## **UNIVERSITY HISTORY AND PURPOSE**

In 1900, the members of the Russell Creek Baptist Association, realizing the need for Christian education, appointed a committee to raise funds for the building of such a school. It was not to be “just another school” but one with a specific program and definite ideas with Christian ethics as its theme. Work by the committee continued and Russell Creek Academy was founded in 1906. The Academy grew and, as a result, became a junior college in 1949 named for the lovely community in which it is located.

In October 1957, the Board of Trustees at Campbellsville was authorized to execute its proposal of expanding the College to a four-year institution. In 1959, the Kentucky Board of Education approved the College for a four-year teacher education program. Campbellsville University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates, associate, baccalaureate, and masters. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the status of Campbellsville University.

On April 11, 1996, the Board of Trustees at Campbellsville approved an institutional name change from Campbellsville College to Campbellsville University. This change has and will continue to allow opportunities for the development of additional academic programs at both the undergraduate and graduate levels. It also enhances the institution’s ability to attract and retain high quality faculty, students and external support.

Campbellsville University is “not just another school.” It is distinctive because it specializes in character building. Campbellsville University strives for excellence in faith, in learning, in living, and in developing Christian leadership. Whatever you want to be, this is the place to “find your calling.”

## **MISSION STATEMENT**

Campbellsville University is a comprehensive, Christian institution that offers pre-professional, undergraduate and graduate programs. The university is dedicated to academic excellence solidly grounded in the liberal arts that fosters personal growth, integrity and professional preparation within a caring environment. The university prepares students as Christian servant leaders for life-long learning, continued scholarship, and active participation in a diverse, global society.

### **Core Values:**

- To foster academic excellence through pre-professional certificates, associates, baccalaureate, and graduate programs through traditional, technical and online systems
- To provide an environment conducive for student success
- To value diverse perspectives within a Christ-centered community
- To model servant leadership and effective stewardship

## **A STATEMENT OF BAPTIST HIGHER EDUCATION VALUES**

Campbellsville University is committed to providing a quality educational experience within the Baptist tradition and in keeping with a strong Christian emphasis. Under the Lordship of Christ, the institution affirms historic Baptist principles including: the priesthood of the believer, the authority of Scripture, freedom of conscience, integration of faith and learning, pursuit of truth in an academically challenging environment, student involvement in servant ministry, and affirmation of others in a spirit of grace and love. While the University continues to maintain very close ties to Baptist Churches and bodies, the institution exists to provide Christ-centered higher educational opportunities to a diverse student population. Campbellsville University, while Baptist in affiliation and Christ-based in practice, is neither a church nor an ecclesiastical authority. Since 1906 the institution has existed to provide higher educational opportunities to men and women in a positive and academically challenging Christian environment. In that same spirit, we affirm the challenges and opportunities of Baptist higher education in the 21<sup>st</sup> Century.

In compliance with *A Statement on Baptist Higher Education Values* as noted above, Campbellsville University affirms the historical religious exemption granted under the Civil Rights Act of 1964, and other applicable federal and state statutes and regulations, as a Christian university in the Baptist tradition, and to develop and implement all policies and procedures relative to employment practices and student and employee behavior to conform with this historical relationship to the Baptist church and the larger Christian community. These policies and procedures will be the basis for the mission and activities of all campus organizations and use of all Campbellsville University facilities.

As God extended His love for all human beings through his Son Jesus Christ and as an institution that affirms the “whosoever will gospel of Jesus Christ” (John 3:16), Campbellsville University extends love for mankind through a commitment to the Great Commission (Matthew 28:16-20; Acts 1:8) and in the spirit of the Great Commandment (Matthew 22:36-40). Therefore, Campbellsville University will implement the development and administration of all policies and procedures in the recognition of the diversity of God’s creation and His infinite grace toward all people.

**“The eleven disciples traveled to Galilee, to the mountain where Jesus had directed them. When they saw Him, they worshiped, but some doubted. Then Jesus came near and said to them, ‘All authority has been given to Me in heaven and on earth. Go, therefore, and make disciples of all nations, baptizing them in the name of the Father and the Son and the Holy Spirit, teaching them to observe everything I have commanded you. And remember, I am with you always, to the end of the age.’” Matthew 28:16-20**

## LETTER FROM THE PRESIDENT

Dear Campbellsville University Student,

Welcome to Campbellsville University! We are so glad you have decided to invest your college years at CU!

My prayer is for you to take advantage of the many opportunities that lie ahead during your college experience. You are encouraged to explore the variety of options and programs that are made available to you as a CU student. We hope you take advantage of these and make these years “the best of your life” and that you “find your calling” while at CU.

The *Student Handbook* is designed to inform you of university policy and to provide you with answers to questions you may have on student life. I suggest that you also review the *University Bulletin-Catalog* (view the catalog at [campbellsville.edu/academics/academic-affairs/catalogs/](http://campbellsville.edu/academics/academic-affairs/catalogs/)) as an additional source of information on policies and procedures that impact you as a CU student.

Please take time to review our four Core Values that provide further clarity to our Mission Statement (see the CU Mission Statement at [campbellsville.edu/about/president/mission-and-values/](http://campbellsville.edu/about/president/mission-and-values/)). Our Core Values are:

- To foster academic excellence through pre-professional certificates, associates, baccalaureate, and graduate programs through traditional, technical, and online systems
- To achieve academic excellence through rigor and relevancy in undergraduate, master’s and doctoral level programs
- To provide an environment conducive for student success
- To value diverse perspectives within a Christ-centered community
- To model servant leadership and effective stewardship.

We are making continuing progress on a numerous fronts to expand our curriculum and prepare students for the digital age. Several new programs are being implemented for undergraduate and graduate students. Improvements to facilities is an ongoing process at CU. We are making these changes to serve you better.

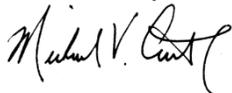

Students will find new faculty, coaches and staff in the fall. Work has begun on the new Betty Dobbins Heilman Wellness Center. It will be a wonderful facility for students, faculty, staff, and coaches to work out and enjoy wellness. We are pleased to offer this benefit to our students. Also, work on the new fieldhouse is continuing. It will be a modern, well equipped fieldhouse for athletics. Both will open soon.

Academic coaches are available to you in the Badgett Academic Support Center (BASC). The coaches are provided through a Title III grant as is a new Faculty Resource Center, named the Cheatham Center for Teaching and Learning, located in Montgomery Library. We hope you get to know these new personnel who can help you along your academic and spiritual journey at CU.

We are committed to providing you with a quality education in an atmosphere that is academically challenging and enabling you to become a servant leader. You are encouraged to work to become a servant leader while at CU. Take advantage of campus ministry opportunities and church outreach. These programs are designed to help you grow in your faith. Just as the faculty, staff, and coaches are here to help you – let me ask you to be willing to give of yourself in service to a good and Christ-centered cause. Christ teaches us to give of ourselves in service to others. It is a truth that will serve you well throughout your life.

Thank you for choosing Campbellsville University. May God bless you in your studies and student activities. My prayer is that you will take full advantage of the opportunities that you have while at CU to study, learn, and live.

Most Cordially,

Michael V. Carter  
President

**“Be careful not to practice your righteousness in front of people, to be seen by them. Otherwise, you will have no reward from your Father in heaven. So whenever you give to the poor, don’t sound a trumpet before you, as the hypocrites do in the synagogues and on the streets, to be applauded by people. I assure you: They have got their reward! But when you give to the poor, do not let your left hand know what your right hand is doing, so that your giving may be in secret. And your Father who sees in secret will reward you.” Matthew 6:1-4**

**“The Lord is my shepherd; there is nothing I lack.  
He lets me lie down in green pastures;  
He leads me beside quiet waters.  
He renews my life;  
He leads me along the right paths for His name’s sake.  
Even when I go through the darkest valley, I fear no danger, for You are with me; Your rod and Your staff – they comfort me.  
You prepare a table before me in the presence of my enemies; You anoint my head with oil; my cup overflows.  
Only goodness and faithful love will pursue me all the days of my life, and I will dwell in the house of the Lord as long as I live.” Psalm 23:1-6**

## **A DECISIVE ADVENTURE**

This handbook, in conjunction with the Campbellsville University Bulletin/Catalog, sets before you the University's plans and expectations for the year. This handbook is, in part, a tool for you in setting a conscious and deliberate path through this year. Our effort together here has much to do with those promises we make and keep with each other...a focused responsible action that increases life-long interest in learning and that increases confidence in approaching unfamiliar experiences.

Your success this year will depend not just on those things that you choose to do, but also will depend on those things you choose not to approach and include in your growth.

Learning takes place through many opportunities and in many settings at Campbellsville University. Students who are active both in their academic work and in a balance of extracurricular activities tend to be more satisfied with college life, tend to enjoy higher achievement and personal development, and are more likely to complete a degree. You will find a variety of activities to choose from in the following pages.

The Office of Student Services provides many recreational, learning, and service opportunities and is easily accessible to discuss choices, problems, and interests you may have.

Your college years should be remembered as exceptional, not just ordinary. Join in partnership with faculty, staff, students, and coaches in making a difference in our world.

## **CHRISTIAN ACTIVITIES**

### **Church Life**

The Campbellsville community has many active churches readily available to students, faculty, staff, and coaches. The friendly and energetic atmosphere in the churches provides a rich opportunity for growth and ministry.

The University encourages students to make involvement in the larger community of faith a priority in the college experience. Students are also encouraged to prepare for future leadership in church life.

Churches in the area enthusiastically welcome student participation in their congregations, and Campbellsville University encourages all students to regularly attend the church of their choice.

### **Campus Ministries**

The Office of Campus Ministries seeks to develop a broad range of opportunities for students to worship, grow as disciples, evangelize, be involved in ministry and fellowship. It is the aim for students to not only go on mission trips but to be *on mission* on campus, in our community, throughout our country and around the world.

This office provides support to student-led Christian organizations; see page 38-39, and acts as a coordinator for ministry activities on campus.

The Office of Campus Ministries also serves as a center to respond to personal, emotional and spiritual needs experienced by members of the University family. Both personal and group consultations are available through this office.

### **Other Christian Activities**

The University places strong emphasis on providing a special atmosphere for worship and spiritual growth. Many opportunities for this growth are available through creative worship, Bible studies, fellowships, ministry teams, mission projects and retreats. The Baptist Campus Ministry and Fellowship of Christian Athletes are campus organizations that provide students opportunities for involvement and leadership in Christian activities.

## **STUDENT SERVICES**

### **Student Services Philosophy**

The Office of Student Services staff attempts to facilitate the student's adjustment to the University environment. The responsibilities of developing the student begin once a student is admitted to Campbellsville University. The registration/orientation sessions held in spring and summer, as well as at the beginning of the semester, serve to acquaint new students with the campus and university life.

The Office of Student Services staff works together with the academic personnel to provide not only a strong knowledge base but opportunities for personal growth and development of our students. A major part of the educational process is learning about self and how to relate to others. With this philosophy, the Office of Student Services provides services to students to enhance the uniqueness of each individual in his/her developmental process.

### **Activities**

Efforts are made to assist the student in becoming a fully developed, unique, whole person in Jesus Christ. Students mature through all kinds of interpersonal activities and relationships as well as through academic endeavor. Therefore, a wide variety of activities and intramurals are planned and coordinated through the Director of Student Activities. The Student Government Association also plays a significant role in planning campus events, such as Freshman Week, weekend movies, concerts and dances. Baptist Campus Ministry and other campus organizations provide a variety of activities.

### **Housing**

Residence halls for our single students are managed by the Director of Residence Life in the Office of Student Services. Please refer to the "Residence Hall Guidelines" section beginning on page 19.

### **Campus Calendar**

The Master Calendar of campus activities is kept in the Office of Student Services. All activities and meetings sponsored by administration, faculty, staff, coaches and University clubs/organizations, or off campus groups or individuals must be placed on the calendar. Use of rooms and buildings on campus are reserved through the Office of Student Services. An Event Registration Form, available in the Office of Student Services and online, must be completed before activities are placed on the campus Master Calendar or facilities reserved.

### **Car Sharing**

This service is provided by UhaulCarShare® and offers CU students, as well as members of the Campbellsville community, the opportunity to rent a vehicle on an hourly rate. More information about utilizing this tertiary service, how to sign up, rates and more please visit <https://uhaulcarshare.com/>.

### **Identification Card**

All students **must** have an ID (identification card) to attend campus activities, to use the swimming pool and Tigers Den, to eat in the Winters Dining Hall and to attend open dorms in the residence halls. ID pictures are made by the Office of Student Services. If a student loses his/her ID, another one can be purchased for \$10.00. ID cards are not transferable and will be confiscated if presented by anyone other than the person to whom the card was issued. Students are admitted to most campus activities and events with a valid CU student ID. Resident students must always present their ID before eating in University dining facilities. The Student Government Association and other campus clubs may make nominal charges for events they sponsor.

### **Enforcement of University Policies and Regulations**

The Office of Student Services is responsible for enforcing the policies and regulations for students on campus. When these policies and regulations are broken, disciplinary action is taken. Details of this process can be found under Judicial Council Procedures.

## RESIDENCE HALL GUIDELINES

All full-time Campbellsville University students **must** live in one of the University residence halls unless they are classified as a commuter (definition below). If the student is not classified as a commuter, they can request permission to live off campus and must meet the following criteria:

1. Be in good social standing with the University, having no current or prior semester judicial offenses, having a 2.5 GPA, as well as meeting ONE of the following conditions:
  - Be 22 years old or older.
  - Have completed 80 semester hours prior to the semester he/she is requesting to move off campus.
  - Or be a veteran of the U.S. military service.

A **resident** student is defined as a full-time student between the ages 17-24 who lives in University campus housing. A **commuter** student is defined as a student who is a dependent of a parent or legal guardian with whom he/she has physical residence, living within a 50-mile radius of Campbellsville University's main campus.

**English as a Second Language (ESL) students** are not eligible to live off campus unless they are age 24 or older.

**NOTE: Changing status from resident to commuter and moving off campus may affect and reduce financial aid. Students are encouraged to check with the Office of Financial Aid before making plans to change status and move off campus. Any student approved to change status and live off campus is automatically removed from the reservation list for a residence hall room and meal plan. Application forms to change status and live off campus may be obtained from the Office of Student Services. Failure to complete and process this form could keep the student from completing registration and/or attending classes.**

If a resident student discovers that she is pregnant, the University wants to provide her with support and resources to ensure the health of both the mother-to-be and the baby. Therefore, it is imperative that the mother-to-be inform the residence life staff as soon as the pregnancy is determined. The mother-to-be will be provided with the full support of the University's resources to find suitable off-campus housing that both protects her and the baby and enables her to continue her education as long as possible. It is best that the transition to off-campus living is accomplished by the end of the second trimester of the pregnancy.

### Room Assignments

Room assignments are made by the residence hall staff with some priority given to previous occupants and in order of receipt of room requests. The contractual statement of the application must be signed and constitutes a binding agreement between the student and the University. Written request for specific room and roommates are honored whenever possible. **THE UNIVERSITY RESERVES THE RIGHT TO ASSIGN ROOMS ACCORDING TO THE BEST INTEREST OF THE STUDENT AND THE UNIVERSITY. Requests for private rooms are honored only if space is available.** In most cases, the student who has lived in the room for the longest period will have priority in assignment of that room. **The cost for a private room is an additional \$500 per semester.**

### Room and Board Charges Per Semester For 2017 – 2018 School Year

### Residence Hall Check-In Procedure

For incoming new students, residence halls officially open at 8 a.m. to 12 p.m. on the Friday before classes begin each semester. For returning students, residence halls officially open at 1 p.m. on the Sunday before classes start. The Residence Life Staff will conduct check-in when the student first arrives. After receiving the room key, a Resident Assistant will show the student to his/her room and assist the student in filling out the **Check-In Form**. This form is to record any damages that exist before the student moves into the room (blinds, carpet, furniture,

etc.). This same form will be used to check each student out of his/her room at the end of the semester or upon leaving school. The purpose of this form is to ensure a student is not charged for damage he/she did not cause throughout the year. After signing off on the **Check-In Form and signing the Residence Hall Contract**, the student is then allowed to begin to move his/her belongings into their room.

\*Any student who does not have a schedule and is not attending class by the census date (typically one week after classes begin), will be asked to move out of the residence hall. A student's meal card will not be activated until they have signed up for classes.

### **Residence Hall Check-Out Procedure**

Students **must** get approval from the residence hall director before moving out of their room. After approval is given, the resident **must** have a Resident Assistant or Resident Director complete the **Check-Out Form**. This form is again signed by the student stating that the condition of the room is accurately stated on the **Check-Out Form**. If a student does not check out with a Resident Assistant or Resident Director, there is an automatic \$50.00 charge applied to the student's account along with any other damage charges found in the room that were not stated on the **Check-In Form**. **It is imperative that the student checks out with a Resident Assistant or Resident Director to avoid any unnecessary charges. All personal property must be removed.**

### **Student Requesting to Change Rooms**

**No room changes will be made without approval from the Residence Hall Director and Director of Residence Life.** Students will have one week at the beginning of the semester to request roommate or room changes. After the first week, unless there are extenuating circumstances, students will be expected to remain in the room assigned until the end of the semester. To move after this date may result in a \$50.00 charge. To make a room change, a Room Change Request Form must be obtained from the Residence Hall Director, completed and returned. The Residence Hall Director will bring the form to the Director of Residence Life. Upon approval, the Residence Hall Director will be notified and, in turn, will inform the residents of the decision.

### **Care of Rooms**

Each student is responsible for the care and cleanliness of his/her room/bathroom. He/she is responsible for keeping wastebaskets emptied, beds made and floors clean. In South Hall East Complex, Broadway Hall and Residence Villages, occupants are responsible for keeping their bathrooms clean and providing their own cleaning supplies. There will be an announced weekly room check. Fines will be assessed if room/bathroom is not satisfactorily clean. At the end of the semester, students will be charged a **minimum fine of \$50.00** for cleaning if rooms are not left reasonably clean.

The large trash cans located in the community bathrooms in Stapp Hall, North Hall, and South Hall West are **for bathroom trash only**. Each student is responsible for taking their own trash from their residence hall room to the closest dumpster.

The following electrical appliances are not allowed in residence hall rooms because of fire and safety hazards as determined by the Fire Marshal: electric skillets, grills (electric or non-electric), hot plates, toasters or broilers, space heaters and live or artificial Christmas trees with strands of electrical lights. **Hoverboards and chargers are strictly prohibited in the dorms. Neither candles nor incense are allowed in residence hall rooms.**

Small refrigerators (approximately 1-3 cubic feet), microwaves, TVs, stereos, computers, etc. are permitted in individual rooms. Power strips and surge protectors for these additional appliances are recommended.

It is prohibited to use nails, colored plastic, screws, Magic Mounts®, tape or glue on walls, doors or furniture. Only poster putty is approved for use.

Keeping in mind CU is a Christian university, sexually provocative pictures (including calendars) are not to hang in the rooms or on the doors of the rooms. Decorative alcoholic beverage containers or posters/advertisements are not allowed. The appropriateness of these items will be determined by the Residence Hall Director or Residence Life Staff. Violation of this guideline will result in having items described above confiscated.

The blinds or drapes in individual rooms are to be closed at dark. Only fireproof curtains/drapes are to be used on the room windows according to fire marshal standards.

### **Additional Guidelines for Students Living in the Residential Village Apartments:**

1. Open house policy (or co-ed visitation) is in the common area and kitchenette areas ONLY. Bedrooms are excluded for opposite gender visiting. Open house visitation hours are: every day 1 p.m.-11 p.m.
2. Residents are responsible for their own cleaning of their unit. Housekeeping duties will be assigned by the Residence Hall Director and Resident Assistant.
3. Activities outside the house, in the yard or on porches, are limited in respect to neighbors and within University policies.

### **Premium Residence Halls: Village Apartments, South Hall East, Broadway Hall**

It is a privilege to live in one of our premium residence halls. If a student is required to be seen by the Dean of Students or Director of Residence Life for disciplinary reasons, the privilege to live in a premium residence hall may be jeopardized.

### **Furniture**

All furniture must remain in your room/apartment. You are responsible for any damage done to the furniture in your room/apartment. During room inspections, the Resident Assistants will be checking to determine if all furniture is in your room. If any item is missing, you will be subject to disciplinary action and will be required to return the furniture to the room immediately. An inventory of the furnishings and the state of repair is taken at the beginning and end of each year and maintained by the Residence Hall Director. During the first week, residents are required to complete and sign the inventory and conditions of the room and furnishings form. No furniture may be removed from the room unless permission is granted by the Residence Hall Director. **NO FURNITURE CAN BE BROUGHT INTO THE RESIDENCE HALL WITHOUT BEING INSPECTED AND APPROVED BY THE RESIDENCE HALL DIRECTOR.** For the safety of the residents, beds are not permitted to be placed in front of windows. Residence Life Staff will monitor the placement of beds.

### **Lofting**

No cinder blocks are permitted in the residence halls. Raising beds must be approved by the Residence Hall Director. Resident Assistants will check for compliance to this policy at each room inspection.

### **Keys**

A residence hall room key is given to each resident student. That key is not to be duplicated and is to be turned in to the Residence Hall Director whenever the student moves out or leaves at the end of the semester. A lost key or failure to turn in key at the end of the semester will result in a \$50.00 charge.

### **Security for Residence Halls**

Back doors of all residence halls are locked for security reasons from 10 p.m. until 7 a.m. daily. Front doors of all residence halls are locked for security purposes from midnight until 7 a.m. daily. Residence hall personnel will be on duty in the main lobby of all residence halls from 1 p.m. until midnight. The safety officer must open the door for late returnees after midnight. Residence halls are locked from midnight until 7 a.m. in an effort to protect students and to keep unauthorized persons out of the residence halls.

**DOORS ARE NOT TO BE PROPPED OPEN FOR REENTRY.** A resident who wishes to enter the building during safety hours may do so by presenting his/her ID to the Campus Security/Safety Officer at the front door or by using his/her key. **Students caught propping any door will be issued a citation and a fine of \$50.00.**

### **Safety Tips**

1. Report immediately all suspicious activity or materials to the Office of Campus Safety and Security.
2. Always lock your residence hall room door (including deadbolt) when you leave, no matter how long you will be gone.
3. Always keep your vehicle doors locked and do not leave valuables visible.
4. Never walk alone at night; always have a partner; call the Office of Campus Safety and Security for an escort.
5. Never leave valuables (wallets, purses, phones, books, computers, iPods, etc.) unattended.
6. Record serial numbers and model numbers of all your personal items, such as TVs, stereos, computers, etc.

- Remember, most crimes committed on most campuses are crimes of opportunity. So do not give crime the opportunity.

### **Security of Personal Property**

**To assure the safekeeping of personal property, student rooms must be locked always.** The University cannot be responsible for loss of money or personal belongings within residence hall rooms or for automobile or personal property on parking lots. Efforts will be made to find items and/or investigate possible break-ins and thefts. Any missing personal items should be reported immediately to the Residence Hall Director, the Office of Safety/Security, or the Office of Student Services. A report will be made for Student Services' file and a police report will be taken if necessary. It is suggested that students bring a locked security box to store small valuables and write initials on labels of clothing. Students are encouraged to purchase their own personal insurance coverage.

### **Search and Seizure**

The University recognizes that a search is an intrusive action. However, the University reserves the right to conduct a search on campus at any time. This search includes the right to search vehicles on campus. The Office of Safety/Security or Residence Life Staff seeks not to be arbitrary in performing a search; it is typically triggered out of concern about the behavioral choices of an individual or group. The University recognizes that a search risks creating a sense of disruption and distrust. A search may be conducted to dispel suspicion.

University staff members, particularly Residence Life Staff, in due course of carrying out their duties, are authorized to respond to any illicit item which may be in plain view anywhere on campus including student rooms and vehicles.

**EXAMPLES INCLUDE: WEAPONS, EXPLOSIVES, AMMUNITION, FIREWORKS, ALCOHOLIC BEVERAGES, STOLEN PROPERTY AND CONTROLLED SUBSTANCES. PRESENCE OF ILLICIT ITEMS/CONTRABAND IN PLAIN VIEW MAY BE USED AS PROBABLE CAUSE AND IS A GOOD AND SUFFICIENT REASON TO PERFORM A THOROUGH AND IMMEDIATE SEARCH TO SEIZE CONTRABAND.** For example, the presence of alcoholic beverage containers, empty or full, in an open wastebasket may lead to a full room and/or vehicle search. Under stated guidelines for such search regular guidelines for search and seizure apply; the principles of courtesy and privacy are to be observed in managing a search and removal of evidence in so far as this is possible.

A search typically is performed by two Residence Life Staff members. Although it is not a requirement for conducting a search, it is generally preferred that the resident(s) of a room be present during the search. All others will be excused. The room door is to remain closed during the search. Any search must be reported by the Residence Life Staff to the Office of Student Services. If residents are not present at the time of the search, they are to receive written notice within 24 hours after the search is completed, listing item or items seized or removed from the room, and that a search was conducted. Residents are responsible for items found in their room.

At random times throughout the semester, the University reserves the right to have search dogs walk through the residence halls.

**A search and seizure is to be conducted with strong regard for the privacy of the student(s) involved. Alcoholic beverages/controlled substances are to be placed in unmarked, closed containers before removal from the room. Any controlled substance may be turned over to local authorities.**

**Firearms, weapons, bows/arrows, hunting knives, or other deadly weapons are not allowed ANYWHERE on campus as described within the University's weapons policy. The University hereby reaffirms its ban on the possession of all such weapons and devices on University property subject only to the narrow exceptions under Kentucky law relating to concealed firearms.**

### **Lost and Found**

Any article found in the residence hall should be turned in to the Residence Hall Director. Found articles may be claimed upon presentation of proper identification of the article and evidence of ownership. Lost articles found on campus should be turned in to the Office of Student Services.

### **Personal Appearance/Dress on Campus**

As a private Christ-centered university, the students at Campbellsville University are expected to display maturity in selecting a style of dress consistent with the purpose and mission of the institution.

Coin operated machines are supplied and serviced by Jetz, a national laundry service to colleges and universities. **THE FACILITIES ARE TO BE USED BY THE RESPECTIVE RESIDENCE HALL STUDENTS ONLY! Washing clothes for people other than persons who live in the residence hall is not allowed.** Students using the laundry machines should be considerate of others and clean off the washer when finished and remove lint from lint filter of dryer. Abuse and/or breakdowns should be reported immediately to the residence hall director. Do not leave wash unattended. **Clothes found in or on top of washer/dryers over a 24-hour period will be discarded.**

### **Room Damages**

Each room is inspected before, during and after occupancy and charges for damage (other than normal wear) are assigned to the student. Failure to pay will result in a student's being **UNABLE TO MAKE A ROOM RESERVATION FOR THE NEXT SEMESTER OR TO SECURE A TRANSCRIPT**. Damage caused by accidents should be reported immediately to the Residence Hall Director.

Damages in the residence halls will be charged to the person or persons responsible. A floor will be charged for damages resulting from group action or unidentified source. Each resident will be responsible for damages in his/her room unless another responsible party is identified. A cost sheet will be provided to each student upon checking into his/her room.

Students who have a hearing problem are required by state law to have a notice on the outside of their room stating "Hearing Impaired Student."

### **Guests**

Residents' parents and family members may visit in restricted areas of housing, after checking in with the residence hall director first. **No guest may stay more than three nights consecutively in the residence halls.**

Use of guest privileges must always consider the rights of your roommate and careful consideration must be shown for their property, privacy and convenience. **A host is always responsible for the behavior of a guest at all times and must inform guests of University policies. Should a problem occur, the visitation privilege of a guest may be terminated immediately.**

## EMERGENCY PROCEDURES

To help insure the safety of everyone, it is imperative that students follow instructions from University personnel (faculty, staff and administration) regarding emergency instructions.

### “CU ALERTS” Emergency Mass Notification System

CU Alerts is the campus emergency alert system that sends out important information that could be vital in keeping you safe. Messages include severe weather information such as a tornado warning for Taylor County, campus lock-down procedures, and snow schedules.

The University offers this FREE service to all faculty, staff, coaches, and students. Please understand that the cell phone number you provide the University through the Office of Student Records (students) or the Personnel Office (faculty, staff, and coaches) will be the cell phone number the alert system will call. At the beginning of each semester, the University uploads, or “opts-in”, all current faculty, staff, coaches, and students into the system to maintain an accurate and updated list of users and numbers. You do not have to sign up for this free service because we automatically provide it for you! If you decide to “opt-out” of this service or if your cell phone number changes within the semester, you can call the Office of Campus Safety and Security at (270) 789-5556 or come by the offices located in the Office of Student Services.

### Student Evacuation Instructions

#### Fire

Evacuation procedures are posted on the back of residence hall doors. If posted information is damaged or missing, you should request a fresh copy from your Residence Hall Director. **When the fire alarm sounds, immediately grab a coat or covering, leave the room, dropping a towel at the closed door to indicate the room is empty.** Exit outside doors according to fire exit plan on the back of door and go to designated area outside. The Resident Assistant on the floor will notify the Residence Hall Director; who will notify the Director of Residence Life; who will then, if necessary, notify the Dean of Student Services.

The locations listed for these facilities are considered to be the safest location for that building. ### **Active Shooter on Campus**

If you find yourself in the middle of an active shooter event, your survival may depend on whether you have a plan. The plan doesn't have to be complicated and there are three things you could do that make a difference: **Run. Hide. Fight.**

- First and foremost, if you can get out, do.
- Always try and escape or evacuate, even when others insist on staying.
- Encourage others to leave with you, but don't let them slow you down with indecision.
- Remember what's important: you, not your stuff. Leave your belongings behind, and try to find a way to get out safely.
- Trying to get yourself out of harm's way needs to be your number one priority.
- Once you are out of the line of fire, try to prevent others from walking into the danger zone and call 911.

### **RUN** when an active shooter is in your vicinity:

- If there is an escape path, attempt to evacuate.
- Evacuate whether others agree to or not.
- Leave your belongings behind.
- Help others escape if possible.
- Prevent others from entering the area.
- Call 9-1-1 when you are safe.
- If you can't get out safely, you need to find a place to hide.
- Act quickly and quietly. Try to secure your hiding place the best you can.
- Turn out lights, and if possible, remember to lock doors. Silence your ringer and vibration mode on your cell phone.
- And if you can't find a safe room or closet, try to conceal yourself behind large objects that may protect you.

### **HIDE** - if an evacuation is not possible, find a place to hide:

- Lock and/or blockade the door.
- Silence your cell phone.
- Hide behind large objects.
- Remain very quiet.
- Your hiding place should:
  - Be out of the shooter's view.
  - Provide protection if shots are fired in your direction.
  - Not trap or restrict your options for movement.

- As a last resort, if your life is at risk, whether you're alone or working together as a group, fight! Act with aggression. Improvise weapons. Disarm the shooter ... and commit to taking the shooter down, no matter what.

### **FIGHT** as a last resort, and only if your life is in danger:

- Attempt to incapacitate the shooter.
- Act with physical aggression.
- Improvise weapons.
- Commit to your actions.
- Try to be aware of your environment. Always have an exit plan.
- Know that in an incident like this, victims are generally chosen randomly. The event is unpredictable and may evolve quickly.
- The first responders on the scene are not there to evacuate or tend to the injured. They are well-trained, and are there to stop the shooter.

When law enforcement arrives:

- Remain calm and follow instructions.
- Keep your hands visible always.
- Avoid pointing or yelling.
- Know that help for the injured is on its way.
- Your actions can make a difference for your safety and survival. Be aware and be prepared.

### **Hostage situation**

- Immediately evacuate the building, and always stay out of sight of the perpetrator.
- Take no action to intervene with the hostage taker(s).
- Dial 911 and, if able, campus security (270) 403-3611

### **Explosion/Bomb**

- Immediately evacuate the building, using the evacuation guidelines
- Dial 911 and inform them of the situation. If it is safe, stay on the phone with the proper authorities.

#### **I. Sanctions Regarding the Substance Abuse Policy**

Campbellsville University athletic performance grants are awarded for one full academic year. At the end of each year, the performance grant may be renewed, increased, decreased or eliminated. Every student-athlete has the right to appeal a performance grant decision by following these steps:

- The student-athlete must submit a written request to the Director of Athletics or Assistant Director of Athletics for a hearing within five days after suspension or dismissal. Failure to request the

hearing in writing will result in a waiver of the right to a hearing. The penalties will be imposed after the five-day period has elapsed.

- The faculty athletic representative or the representative's designee will act as the hearing officer.
- The student-athlete will be provided written notice of the test results, the penalties to be imposed and notification of time, place and date of hearing.
- Only the student-athlete, a representative from the Department of Athletics, a representative of the University Administration and the hearing officer may be present for the hearing.
- The student-athlete will be provided an opportunity to present his/her position regarding the test results and penalties, as well as, any related documentation that will assist the hearing officer in determining whether the student-athlete should be suspended and be subject to cancellation of athletic financial aid.
- The hearing officer shall record the hearing by audiotape, videotape or a combination of both.

Following the hearing, the hearing officer will prepare a brief summary of the hearing including:

- The names of everyone present at the hearing.
- The date, time and place of the hearing.
- The test results.
- The position of the student-athlete.
- The position of the university representative.
- A recommendation that the penalties should or should not be imposed and the reasons therefore. In the event the hearing officer recommends the penalties should not be imposed, the officer may recommend other sanctions or alternatives. The report of the hearing officer should be completed and forwarded to the Director of Athletics within 10 days after the conclusion of the hearing. The Director of Athletics, after reviewing the report and recommendation of the hearing officer, will decide on one of the following:

- The penalties outlined in the Substance Abuse Policy will be imposed.
- That other sanctions, penalties or alternatives will be imposed.
- That no penalties, sanctions or alternatives will be imposed.

- The Director of Athletics will notify the student-athlete in writing of the recommendation of the hearing officer and the Department of Athletics' decision, which is final.

## **PHILOSOPHY OF BEHAVIOR**

Campbellsville University was founded with the goal of providing a quality education along with Christian values. Learning, we believe, best takes place where student, faculty and staff are guided by Christ-like concern and behavior. Moral and ethical integrity are essential to the environment the University seeks to uphold. All who work, study and learn at Campbellsville University have the responsibility to affirm the value of and work toward the maintenance of a peaceful and purposeful community.

The University is committed to remaining Christ centered, church connected, Baptist related and committed to changing lives, yet it is a non-sectarian institution that is committed to integrating Christian faith and learning. Many religious denominations and faiths are represented on campus. However, it is the responsibility of the entire community to be sympathetic to the stated mission, goals and behavior expectations of the University.

### **Student Behavioral Expectations**

A student attends Campbellsville University voluntarily and is expected for the sake of the community to conduct himself or herself with a high standard of personal behavior on and off campus. A student whose conduct violates stated behavior expectations faces specific disciplinary sanctions.

Behavior expectations are clustered around the following individual and community values: worth of the individual, self-discipline, academic integrity and respect for property, the environment and community authority.

### **Worth of the Individual**

Each person in our community intrinsically is a person of worth. The University values behavior that appreciates the cultural backgrounds of fellow students and respects the right of persons to hold differing attitudes and opinions. The value of the worth of individuals can be violated by behaviors such as harassment and indecent and lewd conduct.

### **Self-Discipline**

Each person has the God-given capacity for developing one's self fully as an individual. The University values behavior that leads to the physical, intellectual, spiritual, social and emotional well-being of the individual. Indecent and lewd conduct, gambling, disorderly conduct, manufacturing, possessing, consuming or distributing alcohol or other controlled substance, and intoxication are examples of behaviors which violate the value of self-discipline.

### **Academic Integrity**

Each person has the privilege and responsibility to develop one's learning abilities, knowledge base and practical skills. The University values behavior that leads a student to take credit for one's own academic accomplishments and to give credit to other's contributions to one's course work. These values can be violated by academic dishonesty and fraud.

### **Respect for University Property and the Environment**

Each person has the duty to treat with care and respect one's own property, the property of others and University property. The University values behavior that recognizes the rights and privileges of owning and using personal and institutional property. Stealing and being in possession of stolen or lost property, vandalism, setting a fire and arson, tampering with fire and safety equipment, possessing firearms or weapons on campus, possessing and using fireworks on campus and unauthorized entry are examples of behaviors which violate the value of property and the environment.

### **Respect for Campus Community Authority**

Each person recognizes that codes of conduct are necessary for prosperous and peaceful community life. The University values behavior that abides by and shows respect for the authorities that administer the rules, regulations and laws of the campus, city, state and community and as citizens of the community

beyond our campus. The value of respect for community authority is violated by possessing, consuming, and/or distributing alcoholic beverages; intoxication; possessing, using and/or distributing illegal drugs; sexual misconduct; aiding, abetting or conspiring to engage in value violations; violating residence hall visitation guidelines; reckless behavior; fighting; lewd and indecent conduct; insubordination; unauthorized and/or unruly demonstrations; driving while impaired; habitually offending motor vehicle rules and regulations; creating a nuisance by talking, yelling, singing, playing a musical instrument, electronic device, etc. loudly enough to disturb members of the University community and committing a city, state or federal offense.

## **STATEMENT OF STUDENT RIGHTS**

Any student who has been charged with a value violation and thus alleged to be involved in an inappropriate behavior is guaranteed the following rights in order to insure fundamental fairness:

Each student has the right to:

1. Be informed in writing of the specific value violation and inappropriate behavior in which the student is suspected of involvement, and informed that the judicial process is stated in the Campbellsville University Student Handbook;
2. Have a member of the student body of Campbellsville University act as an advisor or support person for the accused student from initial notification through the completion of the judicial process;
3. Remain silent when being questioned by the individual or individuals investigating the case;
4. Know the nature of the evidence against the accused and to be able to question all witnesses involved in the case, except in cases that may jeopardize the student's position such as harassment and sexual misconduct;
5. Offer a defense by presenting material and/or witnesses on behalf of the accused student;
6. Be heard in person by an impartial body before a decision is made regarding the case;
7. Be present throughout all judicial proceedings, concerning the particular case except the deliberation process of the hearing body;
8. Be informed both orally and in writing of the results of the hearing;
9. Appeal any decision made and/or action taken by any individual or hearing body within the judicial process.

## **THE JUDICIAL PROCESS**

The sole purpose of the judicial process is to continue to ensure that each student is guaranteed the fundamental fairness he or she deserves. All phases of the judicial process must be conducted in a timely manner. The rights of the individual are paramount to the judicial system. At no time, therefore, shall the judicial policies and procedures of Campbellsville University violate the rights of the student guaranteed by the Student Rights Statement of the Judicial Policies and Procedures.

### **Steps in the Judicial Process**

1. The judicial process begins with any member of the administration, faculty, staff or student body of Campbellsville University filing a complaint with either a Residence Hall Director or the Office of Student Services.
2. The complaint is then investigated fully by the Office of Student Services. The investigation process must be conducted in a discreet and professional manner, guided always by the principle that the student is innocent until proven guilty.
3. If the investigating party believes that there is substantial evidence to support the accusation, the student accused schedules a time to meet with the Dean of Student Services or designated Student Services staff. The student will be given a chance to defend his/her actions and if found guilty - they will be given their sanctions according to the Student Handbook.
4. The student in violation will be notified of the place, date, and time of their meeting with the Dean of Students or designated Student Services staff at least 24 hours in advance. It is then the student's responsibility to prepare his/her defense. The student can/should exercise those rights guaranteed by the Judicial Policies and Procedures concerning the judicial process.
5. Based on the seriousness of the violation, major offenses that would call for an appearance before the Judicial Council, the accused student may waive this appearance by signing a waiver and admission of guilt before the Dean of Student Services or designated Student Services staff, thereby agreeing to accept the sanctions for the violation as issued by the Office of Student Services. This waiver is subject to the approval of the Dean of Student Services.

6. The ruling of the Judicial Council will be made in private with council members only. The decision after deliberation will be given in the presence of the accused student, the investigating party and Dean of Student Services or designated Student Services staff.
7. Once the case is heard, the student must either be found innocent or guilty of the charge. If the student is found innocent, then all charges are dropped and the student shall be vindicated. If the student is found guilty, the hearing body imposes the sanctions for violation(s) and the student is notified both orally and in writing of these sanctions. Those cases in which the student is found guilty and sanctions are applied are turned over to the Dean of Student Services or designated Student Services staff to oversee the implementation of the sanctions.

## **THE JUDICIAL BODIES**

### **The Judicial Council**

The Judicial Council shall be a seven-member impartial body consisting of one Chief Justice and six Associate Justices. The seven-member committee shall be comprised of: Dean of Student Services; Director of Residence Life; Director of Campus Safety/Security; Director of Counseling Services; Athletic Director or Assistant Athletic Director; Business Office Representative; and an Academic Support Representative. The Chief Justice shall be appointed by the Vice President for Academic Affairs.

The ruling of the Judicial Council shall be determined by a simple majority of the seven justices. The Council may meet and hear a case with only a quorum (five members) present. A judgment requires a majority vote. If a clear majority is unreachable, then the case must be dismissed and all charges against the student must be dropped.

The University President has the power to **immediately suspend** a student when evidence exists that the student's behavior, on or off campus, may be a threat to the health, safety and/or welfare of the students, faculty, staff or guests of the University. This suspension can include restriction from campus and denial to attend classes or participate in other academic or extracurricular activities.

### **The Appeals Process**

The student may appeal the decision of the hearing body for any of the following reasons: (1) judicial procedures were not followed; (2) a sanction was not consistent with the nature of the violation; (3) the student's rights were violated.

The following steps are to be followed in an appeal of a decision of the Judicial Council:

1. At every level of the judicial process the decision concerning the case is considered final unless the student files a written request for an appeal.
2. The student has five working days after the judgment of the hearing body to file a written request to appeal his or her decision to a higher body.
3. This written request must be filed with the Office of Student Services who will forward the request to the appropriate personnel.
4. A decision of the Judicial Council may be appealed to the Vice President for Academic Affairs, who has three distinct courses of action: (1) to affirm the ruling of the lower body, (2) to allow the ruling to stand but to apply different sanctions from the lower body, and (3) to overturn the ruling of the lower body. Decisions on the appeal should be made within 10 days. During the appeals process the student must adhere to the sanctions as given until a decision has been made. All appeals must be in written form. Decisions made by the Vice President for Academic Affairs will be considered final. Only a student who has been suspended or dismissed may appeal a decision to the Vice President for Academic Affairs after all other appeals have been denied. Once the student has exhausted the appeals process, the decision is considered final and the imposed sanctions must be fulfilled.

**“This is how we know that we remain in Him and He in us: He has given assurance to us from His Spirit.” 1<sup>st</sup> John 4:13**

## **CAMPBELLSVILLE UNIVERSITY BEHAVIORAL ASSESSMENT TEAM (BAT)**

### **Mission**

The Behavioral Assessment Team assists in managing situations that pose, or may reasonably pose, a threat to the health, safety, and well-being of the campus community.

### **Purpose**

The purpose of the Behavioral Assessment Team is to recommend early intervention so that individuals receive the assistance they need without disruption to the campus community. There are many behaviors and circumstances that may indicate an increasing risk for violence, criminal behavior, significant disruption to others, or that a person is in need of assistance. The significance of any one behavior or circumstance is often difficult to determine. Therefore, the threat assessment process is designed to review the situation in the context of all of the facts that can be known.

The team will consist of representatives from the offices of Student Services, Campus Safety and Security, Residence Life, Academic Support, Counseling Services, as well as medical and mental health professionals, and legal counsel. In addition, representatives from other departments and organizations may need to be called in to assist the team due to extenuating circumstances such as athletics, the Center for International Education and/or regional centers to develop an appropriate response.

For the safety of the campus community, any threat, explicit or implied, will be considered a statement of intent. The Behavioral Assessment Team will recommend actions to the appropriate vice president(s) or senior administrators to protect the students, employees, and the community.

This team has been established to:

- Coordinate and assess information from faculty, administrators, students, local authorities, and others.
- Identify resources for troubled students and personnel and make referrals to appropriate campus and off-campus agencies; help secure therapeutic actions that are appropriate, such as treatment or counseling, and that may include internal or external psychological evaluations.
- Investigate the incident(s) and recommend appropriate actions, which may include suspension, expulsion, involuntary leave of absence, filing of criminal charges, or ongoing monitoring for follow-up and observation of behavior patterns; recommendations are made to the appropriate senior administrator who shall sign off on action to be taken.
- Respond to incidents of violence, threatening behavior, gross insubordination, intimidation, unwanted pursuit, harassment, and behavior indicating a student poses a risk to self or others; when necessary, initiate contacts with appropriate authorities to place a student in the custody of the appropriate law enforcement agency or a mental health facility capable of supporting specific behaviors.
- Organize a collaborated response to individual(s) that pose a threat to the campus community whose actions of criminal behavior on and off campus result in an immediate disciplinary review to protect the campus community for which an immediate removal from campus may be warranted.
- Authorize notification, within FERPA guidelines, of parents, guardians and/or next-of-kin.
- Assess outcomes of actions taken periodically.

### **Information Maintenance and Confidentiality**

Team members will consist of:

1. Dean of Student Services
2. Director of Campus Safety and Security
3. Director of Residence Life
4. Director of Counseling Services
5. Athletic Director or Assistant Athletic Director
6. Business Office Representative
7. Academic Support Representative

## VIOLATIONS / SANCTIONS

Listed below is a guideline of the violations that will bring a student before the appropriate Student Services personnel. Included is a brief definition of the violations and minimum sanctions for the offense (these are minimum sanctions and can be increased in severity to match the level of the offense as determined by the council).

It is the goal of the Student Services Staff to always be fair and consistent at all times. Though many violations have disciplinary consequences, some sanctions will be determined at the discretion of the Dean of Students and/or Director of Residence Life. When decisions such as that are rendered, the following criteria will be taken into consideration: attitude of student involved, previous discipline history, and specific circumstances which may apply to the situation. It is the Office of Student Services' desire that a student will benefit from the disciplinary sanctions in a positive manner and it is not seen as strictly punishment.

Appropriate councils have the authority to impose any one or a combination of more than one of the following sanctions on a student who engages in inappropriate behavior:

- Reprimand:** An informal verbal warning that continuation or repetition of inappropriate behavior may result in a more severe sanction.
- Disciplinary Warning:** An official written statement of the regulation violated with a warning that continuation or repetition of inappropriate behavior may result in a more severe sanction.

- C. **Referral for Counseling:** Students may be referred for counseling, either on campus or to an appropriate professional agency. Compliance and recommendation reports are to be provided by the counselor to the Office of Student Services.
- D. **Curfew:** Students may be placed on a curfew for a specific time. The curfew hour is usually 10 p.m. depending on the infraction and the time of the year.
- E. **Fines:** The student will be required to pay a reasonable sum of money as a sanction. The fine must be paid in the Office of Student Services by the date specified by the Dean of Student Services or Director of Residence Life in the letter sent to the student. Mentoring or work options may be considered.
- F. **Loss of Privilege:** This sanction prohibits the student from participation in extracurricular activities for a specified time, which includes campus social events such as athletic events, co-ed visitation in residence halls, dances, etc.
- G. **Restitution:** Reimbursement or compensation for damage or abuse of property resulting from a student's misconduct.
- H. **Probation:** Formal written warning that the student's behavior has placed his/her status as a student in jeopardy. This condition encumbers the student's good standing in the University for a stated period of time. Any incident during the probation period will automatically move the student to a higher level of applicable sanctions.

Penalties include, but are not limited to: the loss of University-funded financial aid (i.e. scholarships, performance grants, etc.); restriction from participation in University sponsored performing groups (i.e. fine arts organizations and athletics); and restrictions from holding an office in a University sponsored club/organization. ## **Disciplinary Records**

To minimize the risk of improper disclosure, disciplinary records are kept in the Office of Student Services separate from the student academic records in the Office of Student Records. Transcripts of academic records contain only information about a student’s academic performance and status. Personal advising files are also kept in a discreet and separate location.

Information from disciplinary or personal advising files is highly restricted and is not available to unauthorized persons on campus, or to any person off campus without the express written consent of the student involved except under legal compulsion or in cases where the safety of persons or property is involved. Disciplinary files resulting from academic cases are kept in confidential files by the vice president for academic affairs. It is a professional expectation of all administrative staff and faculty members that they respect confidential information about students that they acquire during their work. Any concern about confidentiality should be brought to the attention of the Vice President for Student Services at the earliest possible moment.

Disciplinary file information is normally purged within one year after the student graduates or leaves the campus. Campbellsville University reserves the right to hold disciplinary files up to five years after graduation or discontinued attendance if a student’s file shows excessive disciplinary history across several semesters of attendance.

Students who have been suspended or expelled will have a written statement from the Office of Student Services to the Office of Student Records of this disciplinary sanction. This will remain with the Student Records file to prevent the student from enrolling at Campbellsville University without proper appeals process.

## **Interim Suspension**

A student may be placed on interim suspension until a campus hearing can be arranged when evidence exists that the student’s behavior on or off campus may be a threat to the health, safety and/or welfare of the faculty, staff, students or guests of the University. Interim suspension will involve loss of privilege, probation and/or restriction from the campus and denied right to attend classes or participate in academic activities.

## **Off-Campus Conduct**

A student who is charged with or convicted of a city or county offense while off campus will not automatically be charged with a violation at Campbellsville University unless the violation is such that the student’s behavior may be a threat to the health, safety and/or welfare of the faculty, staff, students or guests of the University. If this occurs, the student will be required to attend a hearing before the Judicial Council to provide an explanation as to why he or she is not a threat to the health, safety and/or welfare of the University community. If the explanation is deemed unsatisfactory, the student will be assessed a sanction ranging from a reprimand to expulsion. The sanction may be appealed through the appropriate appeals process.

## **POLICY ON AIDS**

### **AIDS (Acquired Immune Deficiency Syndrome)**

Campbellsville University is committed to providing students, faculty, staff, and coaches with a comprehensive educational program concerning AIDS, based upon currently available medical information.

In such instances, appropriate measures will be taken to protect the institution and the individual.

Legal and ethical considerations oppose the adoption of any policies or courses of actions which would deny ordinary privileges and rights, including privacy, to students, faculty, coaches or staff members who are known or suspected to be infected with the AIDS virus.

Students, faculty, staff, and coaches identified as HIV infected or having AIDS or an AIDS-related complex or any other communicable disease will not be barred from working, teaching, attending classes or participating in University-sponsored activities unless the appropriate vice president, in consultation with the individual's personal physician or state health department official, determines that he/she presents a clear and present danger to the public health. All such decisions will be made on a case-by-case basis, will remain open to re-examination considering new information, and will consider facts such as the individual's state of health and occupation.

The identity of the individual having AIDS or an AIDS-related complex will remain confidential. No specific or detailed information concerning individual patient's medical condition will be released to the public. If a personal physician or state health department official determines that an individual's medical condition represents a public health hazard and warrants limitation of activities, only essential administrative personnel will be informed on a need-to-know basis.

Custodial staff and food service workers will follow the guidelines issued by the Centers for Disease Control for the prevention of transmission of AIDS and other communicable diseases.

Specifically, it is the policy of the School that designated staff members take immediate and appropriate steps to investigate or otherwise determine what happened when the School knows or reasonably should know of possible sexual misconduct. When sexual misconduct is determined to have occurred, the School shall take prompt and effective steps reasonably calculated to end the sexual misconduct, eliminate the hostile environment, prevent its recurrence, and, as appropriate, remedy its effects. All complaints shall be processed in accordance with the procedures established in this policy.

It is also the policy of the School to protect any student filing a complaint alleging sexual misconduct and to ensure the student's safety as necessary, including taking interim steps to protect the student prior to the final outcome of any investigation. It is the School's duty under Title IX to resolve complaints promptly and equitably and to provide a safe and nondiscriminatory environment for all students, free from sexual harassment and sexual misconduct. This duty also applies to complaints involving parties of the same sex, and it requires the School to use the same procedures and standards used in all complaints involving sexual misconduct.

The School shall take interim measures, including academic accommodations, to protect the complainant and witnesses as necessary while any criminal or campus investigation is underway and before the final outcome of any investigation. School officials should be mindful that sexual misconduct can result in delayed decision-making by a student who has experienced sexual misconduct. In anticipation of the need for support services from other agencies in the community, the School shall enter memoranda of understanding with other agencies as may be necessary to meet the School's obligation under Title IX. The School shall enter a memorandum of understanding with local victim services provider if the School does not offer services required by Title IX. All such memoranda shall comply with all FERPA requirements. In the event of an alleged off campus sexual misconduct incident, the School shall protect the student and the School community in the same manner had the sexual misconduct occurred on campus. Further, the School shall handle off-campus sexual misconduct incidents as it would handle other off-campus incidents of misconduct or violence and consistent with any applicable law.

Any victim of sexual misconduct should be aware of the options to seek treatment for injuries, preventative treatment for sexually transmitted diseases, and other services. Victims are encouraged to discuss with health care providers, campus officials, and/or first responders the option of seeking medical treatment in order to preserve evidence which may be necessary to the proof of criminal domestic violence, dating violence, sexual assault, or stalking, or in obtaining a protective order.

Alleged offenses may be reported to the law enforcement agencies or to school officials designated in Section 6, and victims may (a) notify law enforcement authorities, (b) be assisted by campus authorities in notifying law enforcement authorities if the victim chooses, or (c) decline to notify such authorities. Victims may also be able to obtain orders of protection, no contact orders, restraining orders, or similar lawful orders issued by an appropriate court.

School officials should be mindful of the School's obligation to provide interim measures to protect the complainant in the educational setting. The School must consider a number of factors in determining what interim measures to take, including, (a) the specific need expressed by the complainant, (b) the age of the students involved, (c) the severity or pervasiveness of the allegations, (d) any continuing effects on the complainant, (e) whether the complainant and the respondent share the same residence hall, dining hall, class, transportation or job location, and (f) whether other judicial measures have been taken to protect the complainant. The School shall minimize the burden of any interim measures on the complainant. The School will provide counseling services without charge to the complainant if the School determines that counseling is necessary as a part of its Title IX obligation to protect the complainant while the investigation is ongoing. Nonprofessional counselors or advocates shall consult with students regarding what information needs to be withheld to protect each student's identity. The School shall notify the complainant of complainant's options to avoid contact with the respondent and allow the complainant to change academic and extracurricular activities or complainant's living, transportation, dining, and working situation as appropriate. The School shall ensure that the complainant is aware of (a) complainant's Title IX rights, (b) any available resources, such as victim advocacy, housing assistance, academic support, counseling, disability services, health and mental health services, and legal assistance, and (c) the right to report a crime to campus or local law enforcement. ## **Reporting Policies and Protocols**

The School encourages victims of sexual misconduct to talk to somebody about what happened so victims can get the support they need and so that the School can respond appropriately. Different employees on campus have different abilities to maintain a victim's confidentiality:

- Some are required to maintain near complete confidentiality; talking to them is sometimes called a "privileged communication."
- Other employees may talk to a victim in confidence, and generally only report to the School that an incident occurred without revealing any personally identifying information. Disclosures to these employees will not trigger a School investigation into an incident against the victim's wishes.
- Thirdly, some employees are required to report all of the details of an incident (including the identities of both the victim and the respondent) to the Title IX Coordinator. A report to these employees (called "responsible employees") constitutes a report to the School - and generally obligates the School to investigate the incident and take appropriate steps to address the situation.

This policy is intended to make students and their parents, if appropriate, aware of the various reporting and confidential policies available to them - so they can make informed choices about where to turn should they become a victim of sexual misconduct and so they will know how to report any problems relating to retaliation which may subsequently arise. The School encourages victims to talk to someone identified in one or more of these groups.

### **Reporting Required - All employees must be aware of their own reporting responsibilities and the importance of informing complainants of:**

- the reporting requirements of responsible employees,
- complainants' option to request confidentiality and available confidential advocacy, counseling, or other support service, and
- complainants' right to file a Title IX complaint with the School and to report a crime to campus or local law enforcement. All responsible employees shall report incidents of sexual misconduct to the Title IX Coordinator, subject to the exemption for the School's counseling employees. All other employees shall respond to reports of sexual misconduct by notifying a responsible employee of the information pertaining to the incident of sexual misconduct. The School shall take the following steps to ensure that a student understands an employee's reporting obligation before the student reveals any information to that employee:

"University wide training for students, faculty and staff as well as appropriate documentation available around the campus and on the university's website / portal."

### **Responsible Employees - Responsible employees shall report to the Title IX Coordinator all relevant details about the alleged sexual misconduct that the student or other person has shared and that the School will need to determine what occurred and to resolve the situation. Before a student reveals information that the student wishes to keep confidential, a responsible employee should make effort to ensure that the student understands:**

- the responsible employee's obligation to report the names of the respondent and student involved in the alleged sexual misconduct, as well as relevant facts regarding the alleged incident to the Title IX Coordinator or other appropriate University officials,
- the student's option to request that the University maintain the student's confidentiality which the School will consider, and
- the student's ability to share the information confidentially with counseling, advocacy, health, mental health, or sexual-assault-related services. All responsible employees shall report the names of the respondent (if known), the student who experienced the alleged sexual misconduct, other students involved in the alleged sexual misconduct, as well as relevant facts, including the date, time and location to the Title IX Coordinator. A responsible employee, prior to providing information about the incident to the Title IX Coordinator, shall consult with the student about how to protect his or her safety and the details of what will be shared with the Title IX Coordinator. Responsible employees do not need to determine whether the alleged sexual harassment or sexual misconduct actually occurred or that a hostile environment has been created before reporting an incident to the Title IX Coordinator.

### **Requests for Confidentiality - Upon receipt of a complaint of sexual misconduct, the School must act immediately to protect the complainant while keeping the identity of the complainant confidential. The Title IX Coordinator and other appropriate School personnel shall determine,**

**consistent with state and local law, whether appropriate law enforcement or other authorities should be notified. The Title IX Coordinator shall evaluate student requests for confidentiality and shall determine when such requests shall be honored. The Title IX Coordinator shall be consulted in evaluating requests for confidentiality. The Title IX Coordinator shall make every effort to respect requests for confidentiality. In considering a student's request for confidentiality that would preclude a meaningful investigation or potential discipline of the respondent, the Title IX Coordinator shall consider an evaluation of circumstances that suggest there is an increased risk of the respondent committing additional acts of sexual misconduct or other violence, such as:**

- whether there have been other sexual misconduct complaints about the same respondent,
- whether the respondent has a history of arrests or records from a prior school indicated a history of violence,
- whether the respondent threatened further sexual misconduct or other violence against the student or others,
- whether the sexual misconduct was committed by multiple respondents,
- whether the student's report reveals a pattern of perpetration at a given location or by a particular group,
- whether the violence was perpetrated with a weapon,
- the age of the student subjected to sexual misconduct, and
- whether the School possesses other means to obtain relevant evidence.

The Title IX Coordinator shall evaluate confidentiality requests in the context of the School's responsibility to provide a safe and nondiscriminatory environment for all students. The School shall inform the student that the student's request that the student's name not be released to the respondent or asks that the School not investigate or seek action against the respondent may limit the School's ability to fully respond to the incident, including pursuing disciplinary action against the respondent.

A responsible employee shall explain to the student that reporting the student's information to the Title IX Coordinator does not necessarily mean that a formal complaint or investigation under the School's Title IX grievance procedure must be initiated if the student requests confidentiality. All information reported in connection with an alleged sexual misconduct incident shall be maintained in a secure manner. All School employees shall only disclose information regarding alleged incidents of sexual misconduct to individuals who are responsible for handling the School's response. All School employees shall notify students of the information that will be disclosed, to whom it will be disclosed and why the disclosure is being made. In the event the complainant requests that the School inform the respondent that the complainant asked the School not to investigate or seek discipline, the School shall honor this request and inform the respondent that the School made the decision to go forward. In the event the School determines that it can respect the student's request for confidentiality, the School shall take all reasonable steps to respond to the complaint consistent with the request and to determine what interim measures are appropriate or necessary. In the event the School determines it must disclose the complainant's identity to a respondent, the School shall inform the complainant prior to making the disclosure.

**Investigation Procedures and Protocols**

The School shall process all complaints of sexual misconduct, regardless of where the conduct occurred, to determine whether the conduct occurred in the context of an education program or activity or had continuing effects on campus or in an off-campus education program or activity. The School shall determine whether any alleged off-campus sexual misconduct occurred in the context of an education program or activity of the School. If the off-campus misconduct occurred in the context of an education program or activity of the School, the School shall treat the complaint in the same manner that treats complaints regarding on-campus conduct. Once the School is on notice of an allegation of off-campus sexual misconduct against a student, the School shall assess whether there are any continuing effects on campus or in an off-campus education program or activity that are creating or contributing to a hostile environment and, if so, the School shall address the hostile environment in the same manner in which it would address a hostile environment created by on-campus misconduct. Since there may be continuing effects of off-campus sexual misconduct while at School or in an off-campus education program or activity, if the off-campus sexual misconduct did not occur in the context of an education program or activity of the School, the School shall consider the effects of the off-campus misconduct when evaluating whether there is a hostile environment on campus or in an off-campus education program or activity. The Title IX Coordinator or an individual designated by the Title IX Coordinator shall conduct the investigation of any complaint of sexual misconduct under this policy. An investigation may entail interviews with witnesses, a review of any documentary or electronic evidence, a review of medical evidence, a review of campus security data, or a review of any other material which the investigator deems relevant to an assessment of the facts surrounding the complaint. As soon after the initiation of the investigation as possible, the Title

IX Coordinator or the designated investigator shall notify all School employees or students who are believed to have documentary, electronic, or tangible evidence to preserve such evidence for the investigation. The investigation shall provide the respondent and the complainant with equitable rights during the investigation. The School will endeavor to complete investigations and resolve complaints within sixty (60) days of the date on which the complaint was received, but the School's primary objective is a thorough investigation. Thus, if the Title IX Coordinator believes additional time beyond sixty days is necessary to complete a thorough investigation, the Title IX Coordinator shall advise the President of such information in writing and request an extension of time for the investigation, and such extensions shall be approved whenever the President believes an extension is warranted.

The School shall coordinate its Title IX investigation with any other ongoing School or criminal investigation of the incident and establish appropriate fact-finding roles for each investigator. Any information pertinent to the investigation may be shared with law enforcement during a parallel investigation. Any information not pertinent to the investigation may not be shared with law enforcement during a parallel investigation. The School shall consider whether information can be shared among the investigators so that complainants are not unnecessarily required to give multiple statements about a traumatic event. The School should not wait for the conclusion of a criminal investigation or criminal proceeding to begin its own Title IX investigation. If the fact-finding portion of the School's Title IX investigation is suspended due to the existence of a criminal investigation, the School's fact-finding portion of the Title IX investigation shall resume promptly once law enforcement officials have completed their evidence-gathering state of the criminal investigation. The School shall periodically update the parties on the status of the investigation and inform the parties when the School resumes its Title IX investigation following any delay associated with a criminal investigation.

The School shall immediately investigate any possible retaliation against the complainant, including threats, intimidation, coercion, or discrimination.

### **Grievance/Adjudication Procedures**

The School has jurisdiction over Title IX complaints. The School shall adopt and publish grievance procedures for the prompt and equitable resolution of discrimination complaints, including harassment complaints, filed by students against School employees, other students and third parties, which shall:

- Provide notice to students and employees of the grievance procedures, including where complaints may be filed.
- Explain generally the grievance/adjudication process.  
Ensure that hearings are conducted in a manner that does not inflict additional emotional trauma on the complainant.
- Explain the possible results of the adjudication process, including sanctions, remedies/accommodations for the victim, and additional remedies for the School community.
- Explain that mediation is never appropriate in sexual misconduct cases.
- Notify the complainant of the right to end the informal process (Section 3 of the Grievance Procedures Policy) at any time and to begin the formal stage of the complaint process (Section 4 of the Grievance Procedures Policy), if voluntary informal mechanisms for resolving some types of sexual misconduct complaints are provided.
- Provide for the application of the procedure to complaints filed by students or on their behalf alleging sexual misconduct carried out by employees, other students, or third parties.
- Provide for adequate, reliable, and impartial investigation of complaints, including the opportunity for both the complainant and the respondent to present witnesses and evidence.
- Designate reasonably prompt time frames for the major stages of the complaint process.
- Provide for simultaneous written notice to the complainant and the respondent of the outcome of the complaint and any appeal.
- Provide assurance that the School will take steps to prevent the recurrence of any sexual misconduct and remedy discriminatory effects on the complainant and others, if appropriate.
- Provide adequate definitions of "sexual harassment" and an explanation as to when such conduct creates a hostile environment.
- Include reporting policies and protocols, including provisions for confidential reporting.
- Identify the employee or employees responsible for evaluating requests for confidentiality.
- Provide notice that Title IX prohibits retaliation.
- Provide notice of a student's right to file a criminal complaint and a Title IX complaint simultaneously.

- Provide notice of available interim measures that may be taken to protect the student in the educational setting.
- State the evidentiary standard that must be used (preponderance of the evidence) in resolving a complaint.
- Provide notice of the potential remedies for students.
- Provide notice of the potential sanctions or protective measures which may be imposed against the respondents, including, specifically, the sanctions regarding rape, acquaintance rape, domestic violence, dating violence, sexual assault, or stalking.
- Provide sources of counseling, advocacy and support.
- Provide for the extension of all rights given to the respondent to the complainant.
- Provide notice of hearing(s) to both parties.
- Identify a process by which either party may raise issues related to potential conflicts of interest of the adjudicators.
- Identify the trained individuals who will determine whether the alleged sexual misconduct occurred and the individuals who will determine the sanction
- Provide for all proceedings to provide a prompt, fair, and impartial investigation and resolution.
- Provide for all proceedings to be conducted by officials who receive annual training on the issues related to sexual misconduct (i.e. domestic violence, dating violence, sexual assault, and stalking) and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
- Provide an equal opportunity for the parties to present relevant witnesses and other evidence.
- Provide the parties with similar and timely access to any information that will be used at the hearing.
- Provide a description of the types of evidence that may or may not be presented.
- Provide an equal opportunity for the parties to be represented by counsel.
- Impose equal restrictions on the ability of lawyers or other advisors to speak or otherwise participate in the proceedings.
- Identify the persons who may attend and/or participate in the adjudication process and the extent of their participation.
- Provide an equal opportunity for the parties to present expert testimony
- Provide an equal opportunity for the parties to appeal.
- Require the same type of review be applied on appeal, regardless of which party files the appeal.
- Describe the appellate procedures, grounds for appeal, the person/entity that will decide appeals, and the applicable reasonably prompt time frames for appeal.
- Include a statement that the School will not require a party to abide by a nondisclosure agreement, in writing or otherwise that would prevent the re-disclosure of information relating to the outcome of the proceeding.
- Provide an equal opportunity for the parties to be present at the hearing.
- Permit the hearing to proceed if the complainant is not present.
- Provide the parties with an equal opportunity to cross-examine witnesses.
- Provide a description of alternative methods that preclude the respondent from personally cross-examining the complainant.
- Require the School to notify both parties in writing about the outcome of the complaint.
- Require the School to notify both parties in writing if there is any change to the results of the hearing that occurs prior to the time that such results become final.
- Require the School to notify both parties in writing when such results become final.
- Require the School to notify the complainant as to whether or not it found that the alleged conduct occurred, any individual remedies offered or provided to the complainant or any sanctions imposed on the respondent that directly relate to the complainant, and other steps the School has taken to eliminate the hostile environment, if the School finds one to exist, and prevent recurrence.
- Prohibit questioning about the complainant's sexual history with anyone other than the respondent.
- Acknowledge that the mere fact of a current or previous consensual dating or sexual relationship between the two parties does not itself imply consent or preclude a finding of sexual misconduct.
- Prohibit School officials from notifying the respondent of the individual remedies offered or provided to the complainant.

- Require the School to offer the complainant all services needed to remedy the hostile environment on an interim basis.
- Require the School to offer the complainant all services needed as a final remedy to the hostile environment, even if the complainant declined the service as part of an interim measure.
- Require the School to consider remedies for the broad student population whenever the School is unable to conduct a full investigation.
- Require the School to take steps to provide appropriate remedies for the complainant and the broader student population when the respondent is not affiliated with the School.
- If the School uses its student disciplinary procedures to meet its Title IX obligations to resolve complaints of sexual misconduct promptly and equitably, require the School to assess whether imposing sanctions against the respondent, without additional remedies, will be sufficient to eliminate the hostile environment, prevent recurrence, and remedy effects as required by Title IX.

The School shall continue to protect the complainant after a determination that sexual misconduct has occurred.

### **Prevention and Education**

This policy shall be accessible to students and employees with disabilities. This policy, reporting forms, information and training shall be accessible to students who are English language learners. This policy shall be distributed on campus in such a way that all students, regardless of their immigration status, including undocumented students and international students, are aware of their rights under Title IX. Title IX prohibits retaliation against the complainant, anyone who files a third-party report, any witness or anyone who otherwise participates in the investigative and/or disciplinary process, and the School will take steps to prevent retaliation and strong responsive action if it occurs, including any retaliatory actions by School officials. The School must routinely take steps to inform students that the School's primary concern is student safety and that the use of alcohol and drugs never makes the survivor at fault for sexual misconduct.

**Residence Life Staff** - As noted above, residence life staff are responsible employees. As such, residence life staff shall explain to the student (before the student reveals confidential information) that although residence life staff report the names of the respondent and the complainant and other relevant facts to the Title IX Coordinator or other designated School officials, the School will protect the student's confidentiality to the greatest extent possible. Residence life staff shall provide students with information regarding on-campus resources, including victim advocacy, housing assistance, academic support, counseling, disability services, health and mental health services, legal assistance, and the local rape crisis center or other off-campus resources.

**Sexual Violence and Prevention Program** - The School's sexual violence and prevention program (SVPP) shall clearly identify the offices or individual with whom students can speak confidentially. The SVPP shall clearly identify the offices or individuals who can provide resources such as victim advocacy, housing assistance, academic support, counseling disability services, health and mental health services, and legal assistance. The SVPP shall identify the School's responsible employees. The SVPP shall explain that, if students report incidents to responsible employees, these employees are required to report the incident to the Title IX Coordinator or other appropriate official, including the names of the respondent and student involved in the sexual misconduct, the date, time, and location.

**Bystander Intervention** - The School shall utilize bystander intervention as a tool to prevent sexual misconduct. In implementing the bystander-focused prevention methods, the School shall implement the common components of bystander intervention and delivery methods found at: <https://www.notalone.gov/assets/bystandersummary.pdf>.

**Campus Assessments** - Beginning in the fall of 2016, the School shall conduct an annual climate survey in accordance with the guidelines found at: <https://www.notalone.gov/assets/ovw-climate-survey.pdf>. In addition, the School shall aggregate data about sexual misconduct incidents from non-professional counselors or advocates in the School's on campus sexual assault centers, women's centers, or health centers in order to identify patterns or systemic problems related to sexual misconduct.

**Educating Students** - The School shall conduct programs to educate students about the School's sexual misconduct policy at least 7 times during each calendar year. At sexual misconduct awareness events, the School shall provide information on (a) Title IX, (b) how to file a Title IX complaint with the School, (c) resources available to sexual misconduct victims such as counseling, mental health and health services, and (d) options for reporting an incident of sexual misconduct to campus or local law enforcement. The School shall provide education programs to promote the awareness of rape, acquaintance rape, domestic violence, sexual assault, and stalking, which shall include: 1. Primary prevention and awareness programs for all incoming students and new employees, which shall include:

- a statement that the School prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking;
- the definition of domestic violence, dating violence, sexual assault, and stalking in the state of Kentucky; the definition of consent, in reference to sexual activity, in the state of Kentucky;
- safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than such individual;

School counselors, general counsels, athletic coaches, health personnel and residence life staff. The School shall determine how training should be conducted, who has the relevant expertise to conduct the training, and who should receive the training to ensure that the training adequately prepares employees, particularly responsible employees, to fulfill their duties under Title IX. Employees who work with international students shall be trained on the School's sexual misconduct policies. The School requires:

- training or experience in handling sexual misconduct complaints and
- training in the operation of the School's grievance procedures for the Title IX Coordinator, others who receive complaints, investigators, and adjudicators.

## **ACADEMIC POLICIES**

### **Undergraduate Student Attendance Policy**

Students are required to attend all class meetings of courses for which they are registered. Students are responsible for meeting all the course requirements and properly addressing the content of courses for which they are registered. If a student finds it necessary to miss a class, it is the student's responsibility to:

1. Contact the course instructor before the absence, if possible.
2. Make arrangements with the course instructor for missed work.
3. Provide the course instructor with appropriate documentation and verification of the need or reason(s) for the absence.

The needs or reasons for absences may include ONLY the following:

1. Illness – a specific debilitating ailment that significantly impairs the student's ability to carry on any activities other than those of recuperation.
2. Unavoidable Personal Emergency – a situation that presents an unresolvable conflict with class attendance due to severe and unusual demands placed upon the student by circumstances beyond his or her control.
3. Participation in a University-Sponsored Event – a situation that presents an unresolvable conflict with class attendance due to the student's required participation in a University-sponsored event as approved by the Vice President for Academic Affairs (VPAA). Arrangements for missed work due to absences of this type must be made prior to the absence.

Should the student miss class FOR THE ABOVE STATED REASONS ONLY, and proper prior arrangements have been made, the instructors will follow (for make-up work) their policy as stated in the course syllabi. HOWEVER, course instructors are not required to repeat lectures, lab experiments, music rehearsals or other classes or components of classes for which making up missed work may be impractical or infeasible.

When a student is absent for any other reason, the course syllabi must include policies specifying grade penalties for absences.

If, for any reason, a student is absent from class the number of times that the class meets in two weeks during a semester, or an equivalent amount of time during term courses and other academic sessions, **the course instructor must notify the Director of Academic Support who will send a written warning of attendance deficiency to the student**, the student's advisor, and each coach, director or other person responsible for any school organization providing the student with a performance grant or for which the student must maintain intercollegiate competitive eligibility.

### **Warning**

1 class meeting per week 2 absences per semester

2 class meetings per week 4 absences per semester

3 class meetings per week 6 absences per semester

(The above applies to 16-week term)

All other classes 12.5% of the total number of class meetings per semester or an equivalent amount of time during term courses and other academic sessions.

If, for any reason, a student is absent from class the number of times that the class meets in four weeks during a semester, or an equivalent amount of time during term courses and other academic sessions, the course instructor must notify the Director of Academic Support who will initiate the withdrawal of the student from the class with a grade of WA (Withdrawn-Absenteeism). A grade of WA will earn zero quality points as calculated for GPA purposes. Students for whom withdrawal from a course is initiated by the Director of Academic Support will be allowed to withdraw from said course with a grade of W if the action is taken by both parties within the normal withdrawal time period.

### **Withdraw From Class**

1 class meeting per week 4 absences per semester

2 class meetings per week 8 absences per semester

3 class meetings per week 12 absences per semester

(The above applies to 16-week term)

All other classes 25% of the total number of class meetings per semester or an equivalent amount of time during term courses and other academic sessions.

The attendance policy for ENG 090, ENG 110, GS 101, GS 110, MTH 099 and MTH 100 is more rigorous than for other courses. See your course syllabus for details of the attendance policy. Student's rights relative to this policy are addressed by the Grade Appeal Process in the University Bulletin/Catalog.

### **Withdrawal Procedure**

A student who leaves unofficially, that is without permission from the Vice President for Academic Affairs and the completion of the official withdrawal form, forfeits all rights to any reduction of his account, and receives "F" grades in all courses.

In order for a student to withdraw from a class, she or he must initiate the process by obtaining a Withdrawal Form from the Office of Academic Affairs. The form must be submitted to the Vice President for Academic Affairs by the student withdrawing. After the second week through the 12<sup>th</sup> week of the semester, a "W" will be placed on his or her permanent record. After 75% of the term, the student may not withdraw from the class and must receive a grade.

Any claims for refunds and honorable dismissal will be based on the date the withdrawal form is presented to and approved by the Vice President for Academic Affairs.

### **Campbellsville University's Online Course Attendance Policy; Bi-term; and 8 week terms:**

Online students must participate weekly as defined by the professor in the syllabus. After 1 week (12.5%, 1/8<sup>th</sup> of the scheduled classes) without contact the student will be issued an official warning. After the second week (25%, 1/4<sup>th</sup> of the scheduled class) without contact the student would fail the course and a WA would be recorded.

#### **For full semester (16 weeks):**

Online students must participate weekly as defined by the professor in the syllabus. After the 2<sup>nd</sup> week (12.5%, 1/8<sup>th</sup> of the scheduled classes) without contact the student will be issued an official warning. After the 4<sup>th</sup> week (25%, 1/4<sup>th</sup> of the scheduled class) without contact the student would fail the course and a WA would be recorded.

#### **For summer and other terms**

If students fails to participate for 1/8<sup>th</sup> of the assigned meeting times they will be issued an official warning. After missing 1/4<sup>th</sup> of the class sessions the student will fail the course and a WA would be recorded.

### **Campbellsville University's English as a Second Language Institute (ESL) Attendance Policy**

The ESL Institute attendance policy is more rigorous than for undergraduate courses. The ESL Attendance Policies are documented in the ESL course syllabus for each course.

### **Campbellsville University's Regional Centers Attendance Policy (8 week terms)**

A student is required to attend all class meetings for his/her scheduled courses. CU Regional Centers attendance policy regarding missed classes will be strictly followed. Thus, a student who misses 25% of classes (in an eight-week course), who has not officially withdrawn (according to the withdrawal policy),

will receive a WA and will be financially responsible for the full course tuition. Students will receive a written absence warning after the first absence for a course.

### **Snow Schedule**

In case of extreme snow or hazardous road conditions, classes may be canceled or the time of opening the Campbellsville University day may be delayed. (Note: Regional Centers may operate on a different schedule due to weather conditions).

In case of a delayed opening due to weather conditions, classes will begin at 10 a.m. according to the “Snow Plan” schedule listed in the “Time Frames” section (page 8 of the Student Handbook).

In the event of cancellation or a delayed opening, radio stations in Campbellsville on 88.7 The Tiger and on WLCU TV, Greensburg, Lebanon, Columbia (WHVE), Liberty, Russell Springs, Jamestown, Elizabethtown (WQXE), Bowling Green (WKYU-FM), and Louisville (WHAS) and TV stations WHAS-11, WLKY-32, WDRB/Fox 41 and WAVE-3 Louisville, WLEX, WKYT, WTVQ and WDKY Lexington, and WBKO in Bowling Green will be advised.

Also, for immediate access, students, faculty and staff can go to Campbellsville University’s website at [www.campbellsville.edu](http://www.campbellsville.edu) and Campbellsville University’s Comcast Cable Channel 22 will also have the snow plan announcements, as well as on 88.7 The Tiger.

Separate announcements will be made for evening classes.

Students are urged to exercise prudence and good judgment in avoiding hazards in travel when such hazards may exist.

### **Campbellsville University’s Louisville Education Center Severe Weather Policy:**

On a day when the weather is severe, or there is a threat of severe weather, a decision will be made **no later than 3 p.m.** Because of the nature of accelerated classes, classes are not canceled unless absolutely necessary. If classes are canceled, that notice will be sent out to CU email accounts only and will be announced on the following local television stations: **WAVE-3, WDRB/Fox 41, WLKY-32 and WHAS-11.**

**NOTE:** *The decision on the part of Jefferson County Public Schools to alter their schedule does not affect classes at CU Louisville.*

**Please** do not confuse announcements for the main campus. Be sure to listen for the “Louisville Center” of Campbellsville University or “Campbellsville University Louisville.”

**NOTE:** Decisions about the main campus in Campbellsville **do not always affect decisions** about regional centers. Please check with the appropriate regional center director concerning class cancellation.

- Brockman Education Center, Hodgenville (270) 789-5036

### **Extracurricular Activities When On Academic Probation**

No student on academic probation may participate in any on-campus activity or any off-campus trip involving a club or organization, whether with or without academic credit, nor represent the University in any activity that requires him/her to miss a meeting of/or interferes in any way with a class for a course in which he/she is enrolled. The sponsor of any activity shall have the responsibility of enforcing the rule.

### **Chapel/Convocation Series**

The Chapel/Convocation Series is designed to provide opportunities for corporate worship and/or exposure to a variety of informative speakers and presentations. Chapel is held weekly on Wednesdays at 10 a.m. in the Ransdell Chapel. Chapel speakers will typically be guests of the university but sometimes will come from within the university family itself. Emergencies or special circumstances might necessitate changes in the schedule, at the discretion of the chapel/convocation committee.

The convocation portion of this series is comprised of several events submitted by various academic and administrative areas, all of which are approved by the chapel/convocation committee. These events may occur at various days, times, and places on campus. At all Chapel/Convocation Series events it is expected that students will display courteous and respectful behavior. Any who show disrespectful behavior during a program will not receive credit for that event.

A published chapel/convocation program brochure is available, and a complete listing of Wednesday chapel programs and semester chapel/convocation programs will be distributed to every student at the beginning of each semester. The full listing of Chapel/Convocation Series is also available online on the university's website. ID scanning will be available at the end of every chapel event. For those events utilizing tickets, they must be turned in to designated collectors immediately following the respective event. Only one chapel/convocation credit will be granted for those events with multiple presentations (i.e. campus revival or CU theater productions).

Attendance is required of all members of the University family including faculty, staff, coaches, and students. Attendance requirements for students are governed by the following:

One full-time semester	8 convocations
Two full-time semesters	8 convocations
Three full-time semesters	16 convocations
Four full-time semesters	24 convocations
Five full-time semesters	32 convocations
Six full-time semesters	40 convocations
Seven or more full-time semesters	48 convocations

The number of full-time semesters refers to the full-time semesters remaining in the student's degree program at the time of first enrollment at Campbellsville University (that is, the minimum full-time semesters needed to complete degree requirements). Two part-time semesters are considered the equivalent of one full-time semester.

Chapel/convocation attendance is cumulative. The student receives credit for every program attended. While there is no minimum number required any given semester, it is suggested that students make chapel/convocation attendance a regular part of a week's schedule.

The total number of chapel/convocations for which the student has received credit to date is updated on TigerNet on a regular basis. In addition, the student's current total can be checked at any time in the Office of Academic Affairs.

Chapel/convocation from past semesters can be made up by attending extra convocations in the current semester. The student may also make a written appeal to the chapel/convocation committee regarding options for makeup of chapel/convocation credit

## **THE CENTER FOR INTERNATIONAL EDUCATION**

The Center for International Education (CIE) is the university-wide clearinghouse of information and resources for international academic exchanges/research, overseas travel opportunities (i.e. study abroad), and immigration policies and regulations.

The CIE works to promote the internationalization efforts across the university and within local communities in accordance with CU's Christian mission locally and globally.

The CIE provides advice, council and resources regarding international education initiatives to faculty, staff, students and scholars of Campbellsville University or those who come to CU for purposes of **visit**, employment or study.

Campbellsville University is authorized under federal law to enroll non-immigrant international students. International students studying with Campbellsville University's certificate/undergraduate/graduate programs, with CU's English as a Second Language (ESL) Institute or Intensive English Immersion Program (I.E.L.P) or Summer Education Excursions, are required to abide by all university rules and

regulations and adhere to the Department of Homeland Security (DHS), and its subsidiaries, regulations and federal mandates regarding immigration, customs, and other issues.

Cultural festivals, outdoor excursions, diverse on-campus events, which includes annual international fair, community service projects, international student association, international student ministry, intramural sports, peer-mentoring networks, access to academic coaches and lifestyle coaches, which give our visiting students and faculty a rich educational experience. The CIE program encourages international students to share their cultural traditions within the campus community, as American culture is shared with the international students. The international student community under the guidance of the School of Education and the English as a Second Language Institute collaborate with area schools and community partners to facilitate cross-cultural learning exchanges and experiences. Living in a different country isn't easy at first, so CIE strives to create fun, educational, and affordable field-trips and diverse off/on campus experiences that help international college students with the adjustment process.

## **PAYMENT POLICY**

### **Obligation**

Registration constitutes a financial contract between students and the university. Students' right to university services and benefits is contingent upon their making all agreed upon payments. If students do not make payments of amounts owed to the University when they become due, the University has the right to cancel students' registration; to withhold their grades, transcripts, diplomas, scholastic certificates, and degrees, and to prohibit registration in future semesters or terms.

### **Time of Payment**

In order for a student's registration to be complete, students must either pay all tuition and fees in full or enroll in a monthly payment plan with Campbellsville University by the following dates:

Fall Semester	Aug. 1
Spring Semester	Dec. 15
All other Terms	First day of class of the term

Students whose financial aid is insufficient to pay all registration charges, or who applied too late to be approved prior to registration, must pay their balances in full or be enrolled in a monthly payment plan. All student account balances not paid or enrolled in a payment plan by the due date are automatically enrolled in a four-month payment plan and a \$50 enrollment fee will be charged to the student account.

### **Form of Payment**

The university accepts payments in cash, personal check, money order, e-checks, credit cards (MasterCard, Visa, American Express, and Discover) and wire transfers. Cash payments must be made in person at the Cashier Office located on the bottom floor of the Administration Building in Room 6. Checks may be mailed to: Campbellsville University, 1 University Drive, # 783, Campbellsville, KY 42718. University ID must be included on all checks and money orders to ensure they are credited to the appropriate account. Credit card payments may be made on the Internet via TigerNet, or over the phone by calling the Cashier at (270) 789-5484.

**Cashier's Office Hours: Monday through Friday, 10 a.m. – 3 p.m.**

### **Returned Checks**

If checks are returned by students' banks for any reason, the payments are considered not made and a \$30 fee will be charged to their student accounts.

### **Prior Balances**

Students are required to pay any outstanding balance due from the previous term. Students must have a "zero balance" before they will be permitted to register for a new term, view current semester grades, or receive an official or unofficial transcript.

## **WITHDRAWAL AND REFUND POLICY**

The completion of registration contractually obligates the student and his/her benefactor(s) to pay all his/her tuition and fees for the entire semester. However, the University has established a withdrawal and refund policy to accommodate the need for a student to withdraw. The official withdrawal date is the last day of class attendance. When a student withdraws, he/she must complete an Official Withdrawal Form obtained from the Office of Academic Affairs. The withdrawal form should be completed and signed by each office indicated on the form, then signed by the student and returned to the Office of Academic Affairs.

### **INSTITUTIONAL REFUND POLICY**

Tuition and room/board refunds are calculated based on the student's official withdrawal date. **Fees are not refundable.** Room & Board is refunded 100% the first week only; thereafter, refunds are prorated based on the number of days/weeks the dorm is occupied by the student. No refund will be given after the 4<sup>th</sup> week. Once the withdrawal period is over, any student who withdraws from the University will be held responsible for tuition, fees and room/board charges in full. Please investigate the financial effects of withdrawal before you decide.

**“God in His holy dwelling is a Father of the fatherless and a champion of widows.”  
Psalm 68:5**

Tuition charges are refundable according to the following schedule:

<b>Tuition Refund Table</b>					
<b>Withdrawing during this day/week of the term:</b>	<b>Number of Weeks in Term</b>				
	<b>16</b>	<b>8</b>	<b>4</b>	<b>3</b>	<b>2</b>
	<b>Percentage of Tuition Refund</b>				
3rd Day of Class			100%	100%	100%
1st Week	100%	100%	60%	40%	20%
2nd Week	80%	80%	40%	20%	0%
3rd Week	60%	20%	0%	0%	0%
4th Week	40%	0%	0%	0%	0%
Thereafter	0%	0%	0%	0%	0%

A student’s withdrawal may require that part or all his/her financial aid be repaid. All financial aid that is **not** federally funded Title IV aid will be refunded at the same percentage as tuition and room/board charges.

All federally funded Title IV financial aid programs are administered according to specific program guidelines and regulations. A student’s eligibility for future federal financial aid can be adversely affected by dropping classes and withdrawing from the University **after** financial aid funds have been disbursed based on an enrollment status. This is particularly true for the grant programs which have limitations placed upon the number of semesters a student can receive aid. The federal refund policy guidelines can be found in the Federal Student Financial Aid Handbook located in the Office of Financial Aid.

Students should also be aware of the effect that altering their enrollment status may have on their measurable “satisfactory academic progress” status. *All students receiving financial aid are advised to seek academic counseling and financial aid advisement before deciding to change their enrollment status.* The satisfactory academic progress policy can be found on the Campbellsville University website under Financial Aid.

**Dropped Class Policy**

There will be no partial refunds for dropped classes. Students who drop individual classes before the published last day to register, “census date,” will receive no grade and a full refund. Classes dropped after this date will receive a grade and no refund. Adding a second eight-week course even after dropping a class may result in additional tuition charges. When a student drops all his/her classes, he/she has withdrawn and the withdrawal and refund policy is applied.

**Add Class Policy**

Courses added after the census date of each term will increase the current credit hour load and may result in additional charges. Students must have approval from their academic advisor to add a class, and a Student Schedule Change Form must be filed in the Office of Student Records for any class added after the census date.

**STUDENT RECORDS**

**Transcript Request**

Federal law requires a written release for your transcript. The Family Education Rights and Privacy Act, 1974 (FERPA) is a federal law that requires written permission from the student to release a transcript. Transcript requests can be faxed, mailed or brought to the Office of Student Records. There is a transcript request form available on our website, [www.campbellsville.edu](http://www.campbellsville.edu). Transcripts can also be sent electronically through the National Student Clearinghouse. To access the NSC, visit [www.campbellsville.edu](http://www.campbellsville.edu) and click on the transcript link located at the bottom of the page. The Office of Student Records is located in the Administration Building, Room 18. The phone number is 270-789-5233 and the fax number is 270-789-5362. Transcripts cannot be released if you have an outstanding obligation, whether it is monetary, property,

academic or non-academic to the University. Transcripts cost \$10.00 for each one requested. Transcripts requested through the National Student Clearinghouse cost \$12.25 to be mailed and \$10.00 to be sent electronically. Transcripts cannot be faxed or emailed from student records office.

### **Visiting Student Forms**

A Visiting Student Authorization Form must be submitted to the Office of Student Records for each course you plan to take at another university and have transferred to Campbellsville University. The form is available in the office or on TigerNet. The visiting student form must be approved by the student's advisor before submitting to the Office of Student Records. Once it has been approved, a letter of good standing will be mailed to the visiting university for you.

## **FINANCIAL AID INFORMATION**

The Office of Financial Aid handles the awarding of all scholarships, grants, loans and student work. Office hours are Monday-Friday, 8 a.m. – 5 p.m., except for University approved holidays. The office is located in the Administration Building Room 17. You may contact the office by calling (270) 789-5013 or email [finaid@campbellsville.edu](mailto:finaid@campbellsville.edu).

Questions regarding Federal Work-Study, University Work-Ship and International Work-Ship should be directed to the Office of Financial Aid. Questions regarding student accounts and billing should be directed to the Office of Business Services.

At Campbellsville University, the actual amount of the financial aid award is determined by the student's financial need. "Need" is defined as the "cost of attendance" minus the "expected family contribution." Both need and qualification (i.e. academic achievement, character and future promise) determine the type of assistance a student receives.

### **Application for Financial Aid**

1. Submit an Application for Admission (new students) and the Free Application for Federal Student Aid (FAFSA). The FAFSA must be completed and processed before your eligibility for financial aid can be determined. The priority date for filing FAFSA is as soon after October 1<sup>st</sup> as possible. Accepted applicants will be awarded financial aid based on the availability of funds.
2. Returning students are required to complete the FAFSA every year in which they wish to be considered. The Office of Financial Aid can assist in completing the FAFSA.
3. Students may be required to provide supporting documentation such as tax forms for their parents and/or student depending upon dependency status. Untaxed income may require verification by the federal government.
4. Students are required to maintain satisfactory academic progress to maintain financial aid eligibility.

### **Student Work Program**

The Student Work Program at Campbellsville includes Federal Work-Study, University Work-Ship and International Work-Ship.

Federal work-study is a federally subsidized program in which wage costs are shared by the federal government and the University. Students may be employed by the University, government agencies or private, non-profit organizations working in community service jobs. Because it is federally funded, Federal Work-Study must adhere to strict regulations enacted by Congress and enforced by the U.S. Department of Education.

University Work-Ship is funded entirely by the University. Work-ship is awarded to those students who can provide special skills and/or talents to the University. The Office of Financial Aid will provide a list of jobs available each year. Work-ship students must adhere to institutional policies and procedures.

International Work-Ship is a work program for international students to help defray the cost of their room and board. The Office of Financial Aid assigns international students to a position on campus.

For questions regarding your eligibility for work-study/work-ship or your current position in the Student Work Program, call (270) 789-5013.

## **Satisfactory Academic Progress to Maintain Financial Aid Eligibility**

### Satisfactory Academic Progress Policy (Undergraduate)

Federal regulations require that all students who receive any federal or state financial assistance make measurable academic progress toward a degree at Campbellsville University. Progress is determined quantitatively (hours attempted versus hours earned and time frame) and qualitatively (GPA). Progress is monitored after each term.

Most post-baccalaureate students and those seeking a second undergraduate degree or certificate should be aware that assessment of their satisfactory academic progress status will be based on criteria established for undergraduate students. Those students readmitted to Campbellsville will be evaluated for SAP upon registering for classes. Please refer to the information below for the correct calculation for your program.

### **Enrollment**

A minimum standard for full-time enrollment at the undergraduate level is 12 credit hours per semester. A minimum standard for part-time enrollment (at least half time) at the undergraduate level is six credit hours per semester.

### **Quantitative**

The maximum time frame in which a student must complete his or her degree cannot exceed more than 150% of the published length of the student's major. All undergraduate majors at Campbellsville require a minimum of 120 hours to complete the degree. Campbellsville undergraduate students can therefore attempt up to 180 hours and still be eligible for aid. Once 180 hours are exceeded, eligibility for aid would be suspended. All semesters and credit hours attempted are used toward the maximum time frame allowance regardless of whether the student received financial aid. All repeated courses, failed courses, withdrawals, courses taken from a change of major and transferred hours will count as credit hours attempted toward the maximum time frame.

To complete the necessary number of credit hours to complete a degree at Campbellsville at an acceptable rate, students must complete two thirds (2/3) of all hours attempted. All attempted hours will be totaled and multiplied by 67% (.67) to determine the number of credit hours a student must have earned. Grades of W, I, and F and transfer hours are counted as attempted hours; however, grades of W, I, and F will NOT be counted as earned hours. Retaking courses will add to the attempted total but will count only once as an earned credit.

### **Example:**

<b><u>Fall Hours Attempted</u></b>	<b><u>Spring Hours Attempted</u></b>	<b><u>Total Hours Attempted</u></b>	<b><u>Hours Student Must Earn</u></b>
12	12	24 x .67 (2/3)	16
9	9	18 x .67 (2/3)	12
6	6	12 x .67 (2/3)	8

### **Qualitative**

The minimum acceptable grade point average for undergraduate students is 2.00 after two years (four semesters).

### **Notification of Results**

Students who do not meet the Satisfactory Academic Progress requirements will be notified via mail within two weeks of the conclusion of the semester.

## **HOW TO REGAIN ELIGIBILITY**

### **Quantitative-Maximum Time Frame**

To regain eligibility, you must graduate and advance to a new career level (UG to GR).

### **Quantitative-Hours Attempted vs. Hours Earned**

To regain eligibility, take courses at your own expense in a subsequent term or terms and meet the standards according to the cumulative credit hours' completion ratio outlined above under the heading **Quantitative**. Once you have taken the courses and earned passing grades, you will need to notify the Office of Financial Aid to complete a clearance form.

## GPA

To regain eligibility, complete courses at your own expenses at Campbellsville and raise your cumulative GPA to the acceptable standard. Once you have completed the courses and raised your GPA, you will need to notify the Office of Financial Aid to complete clearance.

## Right to Appeal

If there were extenuating circumstances (injury, illness, death of a relative) that prevented you from meeting the standards of our Satisfactory Academic Progress Policy, then you have a right to file an appeal with the Committee for Financial Aid Appeals. In this appeal you must explain the following items: 1.) The reason why you did not meet Satisfactory Academic Progress and 2.) What has changed now that will allow you to make satisfactory academic progress at the next evaluation?

If your appeal is approved, you will be placed on probation for one term, and after the probationary period, you must be making satisfactory academic progress or successfully following an academic plan that has been developed for you. You will be notified via mail or email the results of your appeal.

## UNIVERSITY POSTAL SERVICE

The University Postal staff would like to welcome you to the Campbellsville University family. The Post Office is located in the E. Bruce Heilman Student Complex. Drop boxes for outgoing mail are available, for USPS mail, located across from Starbucks®.

## Mail Box Assignment

To be assigned a University Post Office (UPO) box, new students must come by the University Post Office, after you get your **Campbellsville University ID card**. Every attempt will be made to assure that an individual has the same UPO box the entire time they are enrolled at CU. Because the student is responsible for the information placed in their campus mailbox by faculty and staff, and coaches, their mailbox **should** be checked on a regular and frequent basis. **Mail MUST be checked at LEAST every 30 days**. Mailing address format is:

Name

1 University Drive # (Your Mail Box Number)

Campbellsville, KY 42718-2190

\*Please give this address to everyone who will be sending you mail.

Since the United States Postal Service uses automated equipment and electronic scanners to sort mail, it is very **IMPORTANT** the **CORRECT ADDRESS** and **FORMAT** be used, i.e. **DO NOT USE PO IN THE ADDRESS, USE # INSTEAD**. *Addresses must be the "LONG" direction of the envelope with the "RETURN" in the "UPPER LEFT" and the "TO" in the "LOWER RIGHT."* Otherwise your mail could be misrouted and sent to the wrong place and not to the University, or returned to the University and not sent to where it is supposed to go. If this should happen the mail would be handled per U.S. Postal directives.

## Mail Delivery

Incoming mail is placed in the boxes each day, Monday through Friday. In-house mail is distributed to boxes throughout the day on a timely basis. **ANY MAIL LEFT IN POST OFFICE BOX OVER 30 DAYS** (without prior notification, in writing) **IS SUBJECT TO BEING RETURNED TO SENDER OR DISPOSED OF, THE UPO CLOSED, THE LOCK CHANGED, AND A \$50.00 CHARGE ADDED TO THEIR UNIVERSITY ACCOUNT TO COVER THE COST OF REPLACING THE LOCK. If you are notified that your UPO is being closed, AND the lock is changed, the \$50.00 charge is NOT REFUNDABLE.** Outgoing mail is taken to the Campbellsville Post office each afternoon. Stamped outgoing mail must be in the University Post Office no later than 2:15 p.m. in order to be processed for delivery that day. Outgoing mail, that must be weighed or have special services, must be in the University Post office no later than 12:45 p.m. **NO PACKAGES WILL BE ACCEPTED FOR SHIPMENT AFTER 3:00PM.** All outgoing mail must have proper postage affixed. Mail without postage or insufficient postage, will be placed in the sender's (if known) campus box. If the sender's name is not written on the mail, (always use Return Address) University Postal Service personnel have authority to open the mail to determine to whom it belongs.

**POST OFFICE EMPLOYEES CANNOT GIVE MAIL, FROM A UPO, ACROSS THE COUNTER. YOU MUST USE YOUR KEY TO GET YOUR MAIL.**

### **Receiving Parcels/Packages**

If you receive a parcel/package, a “package slip” will be placed in your UPO. **TO PICK UP YOUR PACKAGE YOU MUST BRING THE “PACKAGE SLIP” AND YOUR UNIVERSITY ID, WITH BARCODE**, to the University Post Office window, and someone will get the package for you. If you are picking up a package for someone else, i.e. a professor, you must present **YOUR ID card**, with barcode, to receive the package.

### **Address Changes**

A **CHANGE OF ADDRESS** form for ALL change of address and mail forwarding is required **AT LEAST TWO WEEKS PRIOR TO FORWARD START DATE**, at the University Post Office or at <http://www.campbellsville.edu/post> and select address.

### **Note to International Students**

Mail cannot be forwarded to an International Address. However, if you will notify the University Post Office, mail can be held for you during breaks or times you will NOT be here for more than 30 days, if you let us know.

### **Misconduct**

Tampering with a mailbox or mail other than one’s own **IS** a criminal offense. Offenders will be subject to disciplinary action by the Judicial Council and/or local authorities and face possible fines and restitution costs.

Again, let us welcome you to Campbellsville University. We hope your experience here is great. If there is anything that we can help you with, please do not hesitate to let us know. We are here to serve and help you succeed in “Finding Your Calling.”

The bookstore also serves all your graduation needs, from caps and gowns, to class rings and announcements.

Purchases may be made with cash, check (with valid ID), VISA, MasterCard, Discover or American Express and Barnes & Noble gift cards. Textbook purchases may be charged to student accounts when prearranged with Campbellsville University Office of Business Services, at the beginning of each semester.

Bookstore hours are Monday-Friday, 8 a.m. to 5 p.m. and on Saturdays for special occasions such as football games, graduation, preview days and special visitation days, etc. Summer hours are Monday-Friday, 8 a.m. to 4:30 p.m.

### **Textbook Information**

Faculty are responsible for choosing textbooks and placing their order with the bookstore each semester. Every effort is made to have all books in the bookstore prior to the start of class. However, late orders and publisher back orders sometimes create unavoidable delays. Faculty orders determine the textbook edition.

### **Price Matching**

The Bookstore price matches Amazon and bn.com For any orders placed early, we will match those textbooks through the first week of classes.

- We price match the exact textbook, same edition and format, including all accompanying materials
- The title must be in stock on competitor’s website or store at time of price match

- Online marketplaces and peer-to-peer pricing are ineligible
- Digital books, access codes and special orders are ineligible
- Rental terms must be the same
- One price match per title (i.e. multiple copies of the same title)

We price match textbooks only. An online marketplace is an e-commerce site where products or services are provided by multiple third parties, vendors, and shops, such as Amazon Marketplace and Barnes & Noble Marketplace. For any Rental textbooks, we will match our Rental Used price only. Titles listed on Amazon that are not “rented by” or “sold by” Amazon are excluded, as are publisher websites and select local competitors. Additional memberships and discounts cannot be applied.

### **Book Return Policy**

Textbooks may be returned under the following conditions:

- Returns are allowed for a specified length of time at the beginning of each term. Dates are posted in the bookstore and are normally the first week of each semester. Books purchased for summer term may be returned on the same day purchased.
- Returns **MUST BE** accompanied by the cash register receipt. **NO EXCEPTIONS!** The cash register receipt is proof of date purchased.
- New textbooks must be free of all markings. Do not write in a book until you are sure it is the correct one, and you need it. New books that are written in become used books and are refunded at wholesale price, providing they are returnable.
- Textbooks that are wrapped are not refundable if package is opened.
- Textbooks containing software are not refundable if software is opened.
- Refunds on paperbacks and other non-course books are made only on the day they are purchased. A receipt is required.

Gift items and sportswear may be returned within one week from date of purchase. The item must be in “as purchased” condition and accompanied by the cash register receipt and have tags still attached.

No refunds or exchanges are made on sale items, special order merchandise or study aids. The store manager reserves the right to make the decision on the condition or sale ability of merchandise. A store receipt is required on any refund or exchange. A canceled check or store sticker on the product does not constitute a receipt.

### **Book Buy Back**

As a service to students, the bookstore provides Book Buy Back where students can sell their used textbooks year round. The following may affect the purchase or price:

1. If the book has been ordered for the next term by the faculty at Campbellsville University and is needed for the Bookstore’s stock, the bookstore will purchase the book for half of what the student paid, providing the book is in saleable condition.
2. If the book has not been ordered by the faculty, students are offered the wholesale price which varies from book to book. When a book is updated and a new edition published, the old edition, regrettably, in most cases has no cash value.

The Bookstore promotes moral and just behavior. Theft is dealt with as a criminal offense. Personnel make every effort to assist students who have been victims of book theft. A student should write his/her name and an identification number (such as student ID) on a page in the book. The page that has the last two numbers of the year you were born is a good choice. A student selling a book bearing another student’s name will be asked for an explanation and may be asked to sign a waiver. A student guilty of theft will be subject to University disciplinary action, fines and restitution.

The bookstore exists to be a service to students, faculty, staff, and coaches. We welcome your suggestions and comments and will serve you to the best of our ability.

**Jesus said, “A thief comes only to steal and to kill and destroy. I have come so that they may have life and have it in abundance.” John 10:10**

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

- (1) The right to inspect and review the student's education records within 45 days after the day the [Name of postsecondary institution (“School”)] receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- (2) The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- (3) The right to provide written consent before the university discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the [School] in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the [School] who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the [School].

[Optional] Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE TO POSTSECONDARY INSTITUTION: FERPA requires a school to make a reasonable attempt to notify each student of these disclosures unless the school states in its annual notification that it intends to forward records on request.]

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

NOTE: In addition, a school may want to include its directory information public notice, as required by §99.37 of the regulations, with its annual notification of rights under FERPA.

Optional: See the list below of the disclosures that postsecondary institutions may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student –

- To other school officials, including teachers, within the [School] whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§99.31(a)(14))
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

## **VOTER REGISTRATION**

Campbellsville University encourages students to inform themselves on the issues and candidates for public office and to register and vote in all elections. In an effort to reverse the national voter apathy, the National Voter Registration Act makes it possible for every member of the campus community to register to vote right on campus, where they work, or where they study. Voter registration forms are available in the Office of Student Services on the CU campus. Information regarding voter registration and voter registration forms are also available in the office of the Taylor County Clerk, located in the Taylor County Clerk's Office, in the Taylor County Courthouse in Campbellsville, Ky. This information may also be reviewed at <http://www.taylor-county-clerk.com/index.htm>. Students from Kentucky may also secure voter registration and related election information from the office of the County Clerk in their home county, or from the website of the Kentucky State Board of Elections located at <http://elect.ky.gov/registrationinfo/infoguide.htm>. Students from other states, who choose to vote in their home state, may secure information on voter registration and elections by going to the website of the National Association of Secretaries of State at <http://www.nass.org/>.

# **CAMPUS SAFETY REPORT**

## **Introduction**

Campbellsville University is concerned with the safety and well-being of its students, faculty, staff, coaches, and visitors who are on the University's campus. The University maintains a staff of public safety officers who monitor the campus and respond to calls for assistance. These officers are trained in various areas of safety to provide the safest possible living and learning environment for Campbellsville University's students.

The safety officers' authority is established and defined by the administration of Campbellsville University. The policies established by the administration provide for crime prevention and victim assistance. Public safety officers provide basic security and monitor the campus for safety deficiencies. The officers also perform an academic service and support role at Campbellsville University because observance of policies, rules and regulations is part of the overall educational experience. In addition, it is their responsibility to provide reasonable assistance in the enforcement of state and local laws.

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 and the Kentucky Postsecondary Education Campus Security Act of 2000, crime statistics are made available on the University's website at [https://tigernet.campbellsville.edu/ICS/Campus\\_Incident\\_Log.jnz](https://tigernet.campbellsville.edu/ICS/Campus_Incident_Log.jnz). The numbers are subject to change due to on-going investigation results. The Daily Crime Log can be viewed in the Office of Campus Safety and Security in the upstairs of the Student Activity Center.

Campus Safety and Security Office Number: (270) 789-5555

### **Reporting Crimes**

Any member of the administration, faculty, staff, coaches, or student body of Campbellsville University may report a criminal action. The enforcement authority for violations of local and state laws is the primary responsibility of governmental agencies having power of arrest. They can be reached by dialing 911.

Violations of campus policies and/or criminal acts should be directed to the Office of Campus Safety and Security. After officials have been contacted, the Office of Student Services or other appropriate college official should be notified. Campbellsville University safety officers work closely with the local police and in most cases, resolve conflicts or problems quickly. All pertinent emergency numbers are published in the Student Handbook and are prominently displayed in faculty/staff publications.

In case of a medical or weather emergency, call 911 for local rescue and emergency services. Accidents or incidents that require immediate attention by a physician should be reported within 24 hours to either the Office of Student Services or the Office of the Vice President for Finance and Administration.

### **Building Security**

Safety and security officers on campus attempt to provide a safe/secure environment for CU students. Whether it be locking/unlocking campus buildings, patrolling the campus during evening hours, investigating suspicious acts, or monitoring parking lots/issuing parking tickets, etc., the emphasis is to keep students and campus community more safe and secure.

All campus buildings are secured and patrolled by CU safety officers. Unauthorized entering (“entering a campus building or facility without proper authorization”) is considered a violation of campus values, which will result in disciplinary action with minimum sanction of loss of privilege or may be turned over to local police for investigation.

Access to residence halls is limited to residents, authorized personnel and invited guests of residents. Back doors of all residence halls are locked for security reasons from 10 p.m. until 7 a.m. daily.

Residence hall personnel are on duty at the front door of the residence hall to admit late returnees upon presentation of a student ID or guest pass. Doors are not to be propped open for re-entry after hours. Persons caught propping doors will be disciplined.

### **Student Responsibility**

Student cooperation and involvement are vital to a campus safety program. Students should assume responsibility for their safety and personal belongings by taking simple, common sense precautions.

Students should lock their rooms when their rooms are unoccupied, if only for a few minutes. Valuables such as stereos, cameras, televisions and computers should be marked with an engraving tool and serial numbers should be recorded and kept in a secure location. Cars should be parked in well-lit areas and always locked, with valuables in the trunk.

Students who see suspicious looking individuals or unusual incidents in or around the residence halls are encouraged to contact the Office of Safety and Security or the Residence Hall Director.

### **Current Policies Concerning Campus Law Enforcement**

All students are required to abide by the laws of the local, state, national and international governments and are subject to judicial action by the University for violation of any of the laws thereof. Sanctions correspond to the degree of seriousness of the law violated.

In reporting a fire or personal injury, call 911 and give exact directions to the site of the fire or injury. Have someone stand nearby the incident to give emergency officials a complete description of the emergency.

The fire department requires that all fire alarms be turned into the local fire station. When an alarm is called in, fire officials will come on campus, evacuate the building and search for possible fire.

### **Crime Prevention Programs and Security Procedures**

Crime prevention programs are held each semester at orientation and residence hall meetings to instruct students on how to avoid situations that would place them in danger. RAs receive special training to educate and deal with campus security procedures. Personal security issues are brought to the students in a variety of ways during these sessions. Detailed safety/security information is published in the Student Handbook, which is distributed at the beginning of the fall semester to faculty, staff, coaches, and students.

Specific notices are distributed and posted when events and circumstances need to be explained to the campus community.

Education programs to promote the awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses are presented each semester. Self-defense seminars are also offered.

Booklets, brochures, and other handouts regarding safety procedures to protect from sexual crimes are made available through residence halls and the campus nurse's office.

Should a sex offense occur on campus, residence hall staff or campus security should be notified immediately! They will in turn notify the appropriate authorities. The importance of preserving evidence for proof of a criminal offense is stressed to the students.

Information regarding on/off campus counseling, mental health, and other student services for victims of sex offenses is posted and made available through the Office of Student Services.

### **Substance Abuse: Prevention and Intervention**

Campbellsville University complies with the federal regulations regarding the Drug-Free Workplace Requirements and, therefore, prohibits the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance on its campus and with University-sponsored classes, events and activities. Because the use of alcohol, narcotic drugs, and other mind-altering drugs can be detrimental to the health of the individual members of the campus community, such use is in direct violation of the standards of the University. This policy applies to students, faculty, staff, coaches, and administration.

Education and prevention programs on alcohol/drugs are presented each semester to students at residence hall meetings, orientations, and chapel/convocations.
