2	Student discipline.	5/16/2018 1:32 PM

1	A student teacher should NOT student teach in both placements at a private school. He/she needs experience in a public school for one of the placements.	5/16/2018 1:32 PM
2	I feel like 5 weeks for any placement is too short of a time to be very beneficial. Also, since the student teacher had no interest whatsoever in teaching at any level besides elementary school, it didn't feel like a great use of anyone's time to have her placed in a middle school. This is the first time I have had this experience with a student teacher, but maybe it's possible to let their student teaching experience align with their interests for future teaching.	5/16/2018 1:04 PM
3	The school of Ed. is always very wonderful to work with.	5/16/2018 12:33 PM
