Congratulations

to our

2018

Excellence in Teaching

Award Recipients

Teaching is the profession that
creates all others.

Today's program will be streamed live on
www.wlcutv.com

History of the Excellence in Teaching Program

Campbellsville University began the Excellence in Teaching Award Program in 1987 with assistance from Mr. Earl Aaron and the Ward, Cundiff, and Aaron Memorial Fund. The purpose of the program is to recognize the quality teaching and learning taking place in the school systems throughout Kentucky.

Through the award program, Campbellsville University presents certificates to teachers in each grade level (preschool/elementary, middle, and high school) as selected by their school districts. At this 32nd annual program, we are recognizing teachers from 60 school districts. Nearly 3,700 teachers have been so honored since the program's inception.

Mission Statement

Campbellsville University is a comprehensive, Christian institution that offers non-credit technical programs, along with certificates, associates, undergraduate, and graduate programs. The university is dedicated to academic excellence solidly grounded in the liberal arts that fosters personal growth, integrity, and professional preparation within a caring environment. The university prepares students as Christian servant leaders for life-long learning, continued scholarship by using advanced research to practice at the doctoral level, and active participation in a diverse, global society.

Core Values

- To foster academic excellence through pre-professional certificates, associates, baccalaureate, and graduate programs through traditional, technical, and online systems
- To achieve academic excellence through rigor and relevancy in undergraduate, master's and doctoral level programs
- To provide an environment conducive for student success
- To value diverse perspectives within a Christ-centered community
- To model servant leadership and effective stewardship
