“The Continuing Impact of Title IX on Higher Education”

Since being signed into law in the summer of 1972, Title IX of the Higher Education Reform Act has had transformative impact on gender inclusivity on college campuses. This program will examine the scope of that impact, and will ask the question, “Is there still more left to be done?”

KHIPP Event

April 2nd, 2022 9:00 am – 2:30 pm

“Symposium on Christian Nationalism”

One of the drivers and side-effects of the growing polarization of the American ideological spectrum has been increased discussion on Christian Nationalism. To the Right, it represents an effort to restore American democracy to its foundational roots. To the Left, it poses a threat to a range of progressive social reforms. This symposium will feature several invited guests to explore the history and future of Christian Nationalism in the United States.
