The students were prepared for working with our students and families. They were willing to do what was asked and exceeded what was asked. One suggestion is that the students come in with appropriate dress for representing CU and the place they are volunteering for( not wearing tanktops/short shorts). Many students did not have thier field hour sheets with them to be signed for volunteering and observing. I feel that overall the students were very professional and eager to interact with the families. I look forward to partnering in the future.
