***Conceptual Framework of Teacher Education***

***THEME: “EMPOWERMENT FOR LEARNING”***

*Content, process and self-efficacy*

**MODEL:**

**MISSION:** Campbellsville University's School of Education, in keeping with the spirit of Campbellsville University, seeks to prepare teachers by providing an academic infrastructure based on scholarship, service, and Christian leadership. The primary aim of the program is to advance scholars who are competent and caring educators committed to life-long learning in a diverse society.

### **I. Catalog Course Description:**

This course supports teachers in their goals to help students become competent readers and writers of informational text in varied formats. Teachers learn a variety of methods and strategies for teaching and learning content through reading and writing. Teachers will learn to help students read informational texts critically and evaluate their value and relevance. The scope of this course aims to prepare teachers to assume the role of peer leaders in content area literacy instruction.

### **II. Required Texts:**

#### **Main Text:**

McKenna, M. C. & Robinson, R. D. (2014). Teaching through Text: Reading and Writing in the Content Areas, 2<sup>nd</sup> Ed. Pearson.

#### **Supplementary, required texts:**

Allen, J. (2004). Tools for Teaching Content Literacy. Stenhouse Publishers.

Tovani, C. (2004). Do I really have to teach reading?

### **III. Objectives:**

#### ***Teachers in this course will learn***

- A. Foundational knowledge (theory and evidence based foundation) of reading and writing processes and instruction;
- B. Instructional approaches, materials and an integrated, comprehensive, balanced curriculum, balanced curriculum to support student learning in reading and writing of informational text;
- C. Use of a variety of assessment tools and practices to plan and evaluate effective reading and writing instruction for informational text.
- D. To develop awareness, understanding, respect and a valuing of differences in our society, apply that to reading and writing in the content area.
- E. How to create a literate environment that fosters reading and writing by integrating foundational knowledge, instructional practices, approaches and methods, curriculum materials and the appropriate use of assessments.
- F. To recognize the importance of, demonstrate and facilitate professional learning and leadership as a career-long effort and responsibility, as applied to reading and writing in the content areas.

### **IV. Topics:** (not necessarily in this order; also not limited to this list)

- A. The Importance of Literacy in Content Areas
- B. Literacy Processes
- C. Getting to Know Your Students, Materials and Teaching
- D. Teaching for Diversity
- E. Pre-Reading Strategies: Building Prior Knowledge
- F. Technical Vocabulary
- G. Purposeful Reading
- H. Reading Guides
- I. Post Reading Strategies: Questioning and Discussion
- J. Reinforcing and Extending Content Knowledge
- K. Study Skills for Independence in Content Literacy
- L. Student Attitudes and Motivation for Content Literacy

### **V. Course Assignments:**

1. Attendance

Students are expected to

- Attend all classes; notify the professor in advance if there is an expected absence; submit any work due on date absent.
- Arrive for class punctually; three tardies=an absence; tardies exceeding 10 minutes=absence
- The class will adhere to the CU/School of education attendance policy.

**2. Participation (50 pts.)**

- Attend class prepared to actively contribute to the class discussion and participate in class activities based on thorough study of the assignments.
- Contribute to and lead class discussions for participation points.

**3. Exams (150 pts.) Objective A-F**

- There will be five exams, one for each section of the main text and including sections of the other two supplementary texts.

**4. Introductory Activity-Week 1 (25 pts) Objective D**

- Creatively share a brief bio, photo and PPT of yourself, including family, interests and hobbies.
- Include an overview of significant memories learning to read and write.

**5. PLAN Concept Map and Reading Notes (25 pts.) Objective B**

- Create a concept map prior to reading chapters 3 or 4.
- Take reading notes during reading chapter 3 & 4 based on the steps of the PLAN Reading Strategy.

**6. Textmasters Activity Group Project (25 pts.) Objective B**

- Meet as textmasters groups during the week three synchronous class session to discuss chapter 5 of the text with each member assuming one of the textmaster roles.
- Plan a project that demonstrates their learning of the major concepts in chapter 5.
- Present projects during week 5 synchronous class session.
- Self-assess participation in the process/group.

**7. Resource Files (50 pts.) Objectives B, D, E**

Electronically, collect the following related to your content area:

- **National and State Standards** for your content area;
- **Class Library:** develop a class library--list titles of resources available to you, including a variety of print, digital and online resources plus periodicals, photographs archives;
- **PERSPECTIVE:** Examine some textbooks and the Internet for your content area and respond to the question: "Who gets to tell the story of a people?"
  - Write a reflection on what you discovered.
  - Discuss how important it is to become sufficiently acquainted with your students' cultural backgrounds.
- **ELLs:** Describe how schools in KY provide for students who are ELLs;

**8. Field Experience Collaboration Project (100 pts.) Objectives A, B, C, D, E, F**

- You will be assigned to a content area teacher and will
  - acquire at least 20 field/clinical hours
  - **CO-TEACH:** with the teacher through planning and teaching (5 hours-20 pts.). Incorporate a minimum of five of the strategies in the Allen text.
  - **TUTOR:** a struggling reader/s in collaboration with a reading specialist or reading interventionist (10 hours; 20 pts.)
  - **UNIT:** collaborate with the content teacher to plan and teach a one week unit that integrates several content area literacy strategies for reading and writing (5 hours; 50 pts.) The unit will integrate national and state standards for content and ELA standards.

- **PLC:** Attend at least one PLC meeting
- Write reflections based on your experiences.
- Submit reflections and a 2015-16 Field Experience Summary Form with appropriate signatures. Enter field hours into KFETS.

**9. PPD Hours/Project (25 pts.) Objective F**

For this class you are to acquire at least six PPD hours.

- **CONTENT AREA PROFESSIONAL ORGANIZATION** : become familiar with the professional organization for your content area (NCSS, NCTE, NCTM, etc.) and [www.reading.org](http://www.reading.org) to explore the website for that organization, possibly attending a conference or webinar of the state level organization for resources.
- **CONDUCT a PPD:** In content groups, present a 10 minute presentation on some of the content literacy strategies that you found most useful and what you learned about your content professional organization.
- **ATTEND TWO LITERACY RELATED PPDs.**

**VI. Grading Policies:**

<b>Total Points:</b>	<b>450Pts.</b>
Participation	50 pts.
Exams	150 pts.
Introduce Yourself Activity	25 pts.
PLAN Concept Map and Reading Notes	25 pts.
Textmasters Group Activity	25 pts.
Resource Files	50 pts.
Field/Collaboration Project	100 pts.
PPD Project	25 pts.

**Grading Scale:**

- 92% - 100% = A 414-450 pts.
- 82% - 91% = B 369-413 pts.
- 72% - 81% = C 324-368 pts.
- 65% - 71% = D 293-323 pts.
- Below 65% = F

### **VIII. Notice:**

**Campbellsville University is committed to reasonable accommodations for students who have documented physical and learning disabilities, as well as medical and emotional conditions. If you have a documented disability or condition of this nature, you may be eligible for disability services. Documentation must be from a licensed professional and current in terms of assessment. Please contact the Coordinator of Disability Services at 270-789-5192 to inquire about services**

### **IX. Academic Integrity:**

Campbellsville University’s policy on Academic Integrity states: “Each person has the privilege and responsibility to develop one’s learning abilities, knowledge base, and practical skills. We value behavior that leads a student to take credit for one’s own academic accomplishments and to give credit to others’ contributions to one’s course work. These values can be violated by academic dishonesty and fraud.” (2015-17 Bulletin Catalog).

Plagiarism and cheating are examples of academic dishonesty and fraud and neither will be tolerated in this course.

Plagiarism is quoting or paraphrasing a phrase, a sentence, sentences, or significant amounts of text from a web or print source, without using quotation marks and without a citation. The plagiarist submits the work for credit in a class as part of the requirements for that class. Examples of cheating include cheating on a test (copying off someone else’s paper) or an assignment (e.g., development of a lesson plan) and submitting the work as your own.

If a student commits plagiarism or cheats in this course, the professor will decide on one of the two penalties: (a) an F on that assignment or (b) an F in the course. The student’s Dean and the Vice-President for Academic Affairs will be notified of either consequence.

### **X. Late Assignments**

All assignments are **due by due dates in the course calendar**. Deductions occur for each day late. Assignments more than seven days late will receive a 0.

### **XI. Communication Methods**

Communication during and outside of class will be primarily face to face and through TigerNet.

When communicating with your professor in **email**, remember to include your name. Please use your CU email and check your university email daily.

All assignments must be posted to the course site on TigerNet.

## KEY ASSESSMENTS for ED 359

### ED 359 Content Literacy

***\*This assignment is designed to increase foundational knowledge (ILA 1.1, ILA 1.3 & ILA 4.1) and introduce students to the PLAN content reading strategy.***

#### **PLAN Concept Map and Reading Notes Assignment: 25 points**

- \* Create a concept map prior to reading chapters 3 or 4.
- \* Take reading notes during reading of the chapter based on the steps of the PLAN reading strategy.
- \* See rubric at the end of the PLAN information.

#### **Resources:**

- Background Information: <http://mattcox30.weebly.com/plan-predict-locate-add-note.html>
- Example: <https://www.alcaweb.org/arch.php/resource/view/133063>

### **Predict/Locate/Add/Note (PLAN)**

The Predict-Locate-Add-Note (PLAN) graphical organizer helps students summarize the content of a reading selection. This instrument incorporates a number of reading and learning strategies into a single note-taking tool.

Using the PLAN organizer students . . .

- **Predict** selection content based on prior knowledge and experiences.
- **Locate** familiar and unfamiliar words and concepts.
- **Add** new information to prior knowledge.
- **Note** how new information can be applied to everyday tasks.

#### **Steps to Predict-Locate-Add-Note (PLAN):**

1. Select a reading passage with a well-defined central concept and distribute copies to students.
2. Have students quickly scan the document and make predictions about its content from titles and key words.
3. Provide students with a graphical organizer (see below) and ask them to create a "map" of their predictions. The top of the map should contain a prediction of the overall content of the document. Each "arm" of the map should contain predictions about specific content items and "evidence" supporting these predictions (key words or phrases from the selection).
4. Have students place an identification mark (an asterisk or question mark) by any unfamiliar or unknown information listed in their predictions. At this point, the "map" should clearly distinguish between known and unknown information.

- Next, have students carefully read the selection and evaluate their predictions. Students should "adjust" their "map" to better reflect their close reading of the document. Special care should be taken to add new information learned while reading.
- Finally, challenge the students to describe specific applications for this newly gathered information in "real world" tasks.
