Overview

Campbellsville University Mission Statement

Campbellsville University is a comprehensive, Christian institution that offers non-credit technical programs, along with certificates, associate, undergraduate, and graduate programs. The university is dedicated to academic excellence, solidly grounded in the liberal arts that fosters personal growth, integrity, and professional preparation within a caring environment. The university prepares students as Christian servant leaders for life-long learning, continued scholarship by linking discovery research to knowledge at the doctoral level, and active participation in a diverse, global society.

Core Values

- To foster academic excellence through pre-professional certificates, associates, baccalaureate, and graduate programs through traditional, technical, and online systems
- To achieve academic excellence through rigor and relevancy in undergraduate, master's, and doctoral level programs
- To provide an environment conducive for student success
- To value diverse perspectives within a Christ-centered community
- To model servant leadership and effective stewardship

Campbellsville University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award certificates, associate, baccalaureate, and master's degrees. The Commission on Colleges can be contacted at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the status of Campbellsville University.

Statistical Census and Facts (2024)

Total Student Enrollment (average) = 9971

Main Campus Enrollment (average) = 1660

Louisville Campus Enrollment (average) = 2461

Harrodsburg Conover Education Center Enrollment (average) = 340

Hodgenville Brockman Education Center Enrollment (average) = 30

Somerset Noe Education Center Enrollment (average) = 103

Los Angeles Education Center of CU Enrollment (average) = 80

Paris Instructional Site (average) = 5

Total Percent International = 32%

Residence Halls – All Locations

Average for 2024 = 1113 (Spring = 1090 Fall = 1135)

Campbellsville Main Campus:

- 85 Undergraduate Programs; 46 Masters Programs; 9 Post-Graduate Program; 1 PhD Program; 17 Associate Programs; 26 Certificate Programs

Louisville Education Center: (Separate Campus)

- 17 Undergraduate Programs; 13 Masters Programs; 1 Certificate Program

Somerset Noe Education Center: (Separate Campus)

- 3 Certificate Programs

Harrodsburg Conover Education Center: (Separate Campus)

- 7 Undergraduate Programs; 6 Masters Programs; 1 D.C. (Chiro); 12 Certificate programs

Hodgenville Brockman Education Center: (Separate Campus)

- 6 Certificate Program

Los Angeles Education Center /Phillips Graduate Institute: (Separate Campus)

- 1 Master Program

Introduction

Campbellsville University's Main Campus is located in the heartland region of Central Kentucky, just a half mile from downtown Campbellsville, the county seat of Taylor County, with a population of over 23,000.

Several facilities are situated just north of the main campus, housing technical programs and administrative offices. Our Allied Health and Cosmetology programs are located in multiple buildings along Nancy Cox Drive. The School of Barbering, located at 2020 Old Hodgenville Road, remains a key component of our instructional offerings. The University's softball team holds games and practices at Veterans Memorial Park, located at 1362 Old Hodgenville Road, between Nancy Cox Drive and the Barbering School.

The Clay Hill Memorial Forest Education Center is considered a non-campus facility, boasting a 305-acre educational and research woodland located eight miles north of the city, serving as a secondary portion of the main campus. Managed by the Division of Natural Science, it functions as a regional hub for environmental education and research. It is the only designated non-campus property associated with the main campus.

The Office of Campus Safety and Security, located at 419 North Columbia Avenue on the main campus, is responsible for policy enforcement, security operations, and emergency response. Staffed 24/7/365, the office is led by the Director of Campus Safety, who reports to the Vice President for Student Services. Officers are certified in first aid, CPR, and AED use, and assist with both daily patrol and major campus events. The office lobby is open to the public Monday through Friday from 8 a.m. to 5 p.m. After hours, assistance is available by phone at (270) 789-5556 or (270) 403-3611.

In addition to its main campus, Campbellsville University operates seven regional centers designated as separate campuses:

Louisville Education Center South

Located at 4420 Dixie Hwy, Suite #230, in the Shively District, this center houses the Master of Marriage and Family Therapy (MMFT) program and the CU Well Counseling Center. Part-time security staff are employed to address safety concerns. The main campus Office of Campus Safety and Security supports this site through surveillance cameras and access control systems. There are no residential or non-campus buildings at this location.

Harrodsburg Conover Education Center

Located at 1150 Danville Road, Harrodsburg, KY, this fully equipped academic center includes classrooms, a cosmetology salon, science and allied health labs, a chapel, a student lounge, and office space. CU Harrodsburg offers several academic programs, including one of only two chiropractic programs in the South. Multiple residential facilities are available. A 24/7 Campus Safety operation is maintained at the Harrodsburg Campus Safety Headquarters, located at 200 Conover Drive in the Harrod Residential Facility. Officers patrol the entire center and are trained in first aid, CPR, and AED use. There are no non-campus buildings at this location.

Hodgenville Brockman Center

Located at 813 Old Elizabethtown Road, this facility offers programs in Cosmetology and Allied Health. While the center does not employ dedicated safety personnel or have security infrastructure on-site, the main campus Office of Campus Safety and Security collaborates with local law enforcement to monitor the property. In emergencies, local agencies notify main campus security. Faculty and staff serve as Campus Security Authorities (CSAs). There are no residential or non-campus buildings at this location.

Larry and Beverly Noe Education Center (Somerset)

This center offers adult learners access to professional certification programs with both daytime and evening classes. Part-time security staff monitor and secure the premises, and are certified in CPR, AED, and first aid. There are no residential or non-campus buildings associated with this facility.

Los Angeles Education Center (LAEC)

Located at 16830 Ventura Blvd., Suite #200, in Encino, CA, LAEC offers graduate programs in Marriage and Family Therapy and Business. One part-time Campbellsville University officer coordinates with building security staff hired by property management. The building's access points and parking are monitored by contracted professionals, and CU operates a separate camera system monitoring its educational suites. Surveillance feeds are observed both locally and at the main campus. There are no residential or non-campus buildings affiliated with this site.

School of Cosmetology – Paris, KY

Located at 2036 Paris Bypass, Suite 6, this center operated as a certificate program until its closure on January 1, 2025. The facility was monitored by the main campus security through surveillance systems. It had no residential or non-campus buildings. Crime statistics for this location are included in the 2024 Annual Security Report.

CU Louisville (LEC-East)

This site at 2300 Greene Way in the Jeffersontown District ceased operations in March 2025, with programs relocated to the Louisville Education Center South. There were no residential or non-campus buildings at this site. Crime data for 2024 is reflected in the Annual Security Report.

Additional Instructional Sites

Campbellsville University has also offered instruction at the following off-site facilities:

- **Elizabethtown Community and Technical College**, 600 College Street Rd., Elizabethtown, KY
- **Pleasant Grove Baptist Church**, 5664 Hwy 56, Owensboro, KY
- **Jacobs Grove Baptist Church**, 4770 Hodgenville Rd., Greensburg, KY

The **Main Campus Office of Finance** maintains a comprehensive, up-to-date address list of all properties owned or controlled by Campbellsville University. This Annual Security Report includes crime statistics for all university-owned properties and designated public property areas that are within, immediately adjacent to, or accessible from university locations.

The Office of Campus Safety and Security

Mission Statement

The mission of the Office of Campus Safety and Security is to promote a safe and secure living, learning, and working environment for our students, faculty, and staff in a diverse campus community setting. The emphasis is to keep our students and campus community safe and secure by means of a community-friendly approach that enhances safety through accessibility, positive conflict resolution, and crime prevention and awareness programs. The Office of Campus Safety and Security collaborates with all local law enforcement and community organizations in fulfilling its mission. The continuing mission of the Office of Campus Safety and Security extends beyond the boundaries of the main campus and serves all regional centers across the Commonwealth.

Responsibilities and Authority

The University maintains a staff of public safety officers who monitor the campus and respond to calls for assistance. These safety officers are trained in various areas of safety to provide the safest possible living and learning environment for Campbellsville University's students. The safety officers' authority is established and defined by the administration of Campbellsville University. The policies established by the administration provide for crime prevention and victim assistance. Campus safety officers offer basic security and monitor the campus for safety deficiencies. Safety officers also serve in an academic support role at Campbellsville University, as adherence to policies, rules, and regulations is integral to the overall educational experience. In addition, it is their responsibility to provide reasonable assistance in the enforcement of state and local laws.

While campus safety officers do not make arrests, they maintain a close working relationship with all city, state, and county law enforcement officials. Campus Safety Officers do have the right to detain and identify any individual on university property until local law enforcement arrives. Additionally, this office is responsible for protecting property, enforcing University policies, and maintaining order. Officers investigate suspicious acts, monitor parking lots and facilities across the entire campus community, including regional centers.

Campus Safety Jurisdiction

Campus Safety and Security's jurisdiction encompasses its Clery geography, which includes its core or main campus, campus residence halls, buildings, and/or facilities; designated non-campus long-term properties and facilities that are within the city of Campbellsville, KY, Harrodsburg, KY., Somerset, KY., Hodgenville, KY, Louisville, KY, Paris, KY, and Los Angeles / Encino, CA.; public property adjacent to and accessible from on-campus property; and leased, rented, or otherwise recognized and/or controlled buildings, spaces, and/or facilities.

Non-campus locations controlled by the University during off-campus trips with students, where the University enters into an agreement to maintain space for a finite period of time (such as hotel rooms for a two-day stay for an athletic competition), are under the jurisdiction of the local law enforcement entities holding jurisdiction in the area of each location.

Campus Safety and Security does not have an expanded patrol jurisdiction beyond the buildings, facilities, and property the University owns or otherwise controls. This is also true for any contract security personnel working for Campus Safety and Security at educational centers in Louisville, KY, or Encino, CA.

Training- Campus Safety Staff

Along with basic first responder training, all Campus Safety Officers receive training in emergency response, self-awareness, responding to violent students, detecting alcohol and drug intoxication, enforcing campus policies, the Clery Act, the Michael Minger Act, identifying drugs and pills, suicide prevention, Title IX policies, and sexual assault awareness. The Harrodsburg and Somerset centers do maintain a small security force on site that meets the needs of the Centers. The remaining regional centers do not maintain a 24-hour security officer on site. However, Campus Security Authorities may be utilized at the regional centers to assist in the event of a safety or security incident.

Crime prevention remains a primary responsibility of this office, and every effort is made to assist members of the campus community in reducing the risk of victimization. Students are expected to review the Student Handbook, which sets forth the rules and regulations of the institution and provides guidance on personal safety and situational awareness while on campus. Faculty and staff are furnished with the Administrative Policies and Procedures Manual, which serves to enhance communication and understanding of university policy, eliminate the need for individual discretion

on matters of institutional importance, and ensure consistency and uniformity across the University. The manual further includes provisions addressing inclement weather procedures and the University's emergency operations policy.

Facilities Access and Monitoring

Safety officers are responsible for providing a safe and secure environment for all Campbellsville University students, faculty, and staff. Their duties include locking and unlocking campus buildings, patrolling the campus during evening hours, investigating suspicious activity, and monitoring parking areas, as well as issuing parking citations. The primary objective of these efforts is to promote the safety and security of the campus community.

Access to residence halls is restricted to residents, authorized personnel, and guests of residents. For security purposes, the back entrances of all residence halls remain locked at all times. Residence hall personnel may be stationed at the front entrances to admit late returnees upon presentation of a student identification card or guest pass if their access control device is unavailable. At no time are doors to be propped open for re-entry after hours. Individuals found propping doors open may be subject to disciplinary action.

Unauthorized entry, defined as entering a campus building or facility without proper authorization, is a violation of university policy and campus values. Such violations may result in disciplinary sanctions, including loss of privileges at a minimum, and may also be referred to local law enforcement for further investigation.

Written Memorandums of Understanding with Local Police

Campbellsville University currently has no active written agreements or Memoranda of Understanding (MOUs) with any law enforcement agency, including regional center jurisdictions, for the investigation of alleged criminal incidents or for any other purposes.

Local Law Enforcement Assistance

Crime-related reports and statistics are exchanged among local, state, and federal agencies. Local law enforcement agencies are not obligated to report off-campus criminal activity. However, due to the relationship between the University and local agencies, it is mutually beneficial that inter-agency cooperation is achieved and any public property crimes contiguous to the campus are reported to a Campus Security Authority and or Campus Safety and Security personnel.

Collaborative meetings and training sessions are occasionally held to review issues and incidents occurring within the multiple local jurisdictions. Campus Safety and Security is comfortable with and capable of reaching out to these responsive law enforcement entities for support and assistance as it relates to the safety and security of the campus community.

Campus Safety officers and local law enforcement officers communicate regularly on the scene of incidents that occur in and around the campus area. Campus Safety investigators work closely with local law enforcement investigators when incidents arise that require joint communication efforts.

Crime Prevention Programs

Crime prevention programs are held each semester at orientations, first-class seminars, special event opportunities, and residence hall meetings to instruct students on how to avoid situations that would place them in danger. Resident Life staff and organizational sponsors receive specialized training to educate and address campus security procedures that impact the student experience.

Personal security issues are addressed to students in various ways during these sessions. Detailed safety/security information is published in the Student Handbook, which is distributed online at the beginning of the fall semester to faculty, staff, coaches, and students.

Specific notices are distributed and posted when events or circumstances require explanation to the campus community. Education programs to promote the awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses are presented each semester. Self-defense seminars are also offered. Booklets, brochures, and other handouts regarding safety procedures to protect from sexual crimes are made available through residence halls and counseling services. Should a sex offense occur on campus, campus security should be notified immediately! They will, in turn, inform the appropriate authorities. The importance of preserving evidence for proof of a criminal offense is stressed to the students.

Information regarding on/off-campus counseling, mental health, and other student services for victims of sex offenses is posted and made available through the Office of Student Services.

Reporting Crimes

Campbellsville University encourages the accurate and prompt reporting of crimes to the Office of Campus Safety and Security, the Title IX Coordinator, Student Services, or other local law enforcement agencies in a timely manner. The University will investigate all crimes occurring within its jurisdiction, regardless of the delay in reporting. However, prompt reporting allows for swift investigations while witnesses are still available and evidence remains intact.

Any member of the administration, faculty, staff, coaches, or student body of Campbellsville University may report a criminal action. The enforcement authority for violations of local and state laws is the primary responsibility of governmental agencies having the power of arrest. They can be reached by dialing 911.

Violations of campus policies and/or criminal acts should be directed to the Office of Campus Safety and Security. After officials have been contacted, the Office of Student Services or other appropriate college officials should be notified. Campbellsville University safety officers work closely with the local police and, in most cases, resolve conflicts or problems quickly. All pertinent emergency numbers are published in the Student Handbook and are prominently displayed in faculty/staff publications.

In case of a medical or weather emergency, call 911 for local rescue and emergency services. Accidents or incidents that require immediate attention by a physician should be reported within 24 hours to either the Office of Student Services or the Office of Human Resources.

Response

Campus safety procedures require an immediate response to emergency calls for service (i.e., *Emergency Action Plan (EAP)*, *Campus Crisis Communications and Media Response Plan*). Priority response is given to crimes against persons and personal injuries. The university will investigate all reported crimes and may become a matter of public record. Crime victims are given on and off-campus resource information as deemed necessary and appropriate.

Campus Safety and Security personnel at the main campus can notify E-911 dispatchers of emergencies occurring on campus via mobile and two-way radio communications systems. Regional center safety and security personnel and administrative staff utilize mobile communication to advise local jurisdictions of an emergency. Incidents occurring within the University's Clery geography are documented and processed for further investigation and review by the Director of Campus Safety and Security and/or local law enforcement agencies, depending on the nature of the crime, emergency, and the involvement of the responding emergency agency.

Additional information obtained via any investigation may also be forwarded to the Office of Student Services, the Director of Student Conduct, the Director of Student Services, and/or the Vice President of Student Services for review. Residential Life staff may also complete reports of potential criminal incidents that are forwarded to the Office of Student Services for review and processing.

Information Maintenance and Confidentiality

The Office of Campus Safety and Security and the Office of Student Services are responsible for maintaining records and statistical information related to criminal activity, fire alarm activation, and "Students' Right to Know Act" signed information. The Office of Campus Safety and Security is also responsible for releasing public service information as required by state and federal law. In addition to releasing state and federally-required Minger and Clery Act reports, the Office of Campus Safety and Security updates its Incident Daily Log, including all data from regional centers and sites. Campus Security Authorities at all locations and centers are trained and required to report all incidents to the main campus Office of Campus Safety and Security.

In accordance with the Family Educational Rights and Privacy Act (FERPA) and other applicable laws and administrative policies, confidential information will be released only as required by law, or permitted by law under exigent circumstances.

Daily Crime and Fire Safety Log

The Office of Campus Safety and Security maintains a Daily Crime and Fire Safety Log in accordance with state and federal laws. The log is available for public inspection online or during regular business hours and, in the order received, includes the nature, date, time, and general location of each crime, as well as fire-safety incidents reported to the Office of Campus Safety and Security. The disposition of the incident is included when and if reasonably available. The names of victims are excluded, and where the investigation of a crime or the safety of an individual may be compromised, or when information might directly or indirectly identify a victim, the department may temporarily withhold information. Generally, all incidents are included in the log within two business days from when they are reported. Any portion of these crime and fire logs that are older than 60 days is made available for public inspection within two business days of a request.

Campus Security Authority

A **Campus Security Authority (CSA)** is a university official, whether an employee, student, or contractor, who is federally mandated under the Clery Act to report to the university any crimes that are reported to them. A CSA's role may fall under one or more of the following four categories:

1. A campus safety and security officer (employee, student, or contractor) of the institution. All individuals working for the Office of Campus Safety and Security are considered CSAs.
2. Any individual with responsibility for campus security who is not a campus safety and security officer (e.g., someone responsible for monitoring entry points to institutional property). The Office of Campus Safety and Security may designate others to provide security, such as security staff assisting at athletic events.
3. Any individual or organization identified in the institution's campus security policy as a person or entity to whom students and employees should report criminal offenses. Campbellsville University's Clery Act policy specifies that anyone witnessing a crime should report it to the Office of Campus Safety and Security at (270) 789-5555 or call 911.
4. An official with significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.
 - "*Significant responsibility*" refers to the importance of the responsibility within the institution, not the portion of time a person spends on that responsibility.

- An *official* is defined as someone with the authority and duty to take action or respond to particular issues on behalf of the institution.
- CSAs within Student Services or other offices that work directly with student affairs generally include staff at the level of assistant/associate director, director, and executive director. In rare instances, this may consist of individuals at lower or higher levels; these cases will be assessed and explained individually.

CSAs are legally obligated to report to the university any crimes conveyed or disclosed to them that occurred on or within Clery Act-designated locations. While CSAs must report crimes brought to their attention, identifying information, such as names, initials, or contact details, may be excluded from the report at the victim's request.

Campus Security Authorities are also responsible for disclosing any information in a timely fashion to notify the campus community of an impending threat.

CSAs and members of the campus community can initiate a report through Campbellsville University's reporting landing page located at:

<https://cm.maxient.com/reporting.php?CampbellsvilleUniv>.

CSAs can utilize this landing page to direct their concerns to the Office of Student Services, where the information is analyzed and then sent to the Office of Campus Safety for reporting. All reports related to student conduct, criminal behavior, and sexual misconduct are reviewed for Clery Act compliance.

Reporting Exemption for Pastoral and Professional Counselors

The University recognizes there are two types of individuals who, although they may have significant responsibility for student and campus activities, are not campus security authorities under the Clery Act:

- Pastoral counselor: A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- Professional counselor: A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of the counselor's license or certification. This definition applies even to professional counselors who are not employees of the institution but are under contract to provide counseling.

This exemption is intended to ensure that these individuals can provide appropriate counseling services without being obligated to report crimes they may become aware of. This exemption is intended to protect the counselor-client relationship. However, even the legally recognized privileges acknowledge some exemptions, and there may be situations in which counselors are in fact under a legal obligation to report a crime. To be exempt from disclosing reported offenses, pastoral or professional counselors must be acting in the role of pastoral or professional counselors.

Missing Student Notification Procedures & Policies

As required by the Higher Education Opportunity Act (HEOA) of 2008, Campbellsville University has implemented and developed specific procedures to be followed when on-campus residential students are determined to be missing for 24 hours or more. It is the policy of the University to thoroughly investigate all reports of missing persons through the Office of Student Services. Additionally, the institution holds that every person reported missing will be considered at risk until significant information to the contrary is confirmed.

If a member of the campus community has reason to believe that a student who resides in university-owned, controlled, or officially recognized student housing has been missing for 24 hours, they should notify:

- **Main campus –**
The Office of Campus Safety and Security– (270) 789-5556 or
The Office of Student Services – (270) 789-5005

Campus Safety and Security will generate a missing person report and initiate an investigation. After investigating the missing person report, should Campus Safety and Security determine that the student is missing and has been missing for more than 24 hours (regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor), Campus Safety and Security or a representative from Residence Life will notify the law enforcement authority with jurisdiction and the student's emergency contact no later than 24 hours after the student is determined to be missing, unless the local law enforcement agency was the entity that made the determination that the student was missing.

If the missing person is under the age of 18 and is not an emancipated individual, Campus Safety and Security or a representative from Residence Life will notify the student's custodial parent or legal guardian, the missing person contact, additional contact person designated by the student, and the local law enforcement agency with jurisdiction immediately after Campus Safety and Security has determined that the student has been missing for more than 24 hours.

If a student has been determined missing for more than 24 hours, in addition to the above notifications, specific procedures to follow include: contacting the student's Graduate Resident Manager (GRM) / Resident Assistant (RA), checking with emergency health care providers, and

taking such other investigative actions as are appropriate under the circumstances. The University will implement these procedures in less than 24 hours if circumstances warrant a faster implementation.

The Office of Residence Life provides each student living in an on-campus student housing facility with the option to identify a contact person (or persons) whom this institution will notify if the student is determined to be missing for 24 hours. When a student has been determined missing for 24 hours. The institution must –

- If the student has designated the contact person, notify that contact within 24 hours;
- If the student is under 18 years of age and is not emancipated, notify the student's custodial parent or guardian and any other designated contact person within 24 hours;
- And inform the local law enforcement agency that has jurisdiction in the area that the student is missing within 24 hours.

The Office of Residence Life will ensure that all students can update their contact information whenever needed. These procedures and the registration process are communicated to students when registering for housing assignments at the beginning of each academic semester. The contact information will be confidential and accessible only to authorized campus officials and law enforcement, and may not be disclosed outside of a missing person investigation.

No Smoking Policy

Campbellsville University realizes the health risks involved in smoking and the use of tobacco products. Therefore, in compliance with federal guidelines for a smoke-free environment, smoking and use of tobacco products are strictly prohibited in all campus buildings and grounds. This policy is outlined in the Campbellsville University Student Handbook and the employee Administrative Policies and Procedures Manual. Additionally, no-smoking signs are placed throughout the campus community.

Security of Personal Property

To assure the safekeeping of personal property, student rooms should be locked at all times. The University cannot be responsible for loss of money or personal belongings within residence hall rooms or for automobile or personal property on parking lots. Efforts will be made to locate missing items and investigate possible break-ins and thefts. Any missing personal items should be reported immediately to the residential hall's Graduate Residence Manager (GRM), the Office of Safety/Security, and /or the Office of Student Services. A report will be filed in Student Services' records, and a police report will be submitted if necessary. It is suggested that students bring a locked security box to store small valuables and write their initials on the labels of clothing. Students are encouraged to purchase their personal insurance coverage.

Emergency Procedures

Campbellsville University's Emergency Action Plan (EAP) is designed to give direction and guidance in response to a man-made or natural disaster emergency that may affect our campus community. It outlines the response and procedures that campus officials should follow in the event of an emergency. The EAP framework is an integrated plan for responding to a university emergency and can be found on the University's website, within the Office of Campus Safety and Security's webpage. However, it is understood that a crisis event or emergency can and may occur at any time, day or night, weekend or holiday, with little or no warning. Due to the unpredictability and succession of events during an emergency, the EAP will only serve as a guide and may require modification during such an event.

When an emergency affecting the University exceeds the capacity of routine measures, the President, or a designee from the Administrative Council, may declare a state of emergency and activate all or part of the Emergency Action Plan. It is recognized that the specific actions implemented will be dependent on the nature and severity of the situation. Since an emergency may be sudden and without warning, these procedures are designed to be flexible to accommodate contingencies of various types and magnitudes. This plan also resonates across all regional centers and sites. Due to the distance, it may be necessary for regional administrators on site to act as deemed necessary, given time constraints and the magnitude of the situation.

University staff members begin each semester with an orientation that engages discussions about what to do in an emergency. Students are also instructed on what to do in case of severe weather, active shooters, bomb threats, and other physical threats the campus may have to contend with, such as water and power failures. These instructions are delivered at new student orientations, First Class orientations, resident hall orientations, and through programs presented by this office over the course of the academic school year.

Emergency Mass Notification System - "CU ALERTS"

Campbellsville University offers a cellular alert notification system called "CU Alerts" to the campus community. This notification system provides the campus with notice of severe weather, campus crises, or essential information that could be vital to their safety. The alerts are sent via cell phone SMS/text messaging and voicemail.

The system can be activated by the:

- Director of Campus Safety and Security
- Director of Student Services
- Authority of any member within Campbellsville University's Executive Leadership Team
- Director of Camps and Special Events
- Regional directors and senior administrators

In addition to the cellular messaging system, the University will also utilize the following redundant systems if deemed necessary:

1. Community warning systems
2. Landline voicemail
3. Campus-wide email to faculty/staff/students
4. Internet interruption with emergency information

This system is regularly tested and monitored within the Office of Student Services.

Timely Warning Notifications Policy - Notifying Our Campus Community About Crimes

To provide timely notice to the Campbellsville University campus community in the event of a criminal situation that, in the judgment of the Director of Campus Safety and Security or an administrative designee, may pose a serious *or* continuing threat to members of the campus community, a timely warning notification will be issued.

Timely warning notifications will be distributed as soon as pertinent information becomes available, in a timely manner, while withholding the names of victims as confidential, and to aid in the prevention of similar crimes or occurrences. These notifications are primarily distributed by email to all students, faculty, and staff on campus as soon as pertinent information is available. The intent of these notifications is to warn the campus community regarding a criminal incident, providing individuals with an opportunity to take reasonable precautions to protect themselves.

Timely warning notifications are generally written and distributed to the campus community by the Office of Campus Safety and Security and/or Administrators within the Office of Student Services. They are routinely reviewed and approved by the Vice President for Student Services, the Director of Student Services, or designee. The Administrators within the Office of Campus Safety and Security have the authority to issue a timely warning notification without such consultation if consultation time is not available. Should the Director of Campus Safety and Security or administrative designees be directly impacted by or otherwise unavailable for an incident response, the VP for Enrollment Management and Marketing, or an administrative designee, will write and send the timely warning notification.

Timely warning notifications are sent to the campus community to notify its members about specific Clery Act crimes (as described below) that have been reported to Campus Safety and Security, and that have occurred on or within the university's Clery geography, where, after review and assessment, it is determined that the incident may pose a serious or continuing threat to the campus. Campbellsville University faculty and staff are reminded of their responsibility to share these alert notifications with their sponsored visitors and/or guests.

Timely warning notifications are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident-Based Reporting System (NIBRS) crime classifications:

- Murder/Non-Negligent Manslaughter
- Aggravated Assault (cases involving assaults among known parties, such as two roommates fighting, which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger campus community)
- Robbery involving force or violence (cases including “pick pocketing” and “purse snatching” will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis)
- Sexual Assault - considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by the administrative designee. In cases involving sexual assault, they are often reported long after the incident occurred; thus, there is no ability to distribute a “timely” warning to the community.
All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a timely warning notification.
- Major incidents of Arson.
- Other Clery Act crimes as determined necessary by the Director of Campus Safety and Security or designee.

Typically, notifications are not issued for any incidents reported that are older than five (5) days from the date of occurrence, as such a delay in reporting has not afforded the University an opportunity to react or respond in a timely manner.

Campus Safety and Security supervisors confer with leadership within the Office of Student Services during the response to a crime to ensure a proper review of all Clery Act crimes (and other criminal incidents, as deemed appropriate) to determine if there is a serious or continuing threat to the campus community and if the distribution of a timely warning notification is warranted.

Campus officials not subject to the timely reporting requirement are those with significant counseling responsibilities who were providing confidential assistance to a crime victim. At Campbellsville University, this would only apply to professional and pastoral counselors who are performing that specific function and role as their primary employment with the University.

General Safety Notice

A general safety notice may be issued to the campus community for crime prevention purposes or to provide information about incidents that, while not time-sensitive or considered an ongoing threat, are important for community awareness. These notices will be distributed via the university's email system to students, faculty, and staff. When necessary, updates related to a general safety notice will be shared through email in the same manner.

General Evacuation Procedures in an Emergency

The campus community is informed that different emergencies require different evacuation strategies. The Emergency Action Plan contains general evacuation directions for most emergencies. When evacuation is not indicated for the emergencies described in the plan or by obvious circumstances, the campus community is informed that they should remain where they are until directed by emergency personnel. The unpredictable nature of emergencies necessitates swift action and clear thinking to prevent injury. The decision to evacuate is based on factors that give individuals the best chance of remaining safe and avoiding a more hazardous situation.

The campus community is informed when to evacuate

1. Anytime an individual hears the fire alarm bells in a building.
2. If an individual smells smoke or knows an actual fire is burning.
3. When instructed to do so by Campbellsville University administrative personnel, local police, and fire/EMS personnel.

The campus community is informed when not to evacuate (shelter-in-place)

1. When a weather warning is sounded, find appropriate shelter within a building.
2. During a hostage/barricade situation/active shooter.
3. During a power failure.
4. When instructed not to evacuate by Campbellsville University administrative personnel, local police, and fire/EMS personnel.

The campus community is informed of what to do if an individual must evacuate

1. Listen carefully to the instructions of emergency personnel.
2. Remain calm.

3. Close office doors as you leave.
4. Do not try to gather materials on the way out; leave quickly.
5. Keep talking to a minimum.
6. Exit via stairwells, not elevators.
7. No smoking.
8. Alert emergency personnel of any disabled persons who may need assistance.

Shelter-in-place procedures in an Emergency

An incident may occur that requires individuals to remain inside a building during an emergency. A decision to shelter in place may or may not be obvious based on information known to them at the time. A decision to shelter in place may come from first responders' instructions, or may initially be made by that individual. This decision will be made based on what gives them the best chance of remaining safe and avoiding putting themselves in a more harmful situation.

Factors given to the campus community to consider when deciding whether to evacuate or shelter in place include:

- Where is the threat now, and where is it likely to go?
- Where will I be safest now and in the near future?
- Will I be more likely to get help for myself and others by evacuating or staying in place?
- Does this space provide adequate safe shelter for the emergency at hand (i.e.), locking door, place to take cover/hide, availability of more than one exit, windows to allow alerting or rescue, phone/internet/email?

The campus community is informed when to shelter in place

1. When a tornado warning is sounded, find an appropriate shelter within the building.
2. During a hostage/barricade situation.
3. During a power failure.
4. If an individual cannot leave due to being trapped by a fire or hazardous materials release.
5. Any other situation where it is apparent that leaving will put an individual in a potentially more harmful situation than staying in place.
6. When instructed to do so by the university or local first responders/emergency personnel.

The campus community is informed when not to shelter in place

1. Anytime an individual hears a fire alarm bell/horn sounding.
2. If an individual smells smoke or knows there is an actual fire or hazardous material release, and the individual has a safe evacuation route away from danger.
3. Any other situation where it is apparent that staying in place will put an individual in a potentially more harmful situation than leaving.
4. When instructed to do so by the university or local first responders/emergency personnel.

The campus community is informed of what to do if an individual must shelter in place

1. If it is safe to do so, move to an area farthest away from the incident/hazard.
2. As soon as possible, if it is safe to do so, notify emergency responders (or 911) and keep responders informed of changes in your situation.
3. Be aware of your surroundings and be ready to move quickly if needed.
4. In case of a hostile intruder, lock doors and plan for a secondary escape route.
5. Leave only if told to do so by firefighters or if the situation changes requiring evacuation. Notify responders if an individual must evacuate before being told to do so.

General Procedures during an Active Shooter Event Policy Statement

If an individual finds themselves in the middle of an active shooter event, their survival may depend on having a plan. Members of the Campbellsville University community are encouraged to remember three key actions that can make a difference: Run. Hide. Fight.

1. *First and foremost, if an individual can get out, do.*
2. *Always try to escape or evacuate, even when others insist on staying.*
3. *Encourage others to leave with you, but do not let them slow you down with indecision.*
4. *Remember what's important: you, not your possessions. Leave your belongings behind and try to find a way out safely.*
5. *Trying to get yourself out of harm's way needs to be your number one priority.*
6. *Once you are out of the line of fire, try to prevent others from walking into the danger zone and call 911.*

A. **RUN** when an active shooter is in your vicinity:

1. *If there is an escape path, attempt to evacuate.*
2. *Evacuate whether others agree to or not.*
3. *Leave your belongings behind.*
4. *Help others escape if possible.*
5. *Prevent others from entering the area.*
6. *Call 911 when you are safe.*
7. *If you cannot get out safely, you need to find a place to hide.*
8. *Act quickly and quietly. Try to secure your hiding place as best you can.*
9. *Turn out the lights, and if possible, remember to lock doors. Silence your ringer and vibration mode on your cell phone.*
10. *In addition, if you cannot find a safe room or closet, try to conceal yourself behind large objects that may protect you.*
11. *Do your best to remain quiet and calm.*

B. **HIDE** If an evacuation is not possible, find a place to hide.

1. *Lock and/or blockade the door.*
2. *Silence your cell phone.*
3. *Hide behind large objects.*
4. *Remain very quiet.*
5. *Your hiding place should:*
6. *Be out of the shooter's view.*

7. *Provide protection if shots are fired in your direction.*
8. *Do not trap or restrict your options for movement.*
9. *As a last resort, if your life is at risk, whether you are alone or working together as a group, fight! Act with aggression. Improvise weapons. Disarm the shooter ... and commit to taking the shooter down, no matter what.*

C. **FIGHT** as a last resort, and only if your life is in danger:

1. *Attempt to incapacitate the shooter.*
2. *Act with physical aggression.*
3. *Improvise weapons.*
4. *Commit to your actions.*
5. *Try to be aware of your environment. Always have an exit plan.*
6. *Know that in an incident like this, victims are generally chosen randomly. The event is unpredictable and may evolve quickly.*
7. *The first responders on the scene are not there to evacuate or tend to the injured. They are well-trained and are there to stop the shooter.*

When law enforcement arrives:

1. *Remain calm and follow instructions.*
2. *Keep your hands visible at all times.*
3. *Avoid pointing or yelling.*
4. *Know that help for the injured is on its way.*
5. *Your actions can make a difference for your safety and survival. Be aware and be prepared.*

Drug Free Schools and Community Act (DFSCA)

Substance Abuse: Prevention and Intervention

As a Christian institution of higher education, Campbellsville University complies with the Federal regulations regarding the Drug-Free Workplace Requirements and, therefore, prohibits the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance on its campus and with university-sponsored classes, events, and activities. Because the use of alcohol, narcotic drugs, and other mind-altering drugs can be detrimental to the health of individual members of the University community, such use is in direct violation of the standards of the University. This policy applies to students, faculty, staff, and administration.

Guidelines for Implementation/Administration

1. The University shall provide a program of education concerning the dangers of drug abuse in the learning/work environment on campus.

Convocations, seminars, lectures, and printed materials provide opportunities for students and employees to learn about the requirements of maintaining a drug-free workplace.

1. The University requires each student and employee to abide by the terms of the policy statement. Each student and employee must also notify the appropriate University official of any criminal drug statute conviction for a violation occurring on the campus of Campbellsville University, no later than five (5) days after such conviction. Any University community member, sensing that a breach of university standards has occurred or is occurring, has the responsibility for reporting the alleged violation to the appropriate University Vice President.
2. To further ensure a drug-free work environment, the University reserves the right to request that any employee submit to drug testing. Drug testing of any current employee may be done based on reasonable cause upon recommendation of the supervisor to the Vice President to whom he/she reports. Refusal to submit to a drug test may result in immediate termination of employment. Drug screens may be conducted when an accident occurs requiring more than first aid.
3. Persons violating this substance abuse policy are subject to disciplinary action ranging from a warning to dismissal/suspension from the University.

4. As a recipient of Federal funds, the University must notify the appropriate Federal agency within ten (10) days of any criminal drug conviction for an employee or student.
5. Any member of the University community who seeks counseling or medical assistance for any problems related to the use or abuse of alcohol and/or drugs will receive strict counseling and medical confidentiality.

Health Risks Caused by Alcohol

Campbellsville University promotes wellness and staying healthy. It is essential that members be aware of the health risks of substance abuse. In extreme cases, alcohol leads to serious physical damage, and sometimes irreversible damage, such as comas, brain damage, or even death.

Other toxic effects of alcohol that can be damaging to your body are:

- Brain - hangovers, memory lapses, blackouts.
- Digestive system - nausea, vomiting, ulcers, liver diseases, and other organ corrosion.
- Cardiovascular system - high blood pressure, heart failure, respiratory distress or failure.
- Nerves and Muscles - loss of muscle coordination.
- Reproduction system - sexual impotence, irregular periods.
- Overall - malnutrition, increased cancer risk, weakened immune system, injuries due to falls, violent behavior.

Summary of State/City Laws

Under Kentucky state law, it is illegal to purchase, drink or to possess alcoholic beverages by persons under 21 years of age. Kentucky also has and enforces laws for driving under the influence of alcohol. Copies of Kentucky laws regarding alcohol/drugs are on file in the Office of Student Services for reference.

Under Kentucky State law, it is illegal:

- To purchase, possess, or consume alcoholic beverages by persons under 21 years of age.
- To operate a motor vehicle while under the influence of any alcohol or drugs, which may impair one's driving ability. [Under the influence of alcohol is determined if there is 0.08 percent (under 21, .02 percent) or more weight of alcohol in blood].
- To misrepresent one's age to purchase alcoholic beverages.
- To purchase or distribute alcoholic beverages for/or to anyone under 21 years of age.
- To drink or be drunk in a public place.

Under state law, violations of alcohol laws range up to \$2,000 in fines, 12 months in jail and/or suspension of driver's license.

Under Kentucky state law, the most severe penalties apply to those involved in trafficking, manufacture, sale, and possession of narcotic drugs. Fines/penalties range from one year in jail and/or \$1,000 fines under federal law to \$10,000 in fines and up to 10 years in prison.

Alcohol/Drug Counseling Program

Any member of the University community who seeks counseling or medical assistance related to the use or abuse of alcohol/drugs will receive counseling and/or medical help confidentially. The Office of Counseling Services offers counseling on campus, and the Office of Campus Ministries offers pastoral guidance and counseling. Drug and alcohol information pamphlets are also available in the Office of Student Services.

Students with more severe alcohol abuse and/or other substance abuse problems are referred to inpatient and residential treatment facilities throughout the state, local intensive outpatient programs, independent clinicians, as well as AA and AL-Anon meetings in the local area.

Triage Assessment for Addictive Disorders

The TAAD is a brief, structured interview designed to identify current alcohol and drug problems. This 10-minute assessment tool covers all DSM-5 criteria for substance use disorder. It offers high internal reliability for dependence (over .90) and abuse (over .80). The TAAD produces alcohol and drug dependence profiles like those of more time-intensive instruments.

Benefits:

Offers a quick assessment of current substance abuse and dependence criteria.

Provides support for dependence diagnoses in minutes.

Documents negative findings for those individuals who deny problems.

Enforcement of Substance Abuse Policy

Below is a list of sanctions defined by the University's Student Handbook that can be imposed against a student for possession, use, sale, or manufacture of alcohol and/or drugs. These disciplinary guidelines are outlined in a student handbook that is presented online to students at the beginning of each semester.

1. Possession or Use of Alcoholic Beverages

Definition: Possession, consumption, or distribution of alcoholic beverages is prohibited on campus, in any buildings, facilities, grounds (including parked vehicles on campus), and other properties owned/or controlled by Campbellsville University, as well as in your system. This policy also applies to university-related off-campus trips and/or group activities. This includes students charged with alcohol related offenses by state or local authorities on or off campus, as well as empty containers.

Minimum Sanction:

First Offense:

- Probation until a specified date
- Fine of \$200

Second Offense:

- Extended probation until a specified date
- Counseling assessment (participate in services deemed necessary by Director of Counseling)
- Fine of \$350
- Possible suspension

Third Offense:

- Possible suspension

Consumption of Alcoholic Beverages:

A student appearing on campus whose use of an alcoholic beverage is discernible will be subject to disciplinary action. Campus security may use a Breathalyzer to determine the level of alcohol consumed. A student has the right to request a Breathalyzer test when alcohol consumption is disputed.

- Refusal to be tested by a Breathalyzer by campus or other authorities will be considered admission of guilt and insubordination.

NOTE: The legal age to purchase and consume alcohol is 21. However, Campbellsville University does not allow the distribution of alcoholic beverages; therefore, no person, regardless of age, should have alcohol in his/her possession on campus.

2. Distributing Alcoholic Beverages

Definition: An individual student or campus organization/group distributing/providing alcoholic beverages on campus will be liable for disciplinary actions.

Minimum Sanction:

First Offense:

- Probation until a specified date
- Fine of \$300
- Possible suspension

Second Offense:

- Possible suspension

3. Manufacture and/or distribution of illegal drugs and other controlled substances

Definition: The manufacture, possession, distribution, or use of illegal drugs or other controlled substances or drug paraphernalia is prohibited on campus buildings, facilities, grounds, or other properties owned/or controlled by Campbellsville University. This also includes privately owned parked vehicles for on-campus and off-campus activities sponsored by any university organization, area, or group. Possession of illegal drugs will be turned over to the local police.

Minimum Sanction:

First Offense:

- Suspension
- Possible expulsion

4. Possession or use of illegal drugs and other controlled substances

Definition: The possession or use of illegal drugs or other controlled substances or drug paraphernalia is prohibited on campus buildings, facilities, grounds or other properties owned/or controlled by Campbellsville University. This also includes privately owned parked vehicles on-campus and off-campus activities sponsored by any University organization, area or group. Any possession of illegal drugs will be turned over to the local police.

Minimum Sanction:

First Offense:

- Probation until a specified date
- Counseling assessment (participate in services deemed necessary by Director of Counseling)
- Fine of \$200
- Possible Suspension

Second Offense:

- Suspension
- Possible expulsion

NOTE: Campbellsville University reserves the right to administer alcohol/drug testing. The findings can be used in a judicial hearing. Refusal to comply with an alcohol/drug test will be considered an admission of guilt.

Appeals Procedure

A. Students

For any student violation, the Office of Student Services will investigate the report and collect information regarding the alleged incident of misconduct. If matters of fact and/or applicable policy remain in question, the Office of Student Services may make a direct decision or refer the case to a hearing committee. The student may appeal the decision of the Preliminary Conduct Hearing for any of the following reasons:

1. A determination of guilt or innocence for offenses carrying a sanction of possible suspension;
2. The judicial process was not followed.
3. The student's rights were violated.

B. Employees

An appeal of termination may be made to their respective Vice President for employee violations. The Vice President will initiate the formation of an Appeals Committee, which shall be established as follows:

1. The Vice President may appoint a co-worker.
2. The employee appealing may select one member.
3. The selection of a third member shall be made by these two members. (Should a conflict arise in selecting a third member, the Vice President shall make the final rule.)

Behavioral Assessment Team

The Behavioral Assessment Team assists in managing situations that pose, or may reasonably pose, a threat to the health, safety, and well-being of the campus community.

The purpose of the Behavioral Assessment Team is to recommend early intervention so that individuals receive the assistance they need without disruption to the campus community. The team may be called upon to evaluate the behavior, mental well-being, and safety of a student.

There are many behaviors and circumstances that may indicate an increasing risk for violence, criminal behavior, significant harm or disruption to others or themselves, or that a person needs assistance. The significance of any one behavior or circumstance is often challenging to determine. Therefore, the threat assessment process is designed to review the situation in the context of all known facts.

The team will consist of representatives from the Office of Student Services, Academic Support, Athletics, Community and Access, and Regional Centers. Additionally, representatives from other departments and organizations may be called upon to assist the team in the event of extenuating circumstances.

For the safety of the campus community, any threat, explicit or implied, will be considered a statement of intent. The Behavioral Assessment Team will recommend actions to the appropriate vice president(s) or senior administrators to protect the students, employees, and the community.

This team has been established to:

- Coordinate and assess information from faculty, administrators, students, local authorities, and others.
- Identify resources for troubled students and personnel and make referrals to appropriate campus and off-campus agencies; help secure therapeutic actions that are appropriate, such as treatment or counseling, and that may include internal or external psychological evaluations.
- Investigate the incident(s) and recommend appropriate actions, which may include suspension, expulsion, involuntary leave of absence, filing of criminal charges, or ongoing monitoring for follow-up and observation of behavior patterns; recommendations are made to the appropriate senior administrator, who shall sign off on action to be taken.
- Respond to incidents of violence, threatening behavior, gross insubordination, intimidation, unwanted pursuit, harassment, and behavior indicating a student poses a risk to self or others; when necessary, initiate contacts with appropriate authorities to place a student in the custody of the appropriate law enforcement agency or a mental health facility capable of supporting specific behaviors.
- Organize a collaborative response to individual(s) that pose a threat to the campus community whose actions of criminal behavior on and off campus result in an immediate disciplinary review to protect the campus community, for which an immediate removal from campus may be warranted.
- Authorize notification, within FERPA guidelines, of parents, guardians, and/or next-of-kin.
- Assess outcomes of actions taken periodically.

Information Maintenance and Confidentiality

All information received by, or related to the activities of this group, will be maintained in the Office of Student Services under the supervision of the Dean of Students. This information will be treated as confidential among the members of the Behavioral Assessment Team in accordance with FERPA and other applicable laws and administrative policies. Confidential information will be released only as required by law or permitted by law under exigent circumstances.

Anti-Hazing Policy

Policy Statement

Campbellsville University strictly prohibits all forms of hazing. Hazing is defined as any act—whether physical, mental, emotional, or psychological—that subjects another person to harassment, intimidation, or abuse as a condition of membership, affiliation, or continued association with a group, regardless of the person’s willingness to participate.

This includes any conduct that may cause embarrassment, discomfort, endangerment, or harm and applies to all students, student organizations, teams, and other affiliated groups. Voluntary participation is **not** a defense.

Legal Compliance

This policy aligns with Kentucky state law (KRS 164.375 and related statutes) and all applicable local and federal regulations, including but not limited to the federal “Stop Campus Hazing Act.” The University will report suspected criminal hazing behavior to law enforcement when required.

Reporting Procedures

Any member of the campus community may report hazing concerns. Reports can be made confidentially or anonymously through the following channels:

- **Online Reporting Form** (SHARE Early Alert)
- **Office of Student Services** (in-person, email, or phone)
- **Campus Safety & Security** (24/7 availability)
- **Faculty or Staff Advisors**

Retaliation against any person who reports hazing in good faith is strictly prohibited.

Investigation Process

Upon receiving a report:

1. **Preliminary Review:** The Office of Student Services will review the report to assess immediate risk and determine if an investigation is warranted.

2. **Formal Investigation:** If warranted, a thorough, impartial investigation will be conducted. This may involve interviews, evidence review, and collaboration with law enforcement if applicable.
3. **Outcome & Sanctions:** Findings are evaluated according to the Student Code of Conduct, and appropriate sanctions are imposed. Appeals may be submitted in accordance with university procedures.

**For a complete review of the judicial process, please review the Campbellsville University Student Handbook.*

Sanctions for Hazing

Disciplinary action for individuals or groups found responsible for hazing may include one or more of the following, even on a first offense:

- Disciplinary Probation
- Loss of University Privileges or Recognition
- Fine of \$350
- Restitution for Victim Counseling Costs
- Suspension
- Expulsion

Sanctions apply regardless of whether the act occurred on or off campus.

Prevention & Awareness Initiatives

Campbellsville University promotes a culture of safety, respect, and accountability through research-informed prevention strategies, including:

- **Annual Hazing Prevention Training** for all student organizations, athletic teams, and campus leaders
- **Educational Campaigns** during National Hazing Prevention Week and throughout the academic year
- **Orientation Information** for new students highlighting hazing policies and resources

All members of the Campbellsville University community share responsibility for upholding this policy. Hazing has no place in our campus culture. Through proactive education, firm accountability, and compassionate support, we strive to create a safe and inclusive environment for all.

University's Response to sexual assault, dating and domestic violence, and stalking

Campbellsville University prohibits sex and gender-based discrimination, harassment, and violence, including acts of sexual assault, dating and domestic violence, and stalking, which may also constitute crimes. While Campbellsville University's policy uses different standards and definitions than state law, sex and gender-based incidents often overlap with the crimes of rape, sexual assault, stalking, dating violence, and domestic violence.

Acts of violence and harassment based on sex or gender, including sexual orientation, gender identity, and gender expression, may also constitute crimes. Individuals who have experienced incidents involving one or more of these behaviors are protected by federal laws, specifically Title IX and the Clery Act, which mandates the contents of this report.

Immediate Care and Preservation of Evidence

If you experience sex- or gender-based discrimination, harassment, or violence, or incidents of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger, contact the Office of Campus Safety and Security ((270) 403-3611) if you are on campus, or call 911 if you are off campus.

2. Consider securing immediate professional support (e.g., counseling, victim advocacy, medical services, etc.) to assist you in the crisis.
3. If you are on campus during regular business hours, you may contact Counseling Services and the Title IX Coordinator for support and guidance. These are both confidential resources. After regular business hours or in any situation where an individual wishes, local resources are also available and may be able to provide confidential assistance.
 - a. Office of Counseling Services (270) 789-5559
 - b. Title IX Coordinator (270) 789-5560
 - c. Tiger Health Clinic (270) 789-6612
 - d. Adanta Victim Advocacy Service (Somerset, KY) (606) 679-7348
 - e. Taylor Regional Hospital (270) 465-3561
 - f. Taylor County Commonwealth Attorney's Victim Services (270) 789-6802
4. For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is essential in the case of rape or sexual assault. Sexual Assault Nurse Examiners are available at Taylor Regional Hospital. The hospital will arrange for a specific medical examination at no charge, or can work with you to arrange state reimbursement.
5. To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate, or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.
6. Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens, unlaundered clothing, and other pertinent items that may be used for evidence. It is best to allow police to secure items in evidence containers. However, if you are involved in transporting items of evidence, such as to the hospital, secure them in a clean paper bag or clean bed sheet to avoid contamination.
7. If you have physical injuries, photograph or have them photographed, with a date stamp on the photo.
8. Record the names of any witnesses and their contact information. This information may be helpful as proof of a crime, to obtain an order of protection, or to offer evidence of a campus policy violation.
9. Try to memorize details (e.g., physical description, names, license plate number, car description, etc.), or even better, write notes to remind you of details, if you have time and the ability to do so.
10. If you obtain external orders of protection (e.g., restraining orders, injunctions, protection from abuse), please notify the Office of Campus Safety and Security or the

campus Title IX Coordinator so that those orders can be observed on campus.

11. Even after the immediate crisis has passed, consider seeking support from the Office of Counseling Services or Adanta Victim Advocacy Services.
12. Contact the Office of Title IX if you need assistance with Campbellsville University related concerns, such as no-contact orders or other supportive measures. The Title IX Coordinator will also assist in any needed advocacy for students who wish to obtain protective or restraining orders from local authorities. Campbellsville University can offer reasonable academic supportive measures, changes to living arrangements, transportation resources, modifications, safety escorts, no-contact orders, access to counseling services, and other supports and resources as needed by a victim. Campbellsville University can provide information about legal assistance, visa and immigration assistance, and student financial aid considerations for victims.

Reporting to Law Enforcement

Complainants have the option to notify law enforcement directly or to be assisted in doing so by campus authorities. If requested, campus officials can facilitate reporting to campus or local law enforcement, but may also respect a Complainant's request not to do so.

Campbellsville University Reporting

In the event that sex or gender-based discrimination, harassment, or the crimes of sexual assault, stalking, dating violence, or domestic violence do occur, Campbellsville University takes the matter very seriously.

The university employs supportive and protective measures, such as no-contact orders or emergency removal, in cases where a violence risk assessment indicates such action is warranted.

If a student is accused of sex or gender-based discrimination, harassment, or violence, they are subject to action in accordance with Campbellsville University's Sexual Misconduct Policy. A student wishing to report such an incident officially may do so by contacting the Office of Title IX or through the online reporting forms located at:

<https://cm.maxient.com/reporting.php?CampbellsvilleUniv>

Anyone with knowledge about sex or gender-based discrimination, harassment, or violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence is encouraged to report it immediately to the Office of Title IX.

Supportive and protective measures are available to individuals who have experienced these incidents on campus, whether they choose to report to local and/or campus law enforcement, and regardless of whether they pursue a formal complaint through the Campbellsville University resolution process.

Confidential Resources

An individual seeking completely confidential assistance can do so by speaking with professionals who have legally protected confidentiality. Confidential reports may be made to on-campus licensed counseling and health care professionals. Information shared with these resources may remain confidential without the express, written permission of the individual seeking services unless required by law or court order.

- Office of Counseling Services (270) 789-5070
- Tiger Health Clinic (270) 789-6612

Prevention and Education

Campbellsville University offers a range of campaigns, strategies, and initiatives to promote awareness, education, risk reduction, and prevention in an effort to reduce the frequency of sex or gender-based discrimination, harassment, and violence amongst members of the campus community.

It is the policy of Campbellsville University to offer programming to identify and prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults), and stalking each year.

Educational programs are offered to raise awareness for all incoming students and employees. They are often conducted during new student and new employee orientation and throughout an incoming student's first semester (First Class (freshman) Orientation).

Programs and other campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management, and bystander intervention), and discuss institutional policies on sex or gender-based discrimination, harassment, and violence as well as state definitions of domestic violence, dating violence, sexual assault, stalking, and consent about sexual activity. Programs include, but are not limited to:

- Quality Enhancement Plan (QEP) seminars for CSAs
- Take Back the Night Events
- Resident Life - Resident Assistant (RA) training
- Employee - Faculty and Staff forums

Programs also offer information on risk reduction that strives to empower individuals who experience these incidents, teaching them to recognize warning signs, and avoid potential attacks in a non-biased approach. Programs are informed by evidence-based research and/or are assessed for their effectiveness.

Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention, such as calling for help, using intervention-

based resources, identifying allies, and/or creating distractions.

Bystander empowerment training emphasizes the importance of ensuring the safety of those who intervene, particularly when employing chosen intervention techniques. It motivates them to intervene as stakeholders in the community's safety when others might prefer to be bystanders.

Campus and Community Resources

Campbellsville University shall provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for Complainants, both within Campbellsville University and outside in the community.

On-campus counseling, health, mental health, and intervention resources are available at the following locations:

- Office of Counseling Services
118 Meader Street, Campbellsville, KY 42718
(270) 789-5559
- Tiger Health Clinic
219 Meader Street, Village J, Campbellsville, KY 42718
(270) 789-6612

Off-campus resources that offer advocacy services and counseling:

- Adanta Victim Advocacy Services
259 Parkers Mill Road, Somerset, KY 42501
(606) 679-7348
- Taylor Regional Hospital
1700 Old Lebanon Road, Campbellsville, KY 42718
(270) 465-3561
- Adanta Behavioral Health Services
3020 Old Lebanon Rd, Campbellsville, Ky 42718
www.adanta.org
(270) 465-7424 or (800) 633-5599
- Taylor County Commonwealth Attorney's Victim Services
211 E. Broadway, Campbellsville, KY 42718
(270) 789-6802

Statistical reporting under the Clery Act

Reporting statistics under the Clery Act utilizes federal offense definitions that enable comparability across campuses and locations, regardless of the state or location in which the campus is situated. These definitions are as follows:

Other legal definitions related to Campbellsville University's sexual misconduct policy

Sexual assault –

Sex Offenses, Forcible – Any sexual act directed against another person, without the consent of the Complainant, including instances where the Complainant is incapable of giving consent.

- *Forcible Rape* – Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the Complainant.
- *Forcible Sodomy* – Oral or anal sexual intercourse with another person, forcibly and/or against that person's will or not forcibly or against the person's will (non-consensually) in instances where the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- *Sexual Assault with an Object* – To use an object or instrument to penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will or not forcibly or against the person's will (non-consensually) in instances where the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- *Forcible Fondling* – The touching of the private body parts (buttocks, groin, breasts) of another person for the purpose of sexual gratification, forcibly and/or against that person's will (non-consensually) or not forcibly or against the person's will in instances where the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

Sex Offenses, Nonforcible – Nonforcible sexual intercourse.

- *Incest* – Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by Kentucky law.
- *Statutory Rape* – Nonforcible sexual intercourse with a person who is under the statutory age of consent.

Dating violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on the Complainant’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition –

- Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence - Felony or misdemeanor crime of violence committed –

- By a current or former spouse or intimate partner of the Complainant;
- By a person with whom the Complainant shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner;
- By a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Kentucky.
- By any other person against an adult or youth Complainant who is protected from that person’s acts under the domestic or family violence laws of Kentucky.

*To categorize an incident as Domestic Violence, the relationship between the Respondent and the Complainant must be more than just two people living together as roommates. The people cohabiting must be current or former spouses or have an intimate relationship.

Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to –

- Fear for the person’s safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition –

- (i) Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
- (ii) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Actual Knowledge - Notice of sexual harassment or allegations of sexual harassment to the University's Title IX Coordinator(s) or any official of the University who has the authority to institute corrective measures on behalf of the University. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the University with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the University. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator(s) as described in the Notification section of this policy.

Campus - Any building or property owned or controlled by the University within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to, the University's educational purposes, including residence halls. Any building or property that is within or reasonably contiguous to any building or property owned or controlled by the University within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to, University's educational purposes, that is owned by the University but controlled by another person, is frequently used by students, and supports University purposes such as a food or other retail vendor.

Campus Security Authority - A campus police department or a campus security department of the University. Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department, such as an individual who is responsible for monitoring entrance into university property. Any individual or organization specified in the University's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses. An official of the University who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

Complainant - An individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Consent - Verbal statements or non-verbal actions, which a reasonable person would understand to mean a voluntary agreement to engage in sexual activity. Someone who is incapacitated cannot consent. Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Coercion, force, or threat of either invalidates consent.

Deliberately Indifferent - A response to sexual harassment or other sexual misconduct that is clearly unreasonable in light of the known circumstances.

Education Program or Activity of the University – Locations, events, or circumstances over which the University exercised substantial control over both the respondent and the context in which the sexual harassment occurs, and also includes any building owned or controlled by a student organization officially recognized by the University.

Formal Complaint - A document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the University investigate the allegation of sexual harassment.

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the University with which the formal complaint is filed.
- A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator in Appendix “A” of the Campbellsville University Sexual Misconduct Policy, and by any additional method designated by the University.

Hostile Environment – An environment where the conduct of one or more individuals is sufficiently severe that it denies or limits a student’s, faculty member’s, or staff member’s ability to participate in or benefit from the University’s program based on sex. In determining whether a hostile environment exists, the University shall consider all relevant circumstances, including the following factors: (a) the degree to which the conduct affected the University’s educational programs, (b) the type, frequency and duration of the conduct, (c) the age and sex of the alleged harasser and the subject or subjects of the harassment, (d) the location of the incidents and the context in which they occurred, (e) other incidents at the University, and (f) incidents of gender-based, but nonsexual harassment.

Incapacitation – Any situation in which a person is incapable of giving consent due to the student’s age, state of consciousness, use of drugs or alcohol, or an intellectual or other disability.

Intimidation – The intentional act of coercing or frightening someone to engage or not engage in conduct of a sexual nature against the person’s will.

Non-Consensual Sexual Contact - Any physical touching of a sexual nature which is not preceded by consent or which continues after a previous consent is withdrawn.

Non-consensual Sexual Intercourse - Any sexual intercourse that is not preceded by consent or that continues after previous consent is withdrawn.

Respondent - Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Retaliation- The act of seeking revenge upon another person.

Sexual Harassment – Conduct, on the basis of sex, that satisfies one or more of the following:

1. An employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University's education program or activity; or
3. "Sexual assault," "dating violence," "domestic violence," or "stalking" as defined herein.

Sexual Intercourse - Vaginal or anal penetration by a penis, object, tongue, or finger, and oral copulation.

Sexual Misconduct – Any act of sexual harassment, sexual violence, non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, quid pro quo, intimidation, or any act that creates a hostile environment or any act of retaliation against a complainant or anyone involved in a grievance procedure under this policy.

Sexual Violence - Physical sexual acts perpetrated against a person's will or with a person who suffers from incapacitation. It also means same-sex conduct that violates the University's prohibition on sexual violence.

Standard of Evidence – The standard of evidence that shall be used is the clear and convincing standard of proof, which requires that the evidence be highly and substantially more likely to be true than untrue. The fact finder must be convinced that the contention is highly probable.

Supportive Measures - Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or respondent before or after filing a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the University's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the University's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The University must keep all supportive measures provided to the complainant or respondent confidential, except when disclosure is necessary to enable their effective implementation. The Title IX Coordinator ensures these measures are appropriately coordinated and carried out.

Title IX Coordinator – The person designated by the University’s President or temporarily assigned by the Title IX Coordinator to serve in that capacity during the Title IX Coordinator’s incapacity or absence from the University’s campus.

Unwelcome Conduct - Conduct is unwelcome if an individual did not request or invite it and regarded it as undesirable or offensive. Acquiescence in the conduct or the failure to complain does not always mean the conduct was welcome.

Sex Offenders

In accordance with the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act, and the Family Educational Rights and Privacy Act of 1974, Campbellsville University is providing a link to the Kentucky State Sex Offender Registry.

All sex offenders are required to register in the Commonwealth of Kentucky and to provide notice of each institution of higher education in Kentucky at which the person is employed, carries out a vocation, or is a student.

<https://www.kentuckystatepolice.ky.gov/sex-offender-registry>

Campbellsville University may disseminate such notification to protect the safety and well-being of the University community, and may also consider it in decisions related to enrollment and disciplinary actions.

Campus procedures for addressing sex or gender-based discrimination, harassment, and violence

Supportive Measures

Procedurally, when Campbellsville University receives a report of sex or gender-based discrimination, harassment, or violence, the campus Title IX Coordinator is notified. If the Complainant wishes to access local community agencies and/or law enforcement for support, Campbellsville University can assist the Complainant in making these contacts.

The Title IX Coordinator will offer assistance to Complainants in the form of supportive measures such as opportunities for academic adjustments, changes in on-campus housing assignments, visa and immigration assistance, changes in working situations, and other assistance as may be appropriate and available on campus or in the community (such as no-contact orders, campus safety escorts, transportation assistance, targeted interventions, etc.).

The Title IX Coordinator can connect the Complainant with a counselor on or off campus. No Complainant is required to take advantage of these services and resources, but Campbellsville University provides them in the hopes of offering help and support. Similar support can be made

available to Respondents upon request.

Protection Orders

Campbellsville University does not issue orders of protection. Orders of protection, restraining orders, injunctions, or similar lawful orders may be obtained through the court system. Individuals who have obtained a protection order are encouraged to provide a copy to the Office of Campus Safety and Security as soon as possible following the issuance to ensure full enforcement support.

Although Campbellsville University does not issue orders of protection, individuals may request that it issue an administrative directive for a no-contact and/or no-trespass notice to the Respondent. Campbellsville University will determine whether to issue such a directive.

For information regarding how to obtain a protection order, contact the Title IX Coordinator or the Office of the Dean of Students.

Process Rights

The Campbellsville University Sexual Misconduct Policy provides a summary of rights, options, supports, and procedures to all Complainants, whether they are students, employees, guests, or visitors.

When appropriate, upon receipt of a formal complaint, the Title IX Coordinator will initiate a prompt, fair, and impartial process, commencing with an investigation, which may lead to the imposition of sanctions for a Respondent based upon a clear and convincing standard of evidence [A higher standard requiring that the allegation is substantially more likely than not to be true].

Procedures detailing the investigation and resolution processes of Campbellsville University can be found online here:

<https://www.campbellsville.edu/policy/title-ix-policy-procedure/index.html>

The Title IX Coordinator is ultimately responsible for assuring that, in all cases, the behavior is brought to an end, Campbellsville University acts to prevent its recurrence reasonably, and the effects on the Complainant and the community are remedied.

All parties are entitled to a process which:

- Is prompt, fair, and impartial from initial investigation to final result, including being:
 - Completed within reasonably prompt timeframes, including allowing for the extension of timeframes for good cause with written notice to the parties of the delay and the reason for the delay;
 - Conducted in a manner that is consistent with the institution's policies and transparent to the parties;
 - Given timely notice of meetings at which the parties (one or all) may be present;

- Given timely provision to the parties and any appropriate officials of equal access to any information that will be used during informal and formal disciplinary meetings and hearings; and is
 - Conducted by officials who do not have a conflict of interest or bias for or against any of the parties
- Is conducted by administrators who, at a minimum, receive annual training on:
 - Issues related to dating violence, domestic violence, sexual assault, and stalking; and
 - How to conduct an investigation and hearing process that protects the safety of the parties and promotes accountability
- Allows all parties the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice
- Does not limit the choice of advisor or presence for any party in any meeting or institutional disciplinary proceeding; however, the institution may establish the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to all parties
- Provides for simultaneous written notification to all parties of:
 - The result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking;
 - The institution's procedures for the parties to appeal the result of the institutional disciplinary proceeding, if such procedures are available;
 - Any change to the result, and
 - When such results become final
- Prohibits retaliation

Process Outcomes

For offenses including sex or gender-based discrimination, harassment, and violence, which typically include the crimes of domestic violence, dating violence, sexual assault, and stalking, sanctions range from probation, loss of privilege, a fine, counseling costs for the victim, suspension, or up to expulsion.

Serious and violent incidents and acts of sexual assault usually result in suspension, expulsion, or termination of employment.

Knowingly providing false or misleading information to investigators can result in additional consequences under the Campbellsville University Student Handbook or the Campbellsville University Policy and Procedural Manual.

Training

The Title IX Coordinator is also responsible for assuring that annual training is conducted for all institution-provided advisors, investigators, decision-makers, and appeal decision-makers involved in resolving formal complaints through a process that ensures the safety of all parties and promotes accountability.

Training will focus on sexual assault, domestic violence, dating violence, stalking, sexual harassment, retaliation, and other behaviors that can be forms of sex or gender-based discrimination, harassment, or violence covered by Title IX and the Clery Act.

Recordkeeping and Privacy

Campbellsville University records of investigations and resolutions are maintained in privacy in accordance with the institution's record retention policy for a minimum of seven years. Information is shared internally between administrators who need to know to complete their job duties.

When information must be shared to permit the investigation to move forward, the parties will be informed. Privacy of the records specific to the investigation is maintained in accordance with Kentucky law and the federal FERPA statute. Any public release of information needed to comply with the open crime logs or timely warning provisions of the Clery Act will not include the names of the Complainant or information that could easily lead to the Complainant's identification.

Additionally, Campbellsville University maintains privacy in relation to any supportive measures afforded to a Complainant, except to the extent necessary to provide the supportive measures. Typically, suppose faculty members or administrators are asked to offer supportive measures to a specific student. In that case, they are told that such measures are necessary under Title IX or the Clery Act. Still, they are not given any details of the incident or its nature, unless it is imperative to the situation.

Irrespective of state law or public records access provisions, information about Complainants is maintained privately in accordance with Title IX and FERPA.

In any complaint of sex or gender-based discrimination, harassment, or violence covered under Title IX and/or the Clery Act, the Complainant and Respondent are entitled to the same opportunities for a support person of their choice throughout and to fully participate in the process, including any meeting, conference, hearing, appeal, or other procedural action.

The role of Advisors is outlined in detail in the Campbellsville University Sexual Misconduct Policy. Parties may choose an Advisor of their choice, who may, but is not required to be an attorney. Advisors are permitted to inspect and review evidence. All parties will receive written notice of the allegations and any hearing outcomes. Additionally, they will have the opportunity to review and respond to the investigation report both before it is finalized and again before the hearing.

Written notifications will be delivered to all parties simultaneously, without any undue delay. Each party will be informed of Campbellsville University's appeal procedures and their right to request an appeal. If there are any changes to the outcome before finalization, all parties will be promptly notified in writing. Additionally, all parties will be informed when the resolution

process has been finalized.

Retaliation

Both Title IX and the Clery Act provide protections for whistleblowers who bring allegations of non-compliance with the Clery Act and/or Title IX to the attention of appropriate campus administrators.

Campbellsville University does not retaliate against those who raise concerns of non-compliance. Any concerns should be brought to the immediate attention of the campus Title IX Coordinator and/or to officials of the U.S. Department of Education.

Fire Reporting and Safety Standards

Local Fire Departments Assisting Campbellsville University

Campbellsville: Campbellsville-Taylor County Fire and Rescue (CTCFR) is located at 100 W. Broadway St., Campbellsville, KY 42718. This department is located across the street from the south entrance to the campus. University Safety Officers have radio communication patched directly to the local 911 center to assist emergency personnel responding to campus.

Louisville: Jeffersontown Fire Department is located at 10530 Watterson Trail, Jeffersontown, KY 40299-3754

Shively: The Fire and Police Department Headquarters is located at 1800 Park Road, Shively, KY 40216

Somerset: The Fire Department Headquarters is located at 121 South Central Ave., Somerset, KY 42501

Hodgenville: The Fire Department Headquarters is located at 209 East Water St., Hodgenville, KY 42748

Harrodsburg: The Fire Department is located at 125 W. Broadway St., Harrodsburg, KY 40216

Paris (KY): Paris Fire Department Station #2 1097 M.L.K. Jr Blvd, Paris, KY 40361

Encino (CA): Los Angeles County Fire Station 83 is located at 4960 Balboa Boulevard, Encino, CA 91316

Campbellsville University contracts with SimplexGrinnell for fire alarm monitoring, smoke detector inspections, fume and range hood inspections, sprinkler systems maintenance, and preventative maintenance. SimplexGrinnell performs yearly inspections for preventative and routine maintenance on these systems. All Kentucky State Fire Marshal Safety Inspection Records and external safety inspection records from SimplexGrinnell, Otis Elevator, Zee Medical Inc., and Adair County Fire Extinguisher Services are maintained and kept in the Office of Physical Plant. Annual fire extinguisher maintenance and inspections are conducted throughout the main campus.

In addition to outside entities that inspect campus safety equipment, Campbellsville University Campus Safety and Security Staff also conduct internal safety inspections and audits on internal emergency lighting, external lighting repairs, and fire extinguishers at all locations. Documentation on these audit reports is located and maintained with the on-site maintenance directors. Internal safety inspections are conducted monthly.

In accordance with state and federal law, Campbellsville University initiates fire drills, under the supervision of Campbellsville-Taylor County Fire and Rescue and the Harrodsburg Fire Department, annually to all residential buildings on Campbellsville University's main campus and at the Harrodsburg Conover Education Center. These drills are designed not only to promote fire safety awareness for the residential student body, but they also provide procedural training for university safety and security officers, residential directors, and fire personnel. These drills are initiated at the beginning of the semester, and procedures for residence hall evacuations and emergency preparedness are discussed during hall meetings conducted by residence hall directors. All University buildings have evacuation plans posted throughout the buildings, along with safe shelter areas for severe weather.

Disclosure of the Existence of Fire Suppression System in On-Campus Housing

In accordance with Kentucky's Senate Bill 63, the Office of Residence Life and its staff inform all residential students that we currently have fire suppression systems in the Southeast Residence Hall. All residence halls are within the regulated fire code of the Commonwealth of Kentucky, and fire safety information is covered during check-in and residential hall meetings. Students are required to sign a form notifying them as to whether their residential facility does or does not have a fire suppression system. This information is also covered within Campbellsville University's Student Handbook, which can be found online.

Preparation of Annual Disclosure of Crime Statistics

The following information provides context for the crime statistics reported as part of compliance with the Clery Act. The Office of Regulatory Compliance and Title IX, along with the Office of Campus Safety and Security, is tasked with the responsibility of preparing and distributing the Annual Security Report (ASR). The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the Office of Campus Safety and Security and obtained from the following sources: Campbellsville City Police, Campbellsville Fire, Taylor County Sheriff, Jeffersontown Police, Jeffersontown Fire Department, Shively Police, Shively Fire Department, Louisville Metro Police, Pulaski County Sheriff, Office of Campus Safety and Security Harrodsburg Conover Education Center, Harrodsburg City Police, Mercer County Sheriff, Harrodsburg Fire Department, Hodgenville Emergency Dispatch PD/Fire, Liberty Police Department, Liberty Fire Department, Casey County Sheriff, Los Angeles County Sheriff, Los Angeles Fire Dept. 83, Los Angeles Police Department- W. Valley, Paris City Police, Bourbon County Sheriff, University Physical Plant- Campbellsville, and non-police or Campus Safety personnel designated as Campus Security Authorities. The Office of Student Services, Residence Life, Title IX, and Human Resources are also designated as offices from which drug, liquor, and weapon offense referral data is obtained, along with sexual offenses and potential reports of other Clery crimes.

Preparation of the final report is coordinated by the Director of Regulatory Compliance and Title IX and the Director of Campus Safety for both the main campus and Harrodsburg. Additionally, the Director of Human Resources, Director of Student Services, Director of Residence Life, Title IX Coordinator, Regional Center Directors, and the Vice President of Student Services collaborate with the Senior Clery Compliance Officer to ensure the accuracy of the ASR.

A written request for statistical information is made at least on an annual basis to all Campus Security Authorities. CSAs are also informed in writing, by email, to report crimes to Campus Safety in a timely manner so those crimes can be evaluated for timely warning purposes. A Campus Security Authority is a Clery-specific term that encompasses four groups of individuals and organizations associated with an institution:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into an institutional property).
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Statistical information is neither requested from nor provided by professional counselors or pastoral counselors who perform this function and role as part of their employment with the University. Professional counselors and pastoral counselors are not required by law to provide statistics for this compliance document. Counseling and pastoral professionals, as defined by the Federal law, who act in such capacities, have been advised that, while they are not obligated to report crimes for the purpose of compiling these statistics, they are encouraged, when they deem it appropriate, to inform the persons they are counseling of their ability to report any crimes to Campus Safety for inclusion in the annual statistics. The Office of Counseling Services and identified pastoral counselors facilitate anonymous reporting.

All statistics are gathered, compiled, and reported to the campus community via the "Campbellsville University 2025 Annual Fire Safety & Crime Statistics Report," which is published by the Office of Regulatory Compliance and Title IX, and, along with the Office of Campus Safety and Security, no later than October 1 of each year. This office submits the annual crime statistics published in this report via a web-based reporting system to the United States

Department of Education (USDE). The statistical information gathered by the Department of Education is available to the public through the USDE website.

Notice of Availability of the Annual Security and Fire Safety Report

Campus Safety and Security sends an annual email to all enrolled students and current employees informing them of the availability of the Annual Security and Fire Safety Report. The notice includes a summary of the contents of this report, the address of the website where the “Campbellsville University 2025 Annual Fire Safety & Crime Statistics Report” can be found, and notification that a physical copy may be obtained free of charge by requesting in-person at 419 North Columbia Avenue, Campbellsville, KY, or by phone (270) 789-5555.

The availability of this report is also included on the Campbellsville University website under the Campus Safety tab.

Specific Information about Classifying Crime Statistics

The statistics in this report are published in accordance with the definitions and with regard to the standards and guidelines used by the FBI Uniform Crime Reporting (UCR) Handbook, National Incident-Based Reporting System (NIBRS), relevant Federal law (the Clery Act), and applicable Kentucky State laws (KRS).

For Clery Act reporting purposes, the number of victims involved in a particular incident is indicated in the statistics for the following crime classifications: Murder/Non-Negligent Manslaughter, Manslaughter by Negligence, Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and are robbed, this would be counted as one instance of robbery in the crime statistics chart. Under Kentucky Law, a resident hall room is considered a residential dwelling. Therefore, any unauthorized entry into an individual’s room with the intent to commit a crime will be counted as a single statistic of Burglary. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. Additionally, the Clery Act defines electric bicycles and electric scooters as motor vehicles (self-propelled vehicles that run on land surfaces). In cases involving Liquor Law, Drug Law, and Illegal Weapons Law violations, the statistics indicate the number of people arrested by law enforcement or referred to the Office of Student Services’ Director of Student Conduct or Human Resources for possible disciplinary action for violations of those specific laws.

Hate crimes are reported in narrative form and are categorized by the type of prejudice. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender’s bias. For example, an offender assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of

their bias against the victim's race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, the assault is then also classified as a hate crime. For Clery Act Purposes, Hate Crimes include any of the following offenses that are motivated by the offender's bias: Murder and Non-negligent Manslaughter, Sexual Offenses (rape, fondling, incest, and statutory rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/ Vandalism of Property.

Campus SaVE was signed into law on March 7, 2013, as part of the reauthorization of the Violence Against Women Act (VAWA); it covers students and staff of institutions of higher education and amends the Jeanne Clery Act to include new reporting requirements for Domestic Violence, Dating Violence, and Stalking, and additional policy statements and training requirements.

Campbellsville University's Main Campus and the Conover Education Center in Harrodsburg, KY, are the only separate campuses that offered on-campus housing in the 2024 calendar year.

Unfounded Crimes

Unfounded crimes can be classified as crimes that occurred on campus, in on-campus student housing facilities, on or in non-campus property or buildings, and on public property. The total number of unfounded crimes includes all criminal offenses, hate crimes, arrests, or disciplinary action referrals for weapons, drug, or liquor law violations, and domestic violence, dating violence, or stalking incidents that have been unfounded. If a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is "unfounded." *Only sworn or commissioned law enforcement personnel may unfound a crime.*

Geography Definitions from the Clery Act

On-Campus defined as: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution's educational purposes, including residence halls;

Any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or retail vendor).

Non-Campus Building or Property defined as: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution (i.e., Clay Hill Memorial Forest). The Non-Campus geography definition includes buildings or properties under temporary control during institutionally sponsored short-stay-away domestic or international trips for students of more than one night, or buildings or properties under temporary control during institutionally sponsored domestic or international trips for students to repeated locations.

- For example, students on the basketball team take a trip to Kansas City, MO, and stay at the same hotel every year. In this example, the institution must include in its Clery Act crime statistics any Clery Act crime that occurs in the rooms used by students and in any common areas accessible from those rooms, including the lobby, elevator, and staircases.

Public Property is defined as: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus or on-campus property/facilities. The Campbellsville University crime statistics do not include crimes that occur in privately owned homes or businesses within or adjacent to the campus boundaries.

On-campus Student Housing Facility is defined as: Any student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution and is within a reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility. This category is considered a subset of the On-Campus category.

Reasonably Contiguous is defined as: Any building or property that an institution owns or controls and is in a location that students consider to be, and treat as, part of the “campus.” Campbellsville University considers locations within one mile of the core or main campus border to be reasonably contiguous with the campus.
