-state license.

(3) Any applicant who fails the examination three consecutive times, regardless of the jurisdiction in which the examination is taken, shall be required to complete a board-approved remedial course before the applicant will be approved for reexamination. After taking the remedial course, the applicant may be approved to retake the examination up to three additional times before the applicant is required to retake remediation. The applicant shall apply for reexamination within 6 months after completion of remediation. The board shall by rule establish guidelines for remedial courses.

(4) A person holding an active multistate license in another state pursuant to s. 464.0095 is exempt from the licensure requirements of this section. <https://floridasnursing.gov/licensing/>

Initial License by Examination

Qualifications for Licensure in Iowa:

1. Graduation from a board-approved RN or LPN nursing program.

2. Prior to issuing the license, any past felony convictions or record of prior disciplinary action, regardless of jurisdiction, must be reviewed and approved by the board.
3. Passing the NCLEX examination as prescribed by the board.

Nurse Licensure Compact Information:

If you live in a state that is a member of the Nurse Licensure Compact Agreement, which includes Iowa, you **MUST** apply for licensure in your primary state of residence. Primary state of residence is defined as where you hold a driver's license, vote, and pay taxes. You can view the list of compact states at the National Council of State Boards of Nursing, Inc. by going to the [Nurse Licensure Compact website](#).

The NCSBN webpage also has a [fact sheet and additional resources regarding the NLC](#).

The compact does not supersede federal law. Military and federal employees may apply for licensure by examination in Iowa regardless of their primary state of residence.

How to apply for licensure by examination:

You must follow the exam instructions provided in the link below:

- [Exam Instructions](#)
- [Exam instructions and a checklist for foreign educated nurses](#)

Complete an application online and pay the exam fee of \$143.00. **This fee is nonrefundable.** This is the **preferred** method of application. Go to [IBON Online Services](#) to begin your application.

- If you are a new graduate of an Iowa school, a packet of required documents with instructions will be given to you by your nursing school program.
- If you are a previous graduate from an Iowa school (who has never taken the NCLEX exam), or a graduate from an out-of-state school, you must contact the IBON to request a packet of required documents with instructions to be sent to you by ground mail after the online application and fee are submitted.
- If you are a graduate from an out of state school, you must contact the IBON to request a packet of required documents with instructions to be sent to you by ground mail after the online application and fee are submitted.

NCLEX Accommodations Request

Pursuant to 655 Iowa Administrative Code, Nursing Board, individuals with disabilities may request special testing accommodations. Direct inquiries to the Iowa Board of Nursing as early as possible, preferably prior to graduation, in order to expedite the approval process.

Please refer to the [NCLEX Accommodations](#) page for detailed information. You may phone 515.281.3255 or e-mail ibon@iowa.gov for additional information.

Exam Results

If you pass the examination, you will receive your certificate of licensure by the email under which you are registered with the Board. If you failed the examination, a paper copy of the exam results and re-exam instructions will be mailed by ground mail.

Verification of Iowa Licensure Following Examination

License numbers will not be released by phone.

Licensing Status:

NOTE: To find out the status of your application go to [IBON Online Services](#) and choose - “Check the Status of an Application in Process” prior to calling the Nursing Board office.

Online License Verification Options:

1. IBON website at <https://nursing.iowa.gov>. Click on the tab "IBON Online Services" and then click on “Secured Access” and sign in using your Account ID and password and then you will be able to find your license information by last name and last four digits of your social security number.

Massachusetts Board of Nursing

According to Massachusetts regulation, [244 CMR 8.00](#) Initial Licensure by Examination or Reciprocity requires graduation from an approved nursing education program.

Approved Nursing Education Program means a nursing education program for Registered Nurses or Practical Nurses, as applicable, located in Massachusetts and approved by the Board pursuant to [244 CMR 6.00](#), **or** a nursing education program located outside Massachusetts which, in the opinion of the Board, maintains **standards substantially the same** as those required for approval of a nursing education program in Massachusetts *and* which program is approved by the nursing board or corresponding body in the jurisdiction where the program is located.

Based on the Certificate of Graduation, the following information is evaluated to determine that the standards of the nursing program are substantially the same to those required by regulation in Massachusetts:

- the nursing education program was approved by the legal approving authority during the licensure applicant's enrollment;

- parent institution is accredited;
- the program maintains program accreditation by a Board recognized accrediting agency;
- the curriculum includes theoretical and clinical components for nursing across the lifespan (this includes: Medical/Surgical, Pediatrics, Obstetrical, and Mental Health);
- the program follows the NCSBN Guidelines for Substitution of Clinical Hours with High Fidelity Simulation;
- if program is an online program, the Program must be authorized to operate by distance education; and
- if the graduate completed any of their clinical rotations in Massachusetts, the Program must be authorized to operate in Massachusetts.

Michigan

All Applicants

- Criminal Background Check – Once the online application is completed and submitted you will be emailed an Application Confirmation letter containing instructions to complete the Criminal Background Check (except those applicants seeking relicensure if the license expired within the last three years).
- Good Moral Character Questions – Documentation and explanation will be required if you answer “yes” to either question to show at the current time you have the ability to, and are likely to, serve the public in a fair, honest and open manner, that you are rehabilitated, or that the substance of the former offense is not reasonably related to the occupation or profession for which you are seeking a license.
- Human Trafficking Training – Beginning January 6, 2022, completion of a one-time training to identify victims of human trafficking is required for individuals seeking licensure that meets the standards of Administrative Rule 338.10105.
- Implicit Bias Training– Beginning June 1, 2022, completion of 2 hours of implicit bias training within the 5 years immediately preceding issuance of the license or registration is required.
- Social Security Number (SSN) – An individual applying for licensure is required to provide his or her social security number at the time of application. If exempt under law from obtaining an SSN or you do not have an SSN, the SSN affidavit form will be required to be uploaded at the time the application is submitted.
- Verification of Licensure – Verification of licensure must be submitted directly to our office by the licensing agency of any state of the United States or country in which you hold or ever held a license. The verification must show that disciplinary proceedings are not pending against the applicant and sanctions are not in force at the time of application. Verification can be emailed to bpldata@michigan.gov or mailed to the Bureau of Professional Licensing, PO Box 30670, Lansing, MI 48909, or obtained by visiting www.nursys.com and choosing Request Verification under the Verification for Endorsement section.
- Professional Education – Name of school attended, and name of educational program completed.

- English Language Proficiency – An individual applying for licensure must demonstrate a working knowledge of the English language. This can be established if either the applicant’s required health professional educational program was taught in English, a transcript establishes the applicant earned not less than 60 college level credits from an English-speaking graduate or undergraduate school, or that the applicant obtained a passing score on an approved English proficiency exam as established by the department under R 338.7002b(2) of the Public Health Code – General Rules.

6305.0400 REQUIREMENTS FOR LICENSURE BY EXAMINATION.

Subpart 1. Licensure application. An applicant shall obtain the application for licensure and instructions for filing from the board. An applicant shall respond to questions on the application that relate to the grounds for disciplinary action in Minnesota Statutes, section 148.261. An applicant shall submit true information. Falsification or omission of information provides grounds for disciplinary action. If an application is received without a fee, it shall be returned to the applicant.

Subp. 2. [Repealed, 18 SR 2195]

Subp. 3. Further evidence. The board may require further information of the applicant in order to determine whether the applicant has engaged in conduct warranting disciplinary action as set forth in Minnesota Statutes, section 148.261.

Subp. 4. Graduation or eligibility for graduation from approved professional nursing program. An applicant who has graduated from or is eligible for graduation from an approved professional nursing program is eligible for licensure as a registered nurse.

Subp. 8. Confirmation of program completion.

A. Confirmation of graduation or a transcript is required if an applicant graduated from an approved nursing program in a United States jurisdiction or Canadian province. If an applicant submits confirmation of graduation, the confirmation must be completed and signed by an official of the nursing program or controlling institution and must bear the seal or stamp of the program or controlling institution. If the applicant submits a transcript, it must be an official transcript from the educational institution or nursing program that verifies that the applicant has graduated from the nursing program.

B. Confirmation of eligibility for graduation is required if an applicant is eligible to graduate from an approved nursing program in a United States jurisdiction or Canadian province. If an applicant submits a confirmation of eligibility for graduation, the confirmation must be completed and signed by an official of the nursing program or controlling institution and must bear the seal or stamp of the program or controlling institution.

C. If the board finds after the examination has been taken that the confirmation of program completion was completed in error, the examination results shall not be released nor action taken on the application until the applicant has met all requirements for program completion. If there is evidence that the applicant was aware of not meeting program requirements before the examination and did not inform the board, the matter may be handled through a disciplinary proceeding.

RN Pathway #2 For graduates of nursing schools in another state or a U.S. territory
(and never licensed as an RN)

These instructions apply to applicants for licensure as a RN who:

1. have never been licensed as an RN; and,
 2. graduated from a nursing education program that was license qualifying for RN in another state or U.S. territory. (U.S. Territories include: Puerto Rico, U. S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands).
- **STEP 1: COMPLETE NEW YORK STATE'S REQUIRED COURSEWORK.**
You must complete a [NYSED Approved Infection Control Course and a Child Abuse Identification and Reporting Course from an approved provider](#) or qualify for an exemption.
 - **STEP 2: SUBMIT [Online Form 1 - Application for Licensure - RN](#).** You must pay the \$143 license and first registration fee by credit card. If you started filling out **Online Form 1** within the past 30 days, you can continue filling it out by using [this link](#). You will need your Application ID, social security number, and date of birth to access your application. If you already completed **Online Form 1** and want to upload additional documentation to your application use [this link](#). You will need your Application ID, and date of birth to access your application.
 - o **LIMITED PERMIT OPTION.** If you have not taken the NCLEX-RN, you may apply for a limited permit using a [Application for a Limited Permit \(Form 5\)](#). Complete Section I and then ask your prospective employer to complete Section II. Mail the completed form with the \$35 fee to the Office of the Professions at the address at the end of the form.
 - **STEP 3: HAVE YOUR NURSING SCHOOL VERIFY YOUR NURSING EDUCATION.**
Complete Section I of a [Certification of Professional Education \(Form 2\)](#) and send it to your nursing school and ask that they complete Section II. Your school must verify your nursing education on **Form 2** and then send it directly to NYSED. **Form 2** must be signed by the registrar or accompanied by a transcript signed by the registrar.

- **STEP 4: PASS THE NCLEX-RN.**

Register directly with Pearson VUE to take the NCLEX-RN at www.pearsonvue.com/nclex/ or by calling Pearson VUE at 1-866496-2539. If you have a disability and are seeking a reasonable accommodation to take the NCLEX-RN, submit a completed [Request for Reasonable Testing Accommodations Form](#) to NYSED. To retake the NCLEX-RN, you must reregister with Pearson VUE.

- **ADDITIONAL STEP IF YOU HAVE BEEN LICENSED AS AN LPN OR LVN IN ANOTHER STATE OR U.S. TERRITORY:**

If you have been licensed as an LPN or LVN in another state or a U.S. Territory, you must arrange to have information verifying your license(s) provided to the NYSED. There are two methods for verifying your LPN or LVN license:

- o **Nursys®:** NYSED participates in Nursys® (an online service), to verify an applicant's LPN or LVN licenses from most other U.S. states. If you were licensed as an LPN or LVN in a state that participates in Nursys®, use the Nursys® service to verify your nursing license to the NYSED. To find out whether your state participates in Nursys, visit: www.nursys.com. To sign-up for Nursys®, visit www.nursys.com. After you sign up and pay the fee, Nursys® will provide verification of your nursing license directly to the NYSED.
- o **Form 3:** If have been licensed as an LPN or LVN in a state or U.S. Territory that does not participate in Nursys®, Complete Section I of a [Verification of Other Professional Licensure/Certification \(Form 3\)](#) and send it to the licensing authority that granted you your nursing license and ask that they complete Section II. The licensing authority will verify your nursing license on **Form 3** or a similar document and send it to the NYSED.
- **ADDITIONAL STEP IF YOU ARE LICENSED TO PRACTICE A PROFESSION OTHER THAN NURSING.** If you are licensed to practice another profession in a state other than New York or in a U.S. Territory, you must complete Section I of a [Verification of Other Professional Licensure/Certification \(Form 3\)](#) and send it to the licensing authority that granted your license and ask they complete Section II. The licensing authority will verify your license on **Form 3** and then send it to the NYSED.

Registered Nurse (RN) and Licensed Practical Nurse (LPN) licensure requirements for graduates of out of state programs:

Education:

- Program must be approved through the State Authorization Reciprocity Agreement (SARA).

ORS 678.040 (1)(2): The applicant must have graduated from a nursing program that is accredited or approved by the licensing Board for nurses in a particular state or United States territory and approved by the Oregon Board of Nursing*; or

- If the licensing Board is not the accrediting or approval authority in that state or United States territory, is accredited or approved by the appropriate agency for that state or United States territory and approved by the Oregon Board of Nursing*.
- LPN or RN education programs do not require accreditation by an agency specifically accrediting nursing programs. (CCNE, ACEN)
- The Board has introduced legislation for the 2021 Oregon legislative session to require all nursing education programs to have a clinical component regardless of state or territory approval. This will affect the ability for applicant graduating from “bridge” programs not offering a clinical component to apply for initial license or endorse their license into Oregon. The outcome of this legislation will be posted to this NCSBN website if it is passed and becomes effective. Target date for implementation would be no sooner than January 2022.
- The Board has also changed its rules for accelerated Master’s Program applicants. Any initial licensure applicant or endorsement candidate must be awarded a Bachelor of Science Degree in Nursing to qualify for licensure as an RN for any student who enrolls in a program after July 1, 2021. The Board will no longer accept letters of equivalency in lieu of a degree.
- Programs offering clinical experiences in Oregon for any licensure level require approval from the Board. [Approval requirements](#) are found in “education”, “Nursing Programs Outside of Oregon”.

*Although written in statute, the Oregon Board of Nursing lacks the jurisdictional authority to approve any out of state program. This language intent is to allow the Board to investigate issues regarding an out of state school and, if needed, deny the ability of the programs applicants to apply for an Oregon license. A program will be notified officially of any Board investigation prior to any action. The Board expects that out of state program standards are equivalent to those found in OAR 851-021.

Other qualifications:

- Completed application including payment of all fees. [Applications here](#), under “applicants”.
- Primary Source verification of graduation via transcript sent directly from the program to the Board.
- Verification of having passed the NCLEX-PN® or NCLEX-RN®.
- Fingerprint based background check. This must be done at the time of application, previous fingerprint results, no matter how recent, will not be accepted.
- The Board is the final authority for issuing a license to practice nursing in Oregon.

Pennsylvania

For RN licensure:

- Must graduate from a board-approved program
- The PA State Board of Nursing's qualifications for licensure are described in Section 6a of the Professional Nursing Law and Section 5 of the Practical Nurse Law. Section 8.1 of the Professional Nursing Law describes the qualifications for certified registered nurse practitioners.
- Educational requirements are described in Sections 21.81, 21.84-21.89, 21.201-21.203, and 21.369 of the Board's regulations.
- [Board of Nursing Laws and regulations](#)

Obtaining a RN license by examination for Pennsylvania graduates means that the applicant completed a Board approved RN nursing program, passed the NCLEX-RN, and meets the additional requirements for licensure.
