Teachers,

It is time to schedule our bi-annual meeting for the council. We would like to invite you to a dinner meeting on Wednesday, May 2nd at 5:00. We will meet in the Chowning Executive Dining Room and bless the food before going through the serving line. We will meet and eat so that we can finish within an hour. The agenda will contain two major items. The first is to look at our new unit documents and rubric and the second is to complete Lawshes on our CAP 2 video rubric.

Please respond to this email so we can get an accurate count for the meal. Thank you and we appreciate your help and support of our students and program.

Lisa Wiseman, Kindergarten, Campbellsville Elementary School
Hailey Ogle, Kindergarten, Taylor County Elementary School
Karen McAnelly, English, Taylor County High School
Robbilyn Speer, 8th grade Social Studies, Campbellsville Middle School
Cheryl Dicken, Science & Mathematics Teacher, Campbellsville High School
Charles Hamilton, Campbellsville University School of Education Student Teacher Coordinator
Elisha Lawrence, Campbellsville University School of Education Field Experience Coordinator
Susan Blevins, Campbellsville University School of Education Assistant Professor

Wednesday, May 2, 2018's meeting opened up with a blessing of the meal. We first discussed the CAP 2 Video as part of the admission process with participants. We looked at the rubrics used in assessment by evaluators (Faculty, P12, Student). We asked P12 members to complete a Lawshe's on the elements in the rubric. Ms. Lawrence will compile and calculate results of the Lawshe's for our next meeting.

Ms. Blevins then described the new portfolio plan and the rubric design. We asked for comments from partners. All felt this process was a better plan than previous process. Some asked clarifying questions. The attendees asked if this would change the observation instruments and process. They also asked when the change from the teach focus of InTASC to the Danielson Framework focus on more student-centered contributions to pre-service teachers' observations.

Mrs. Lawrence described the Q-sort process which was completed in a previous faculty meeting. Members of the faculty desegregated the INTASC standards and determined the standard indicators they felt were observable and not observable. This sort laid the foundation for our future portfolio and observation instruments, P-12 partners will co-construct with EPP representatives in the next meeting.

This is the edited video link to our last meeting, taking out the down time. I am also including the syllabus for ED450 Student Teaching and the typical seminar meeting schedule. We had several good suggestions for seminar topics such as open-enrollment, retirement planning, how to use IC and managing social media. As you review the syllabus, please let me know what other areas we might need to add or if anything looks obsolete. We appreciate your feedback on the Lawshe's for the lesson plan rubric and the unit plan rubric. We will send information on results shortly.

I hope your school year is off to a great start and that you are enjoying your fall break. We have planned our first Advisory Council meeting. We would like to have an introductory meeting on Thursday, October 26th at 6:00 p.m. online. Dr. Chuck Hamilton will be sending you a link with instructions how to login and the equipment needed to be able to participate in that meeting. This meeting is set so that you become comfortable with the online environment and provide you with an assignment to complete before our first official meeting. The first official meeting will be on Thursday, November 2nd at 6:00 p.m. and the goal will be to analyze and discuss the assignment you will be given on October 26th.

We look forward to working with you and hope this partnership will be mutually beneficial to all involved.
